Millennium Engineering Group, Inc.
Attn: Mr. Raul Palma
P O Box 4569
Edinburg, TX 78540

Dear Mr. Palma,

On February 24, 2015, South Texas College awarded a contract to your company for Geotechnical and Material Testing-Engineering Services. The award allowed for two one-year renewal options on the contract if the terms and conditions remain the same. We are currently in the last few months of the first year of the contract and would like to renew for one additional one-year period. The first renewal period will be from February 24, 2016 through February 23, 2017.

We are requesting that you respond to us in writing if you accept this offer to renew. For your convenience, we are providing a place for your signature approval at the bottom of the letter. If in acceptance of this extension, you may sign where indicated. The letter can be faxed back to South Texas College at (956) 872-4688 or emailed to Becky Cavazos at beckyc@southtexascollege.edu.

Sincerely,

Becky Cavazos

Rebecca R. Cavazos
Director of Purchasing

Renewal of contract accepted through February 23, 2017 with no change in the terms and conditions as per the South Texas College proposal previously submitted.

TYPE OF BUSINESS: **Higher education**

 # OF EMPLOYEES: **500+**

The Texas Manufacturing Assistance Center (TMAC) is pleased to submit the following proposal to deliver "Lean Leadership Train the Trainer". The proposal objective, scope, key tasks, as well as the estimated TMAC hours for the preparation, execution, and follow-up of events are outlined below.

BACKGROUND

TMAC is an affiliate of the Manufacturing Extension Partnership (MEP) program of National Institute of Standard and Technology. See Attachment A on page 6 for TMAC Statewide Network and accomplishments achieved by South Texas Region.

TMAC has a successful history of assisting organizations in the application of Lean Enterprise techniques through onsite facilitation. Our approach is to have employee involvement in order to transfer lean knowledge so that improvements can be continued and sustained without our assistance.

Lean principles provide a systematic approach to identifying and eliminating waste (non-value added activities) through continuous improvement by flowing product/service, at the pull of the customer/user, in pursuit of perfection. The overriding Lean philosophy is one of continuous improvement. When holistically embraced, Lean is a success because of empowered employees, who believe in the philosophy, and management commitment to spreading Lean to every level of an organization. These principles are not new, but implementing using total employee involvement via kaizen events is new. This dedication to change is revolutionizing industry.

Understanding that Lean Enterprise is a system-wide effort, STC has requested TMAC to deliver a training on Lean Principles and Train the Trainer Value Stream Mapping.

SCOPE OF WORK

The goal of a Lean Enterprise deployment strategy is to establish a culture that will support sustained benefits of Lean Principles throughout all aspects of South Texas College operations. Each project is customized based on the current state of the organization's operations and culture. Based on TMAC's experience in assisting organizations with the implementation of their Lean Enterprise deployment strategies and based on our conversation with the STC Leadership committee, the following is proposed.

Day 1: Principles of Lean Training – Train the Trainer (8 hrs.)

The STC Lean Leadership team will be trained through a mixture of lecture and hands-on Lego simulation on Lean principles and terminology. The training will include conceptual and practical examples of Wastes of Lean, Kaizen Events, Gemba Walks and Takt Time calculation. The team will also learn about standardized work, workplace organization, visual controls, set-up reduction, batch size reduction, point of use storage, quality at the source, workforce practices, and pull systems.

Day 2: Lean Leadership Tools and Coaching – Train the Trainer (8 hrs.)

The STC Lean Leadership team will be trained on how to implement a Lean Project through the use of the following tools: A3 PDCA Form, Cause and Effect Diagram, Paretto Charts, Control Charts and variation analysis, Single Minute Exchange of Die (or Data) for Administrative processes, 5S workplace organization, Negotiation Techniques, SIPOC (i.e. supplier, input, process, output, customer) diagram, Critical Path Method, Time Observation sheets, Kanban Analysis (i.e. backlog analysis) for administrative processes.

Day 3-5: Value Stream Mapping - Train the Trainer (24 hrs.)

The STC Lean Leadership team will be trained on the development of Value Stream Maps challenges and data gathering processes. The team will be trained working on a pre-selected real case scenario. The team will learn how to structure a current value stream map, use terminology and icons, measure process efficiency, information flow analysis. Also, the team will learn how to analyze the map holistically, brainstorm on ideas for improvement, and create a future state map and an action plan. Pre-work and data gathering is required prior to the start of this project item (e.g. cycle times, inventory levels, demand and capacity measurements).

BUSINESS ASSUMPTIONS

TMAC expects STC's leadership team and team members to support:

- The initial training session.
- A dedicated cross functional group of up to 20 employees to participate in the training.
- Development of the VSM.
- Participation in training and brainstorming meetings.
- No interruptions during training hours.

CLIENT RESPONSIBILITIES

- STC will have all participants ready for the training and implementation.
- Meetings interruption must be kept to a minimum. Emergencies only.
- The training facilities will be available and ready to use.

DELIVERABLES

Project deliverables include Lean training TTT (8 hours), Lean Leadership training TTT (8 hours) and Value Stream Mapping training TTT (24 hours).

TRAINING INVESTMENT

Lean Leadership (5 days)

Prices are per day, for a group of up to 20 participants:

Principles of Lean Training (TTT) (8 hrs):	$1,650.00
Lean Leadership Training (TTT) (8 hrs):	$1,650.00
Value Stream Mapping Training (TTT) (24 hrs):	$7,650.00
*TTT: Train the Trainer	
Group Discount	1,500.00

Total Investment: US$9,450.00

TERMS OF PAYMENT:
- All prices are in US dollars.
- Payment is due at the first week of the training, upon invoice received.
- Payment may be made by Purchase Order, Credit Card, Money Order or Check* (*US Dlls)

This proposal is valid for 60 days after the date of issuance

The total cost for the 5-day training is US$9,450.00. If the scope of work or the required effort changes during the course of the project, additional funding may be required, with STC agreement.

This type of workshop requires 2 experienced specialists and the help of engineering interns as needed. And our fee includes handouts and exercise materials.

This proposal is valid for 30 days after the date of issuance.

LENGTH OF CONTRACT

Start date: TBD
End date: TBD

TERMS OF PAYMENT

- All prices are in US dollars.
- Down payment of 50% is required to reserve a date (at least two weeks prior to beginning of first session).
- The remaining balance payment (50%) is due at the end of last scheduled session.
- Payment may be made by Credit Card, Money Order or Check (only from US Banks)

TERMS AND CONDITIONS

1. TMAC will perform this quotation in accordance with client written instructions and or specifications.
2. If no written instructions or specifications were available, TMAC will follow standard industry practices.
3. Any deviation or alternation from services quoted involving extra costs will only be executed upon receipt of written orders executed by client authorized representative and will become an extra charge over and above the quoted price.
4. All payments are due and payable per terms of this proposal. Invoices will be submitted per terms of payment and are due and payable within 15 days.
5. All prices are based on current costs and can only be revised by written agreement of both parties. TMAC reserves the right to revise prices in case of major cost increases.
6. Client shall be held accountable for payment of expenses incurred due to contract cancellations. A 20% fee before commencement of project and if project is in progress, an assessment of expenditures will be conducted along with the 20% cancellation fee.

ACCEPTANCE OF PROPOSAL:

The undersigned parties bind themselves to accept the terms and conditions specified above.

Attachment A

TMAC
at The University of Texas-Pan American

TMAC South Texas Region at The University of Texas-Pan American is a local resource to address the challenges of today's hyper-competitive business environment. We specialize in onsite ***project implementation, coaching*** and **training** that ***generates savings*** and ***Return on Investment***.

TMAC Statewide Network

- Gulf Coast - University of Houston
- Metroplex - University of Texas-Arlington
- Paso del Norte - University of Texas-El Paso
- South Central - Southwest Research Institute
- Statewide - Texas Engineering Extension Service
- West Texas - Texas Tech University
- South Texas - University of Texas-Pan American

Proof Is in the Numbers – South Texas

TMAC customers reported 2010 impacts:

- **$53.5 million** in sales increase
- **$20 million** in cost savings and cost avoidance on materials, labor, inventory and equipment
- ***More than 1,800 South Texas jobs created or retained***

TMAC is perfect for businesses that want to:

Grow; Increase Profits; Be Environmentally Responsive; Improve Management Systems; Implement Appropriate Technologies; and Develop a Skilled Workforce

Professional Development

High quality professional development that is most effective in improving employees' practices is results-oriented, data driven, constructivist in nature and job embedded.

Internship Program, STEP Camps, Lean Sigma Academy

The ***internship program*** at TMAC introduces UTPA students from the College of Engineering and Computer Science to hands on training and provides them with the opportunity to put into practice the tools learned in class.

STEP Camps are geared towards Middle and High School students. Main objective is to expose youth participants to hands-on experiences that encourages an interest in the areas of Science, Technology, Engineering, and Math/Manufacturing.

The **Lean Sigma Academy** is a program that has students from the UTPA College of Engineering and Computer Science learn about Lean Manufacturing and Six Sigma concepts. Students acquire skills and techniques to identify and eliminate waste, standard quality systems and variation reduction through hands-on classes and projects with local businesses.

UTPA
THE UNIVERSITY OF TEXAS-PAN AMERICAN™

TMAC is an affiliate of the Manufacturing Extension Partnership (MEP) program of National Institute of Standards and Technology (NIST). The program is hosted by UTPA in the South Texas Region.
