B	**Co-signer Requirements:** A cosigner is not required unless the applicant is below the age of majority in his/her state or not a U.S. citizen or permanent resident. A cosigner may improve an applicant's chance for approval and help lower the rate.
C	**How credit scoring is used in determining who can borrow:** Our underwriting model leverages our decades of experience in the student loan industry. It allows us to perform a comprehensive review of your student's (and cosigner's, as applicable) credit history to determine the ability and willingness to successfully repay the loan. It also allows for numerous variables to be evaluated for the basis of the credit decision. For example, the ability to pay may be measured by debt levels and available income. The willingness to pay may be measured by demonstrated payment history on other department obligations.
D	**Pre-Approval Process:** SallieMae does not have a process that pre-approves applicants outside of our application process. A credit approval is considered a "contingent approval" as Smart Option Student Loans require the school's certification prior to loan funds being released for disbursement.
E	**Front-end Fees, if any, charged to customer:** There are no applications, guarantee, origination, disbursement, or repayment fees associated with the SallieMae Smart Option Student Loan. Other fees, such as late fees, that may be assessed are disclosed to the consumer in the Loan Disclosures
