Presentations

Presentation on the South Texas College December 2014 Commencement

Mr. Matthew Hebbard, Dean of Enrollment Services and Registrar, will present on the December 2014 Commencement Ceremony. At the Board meeting, Mr. Hebbard will provide a review of the Commencement Ceremony, which will have taken place two days prior, on Sunday, December 14, 2014.

This commencement ceremony is necessary due to the increasing number of South Texas College graduates each year. This December Commencement will allow the College to recognize students who complete their programs in a fall semester and will provide their families an opportunity to celebrate their successes without waiting for the Spring ceremony.

Mr. Hebbard will provide a post-ceremony review of the number of participating graduates, and the planning and activities that went into this excellent new tradition for South Texas College's students "in the making!"

Presentation on the South Texas College Mariachi Ensemble and Drum Line Ensemble

Mr. Bill Buhidar, Department Chair of Visual Arts and Music, will present on South Texas College's two newest musical ensembles:

- South Texas College Mariachi
- South Texas College Drum Line

The South Texas College Music Department supports a variety of music ensembles in addition to the individual music lessons music majors receive as a part of their training. The department, which has articulation agreements with UTPA and UTB, awards Associate degrees that complete the first two years of foundational music studies needed for completion of a Bachelor's degree in music education or music performance at a major university.

As of this Fall 2014 South Texas College has over 300 Music Majors officially listed as students. The exponential growth these last three years has come about through serious recruiting efforts with area high schools and the growing reputation of quality music instruction and preparation found in the South Texas College Music Department.

The department ensembles include:

- STC Jazz Ensemble,
- STC Choir,
- STC Guitar Ensemble,

- STC Percussion Ensemble,
- STC Brass Ensemble, and
- STC String Ensemble.

Added to the Music Program ranks are the recent additions of the South Texas College Mariachi and the South Texas College Drum Line. Both new ensembles were featured at a showcase performance on Tuesday, December 2nd, 2014 at the Cooper Center for Performing Arts.

Presentations

Presentation on December 2014 Commencement Ceremony

Mr. Matthew Hebbard, Dean of Enrollment Services and Registrar, presented on the December 2014 Commencement Ceremony and answered questions from the Board. This ceremony will be held on Sunday, December 14, 2014 at the McAllen Convention Center, 700 Convention Center Blvd., McAllen at 3:00 p.m.

This commencement ceremony was necessary due to the increasing number of South Texas College graduates each year. This December Commencement will allow the College to recognize students who complete their programs in a fall semester and will provide their families an opportunity to celebrate their successes without waiting for the Spring ceremony.

Presentation on Launch of "In the Making" Campaign

South Texas College launched its "*In the Making*' marketing campaign, as designed by Richards/Carlberg of Houston.

Mr. Daniel Ramirez, Director of Public Relations and Marketing, provided a presentation on this exciting new campaign, designed to better inform potential students and their families about the opportunities available through South Texas College. Mr. Ramirez shared the new logo, described the campaign and the thought process that went into its development, and then shared images of billboards, radio ads, television ads, movie theater ads, and online/digital ads that were part of the campaign.

These presentations were for the Board's information and feedback to staff, and no action was taken.

Approval of Minutes

The following Minutes were submitted for Board approval:

- 1. Amendment to September 23, 2014 Regular Board Meeting Minutes
- 2. October 28, 2014 Special Board Meeting
- 3. October 28, 2014 Regular Board Meeting

The September 23, 2014 Regular Board Meeting Minutes were approved at the October 28, 2014 Regular Board Meeting. Staff requested that they be amended to specifically include the contract award term for the Bookstore vendor. The amendment added a statement specifying the award term, and was highlighted in the packet for the Board's review and consideration.

Upon a motion by Ms. Rose Benavidez and a second by Mrs. Graciela Farias, the Board of Trustees of South Texas College approved and adopts the Minutes for Board Meetings as written. The motion carried.

Approval and Authorization to Accept Grant Award(s)

Authorization to accept and approve the following grant awards and use of related funds as authorized by each grant was requested:

1. Additional Funding of \$31,120 for the "Child Development Associate Credential" Grant from Workforce Solutions

Authorization is requested to accept \$31,120 in additional funding to increase the original grant, originally funded for \$35,9404. The total "Child Development Associate Credential" Grant from Workforce Solutions would be \$67,024 for the beginning December 1, 2014, through December 31, 2015.

As part of this grant program, STC will provide Child Development Associate (CDA) Credentialing courses during Spring 2015 and Fall 2015 to serve an additional 18 students. The original grant funding was for 12 students, the additional funds will serve a total of 40 students.

Grant funds of \$67,024 would be used for CDA courses, preparation of reports, and other activities related to this grant.

This grant meets South Texas College's Strategic Direction One for Clear Pathways. "South Texas College provides students with clear pathways.....leading to relevant employment..." The students who complete the CDA Credentialing will be prepared for employment as child care center directors with a Head Start Program or in any licensed child care program.

2. The Texas Workforce Commission's "Nursing Mentorship Program" Grant in the Amount of \$146,487

Authorization is requested to accept the "Nursing Mentorship Program" Grant from Texas Workforce Commission beginning November 2014, through May 31, 2016, in the amount of \$146,487.

Funds would be used to identify and train preceptors from local acute care hospitals to provide guidance for the students of South Texas College's Associate Degree Nursing (ADN) Program in medically underserved areas (MUA) or medically underserved populations.

This grant gives South Texas College an opportunity to work with local healthcare providers to work with experienced nurses, who will serve as Preceptors to South Texas College's Nursing students to enhance their learning experience. This grant will serve to encourage underserved and low-income students to persist in their nursing studies.

This grant meets South Texas College's strategic goal for promoting additional educational opportunities.

3. Reallocated Funds of \$91,484 for the Carl Perkins Basic Grant from the Texas Higher Education Coordinating Board

Authorization is requested to accept reallocated funds for the *Carl Perkins Basic Grant* award in the amount of \$91,484 for the period of September 1, 2014 to August 31, 2015 from the Texas Higher Education Coordinating Board. Authorization is requested to approve instructional resources and software, professional development, program promotion and other expenditures as approved by the entire awarded grant amount, totaling \$1,443,838.

Carl Perkins funds are awarded to community and technical colleges to improve graduation, retention, access, quality, and expansion of Career and Technical Education programs. This grant heavily supports STC's Strategic Directions One and Two: Clear Pathway, as well as Access and Success. Twenty-eight (28) Career and Technical Education instructional programs have been selected from the Divisions of Nursing and Allied Health; Business and Technology; and Liberal Arts & Social Sciences for improvement with these funds. In addition, in support of Career and Technical Education programs and students, funds will also be provided to the Academic Affairs, Student Affairs & Enrollment Management and Continuing and Professional Workforce Education areas.

The approved grants will provide up to \$269,091 in additional funding for the College to provide services and opportunities throughout the region.

Upon a motion by Mrs. Graciela Farias and a second by Mr. Gary Gurwitz, the Board of Trustees approved and authorized acceptance of the grant awards as presented and use of related funds as authorized by each grant, contingent upon official award as appropriate. The motion carried.

Review and Action as Necessary on the Approval of New Proposed Advanced Technical Certificate in Diagnostic Medical Sonography

The Board was asked to approve the proposed new Advanced Technical Certificate in Diagnostic Medical Sonography program.

Advanced Technical Certificates

Advanced Technical Certificates are workforce education programs designed to provide advanced training to a student who already holds an associate or baccalaureate degree. It must be focused and clearly related to the prerequisite degree, and must meet industry or other external agency requirements.

South Texas College developed its first proposed Advanced Technical Certificate Program, and administration requested the recommendation of the Education and Workforce Development Committee for Board approval to implement the program as described below.

Advanced Technical Certificate in Diagnostic Medical Sonography

This advanced technical certificate was designed to offer further specialization to students who already hold an Associate Degree in Radiologic Technology and were pursuing further career advancement in that allied health field.

This program was an extension of the current Radiologic Technology Program offered by South Texas College, and as such required students to hold an Associate of Applied Science Degree in Radiologic Technology and current certification through the American Registry of Radiologic Technologist.

Students would learn the fundamentals of ultrasound physics and instrumentation and would receive clinical and practicum training to apply learned concepts in various medical facilities. Upon completion, students would receive an Advanced Technical Certificate in Diagnostic Medical Sonography.

The Board packet included:

- The Program Summaries;
- Expected Enrollment;
- Occupational Needs in the region, state, and nation;
- Estimated Wages;
- Proposed Degree Plan;
- Course Descriptions; and
- Overview of Advanced Technical Certificates.

The program start-up costs were offset by the generous donations of two sonogram units, one from Doctors' Hospital at Renaissance, Radiology Department, and the other from Sammy and Gracie Chong, owners of Valley Angels Home Health in Brownsville, Texas.

Perkins Grant funding was also available to provide \$123,000 in additional costs. The Operating Costs and Revenue Projects summary was provided within the packet.

The Education and Workforce Development Committee recommended Board approval of the proposed new Advanced Technical Certificate in Diagnostic Medical Sonography program as presented.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Paul R. Rodriguez, the Board of Trustees of South Texas College approved and authorized the proposed new Advanced Technical Certificate in Diagnostic Medical Sonography program as presented. The motion carried.

Review of Education and Workforce Development Committee Items

The following items were presented to and discussed with the Education and Workforce Development Committee. No action was requested of the Committee or the Board:

1) November 13, 2014 Meeting

a) Review and Action as Necessary on Approval to Develop an Associate of Applied Science Degree in Welding Technology Program

The Education and Workforce Development Committee approved the development of an Associate of Applied Science Degree in Welding Technology Program.

Students would learn welding skills, including basic metallurgy and inspection procedures, appropriate for a career in manufacturing, ship building, oil refinement and processing, nuclear and wind energy, aerospace, and motorsports industries.

Students would be encouraged to consider continuing through the Certificate programs currently offered, to obtain an associate degree. The degree program would also be available to working professional welders, who may be interested in rounding out their education or transitioning into other opportunities, such as management or teaching.

With the Committee's approval, staff will now develop the Associate of Applied Science Degree in Welding Technology Program. Once developed, the program will be brought back to the Education and Workforce Development Committee for recommendation to the Board, and then to the Board for approval to implement the proposed new Associate of Applied Science Degree in Welding Technology Program at South Texas College.

b) Report on the Mission Economic Development Authority Scholarship Fund

Mr. Miguel Carranza, Dean for Student Financial Services, Testing, and Veterans' Affairs, provided a report on the Mission Economic Development Authority (MEDA) Scholarship Fund, which provides scholarships to students living in the City of Mission.

Background on the MEDA Scholarship Fund

On August 29, 2014, the South Texas College Board of Trustees approved and authorized the acceptance of the Mission Economic Development Authority (MEDA) Scholarship Fund Endowment Agreement, which established a trust in excess of \$3 million, with Edwards Jones Trust Company as the sole Trustee and with South Texas College as the sole beneficiary, with funds to be used to establish and offer scholarships as described.

Scholarships Award History

Mr. Carranza provided the award history through Fall 2014, and included a review of the demographics of recipients.

Awards were distributed on a semester-by-semester basis to qualified students, based upon their course load for a particular semester:

- \$400 for 6 credit hours
- \$600 for 9 credit hours
- \$800 for 12 credit hours

In the 2013-2014 academic year, 47 students from Mission received support from this fund, in the total award amount of \$64,800:

- 22 of those students have graduated;
- 15 have continued receiving MEDA Scholarship funding in Fall 2014;
- 4 have continued attending South Texas College, but were taking fewer than six credit hours;
- 1 has transferred to UTPA; and
- The remaining 5 students did not continue in Fall 2014.

In Fall 2014, \$59,000 had been awarded to 86 students, marking dramatic increase over the Fall 2013 disbursement by \$33,800.

Mr. Carranza introduced Ms. Kayla Castillo, a work study in his department who is also a City of Mission resident and a recipient of the MEDA Scholarship. Ms. Castillo shared that the assistance provided by this scholarship has been very important in enabling her to attend South Texas College, and expressed her gratitude for the opportunity it provides her.

2) October 14, 2014 Meeting

a. Presentation on the Study Abroad Programs at South Texas College

Dr. Anahid Petrosian, Vice President for Academic Affairs, introduce Dr. Ali Esmaeili, Dean for Math, Science, Bachelor Programs, and University Relations. Dr. Esmaeili introduced Ms. Delia Magdaleno, Chair of the World Languages Department, Coordinator for the Study Abroad Program for the University Relations department.

Ms. Magdaleno provided the Committee with a review of the Summer 2014 Study Abroad Program, which included a student trip to Seville, Spain.

This presentation included a review over:

- the Summer 2014 Study Abroad Program,
- Study Abroad Program Curriculum

- an overview of the student experiences provided in these programs, and
- a look ahead at the plans for Summer 2015.

Study Abroad Program provide excellent opportunities for students to earn college credit while experiencing international locales that highlight the artistic, literary and historical significance of related cultures.

The 2014 STC Study Abroad Program in Seville, Spain was available for a package cost of \$4,100 per student. The fifteen day program included excursions to Seville, Granada, Córdoba, and Madrid. The package included airfare, lodging, meals, medical insurance, tuition and fees for one course (students could elect to take one additional course), and excursions. Students were individually responsible for their full costs, and payment plans were offered to help students meet this responsibility.

Curriculum for the courses taught as part of the Study Abroad Program was tied to the same course objectives as those taught traditionally. Students were held to the same rigor, and between two weeks abroad and two further weeks at the College upon their return, they were required to fully complete course requirements before credits were awarded.

b. Review and Presentation on the US Department of Education Grant "STC In FOCUS – Focus on Creating Ultimate Student Success"

Dr. Anahid Petrosian, Vice President for Academic Affairs, introduced Ms. Lee Grimes, Associate Dean of Professional and Organizational Development to present on the "STC In Focus – Focus on Creating Ultimate Student Success" Grant from the US Department of Education.

This grant was issued under the "Hispanic Serving Institutions" Title V Grant program, and would help South Texas College further develop and implement programs to provide greater access and student success in this region. The grant would be disbursed over five years, and would total approximately \$2.5 million over that period.

The grant would fund the development of Active Learning Classrooms, including the FOCUS Academy preparation to help faculty best use this innovative strategy to increase student participation and success. It would also provide for furniture and technology to enhance the Active Learning Classroom experience for students.

The grant would also fund strategic improvements to the faculty advising program, including the hiring of a Faculty Advising Coordinator and the development and implementation of a new Faculty Advising Program.

The third aspect of the grant was the development of new technology infrastructure to help broadcast face-to-face classes online and campus-to-campus. This will help students at the Starr County Campuses access the Nursing & Allied Health programs without the need for a regular commute.

Ms. Grimes provided detail on each of the programs supported by this FOCUS Grant, and responded to questions and comments on this exciting opportunity to provide innovative opportunities for the College's students.

These items were included for the Board's information and feedback to staff, and no action was requested.

Minutes – November 20, 2014 Regular Board Meeting *Revised* 12/10/2014 3:23:03 PM Page 13 SUMMARY TOTAL: The total for all proposal awards, purchases, and renewals is \$749,863.09

Upon a motion by Mr. Paul R. Rodriguez and a second by Mrs. Graciela Farias, the Board of Trustees of South Texas College approved and authorized the proposal awards, purchases, and renewals as presented. The motion carried.

Discussion and Action as Necessary on Hidalgo County Tax Resale Property and Resolution Authorizing Tax Resale

Approval of the Hidalgo County Tax Resale Property Bids and Resolution Authorizing Tax Resale was requested.

The law offices of Linebarger Goggan Blair & Sampson, LLP have requested consideration and possible action on the tax resale of fifty-one (51) properties.

On September 2, 2014 Linebarger Goggan Blair & Sampson, LLP held a Tax Resale Auction at the Hidalgo County Clerk Records Management Facility for struck off properties located within Hidalgo County. The tax resale auction was published in The Monitor and several other newspapers throughout Hidalgo County.

The total amount the College would receive was \$15,106.98.

Linebarger Goggan Blair & Sampson, LLP submitted the analysis of the bids received for the Board of Trustees' consideration.

The Resolution Authorizing the Tax Resale was provided in the packet for the Board's review. A listing of the bids, the legal description for each property, as well as the amount of the bid, the STC amount, and the Analysis of Bids Received was included under separate cover for the Trustees' information and review.

The Finance and Human Resources Committee asked Ms. Kelly Salazar from Linebarger Goggan Blair & Sampson, LLP whether the other taxing entities had taken action to approve or deny these tax resale items, stating that the College often defers to those entities with a greater interest. Ms. Salazar confirmed that there were several pending, but that the firm did not anticipate any issues with the properties as presented.

Mr. Gus Martinez from Linebarger Goggan Blair & Sampson, LLP attended the meeting and provided additional information. He confirmed that all other taxing entities had approved the resale items, except for the County itself, which was scheduled to take action at a meeting within the next two weeks.

Mr. Rodriguez asked for clarification on the rules regarding the redemption period for property

forfeiture. Mr. Martinez informed the Board that in the case of homesteads, the redemption period is two years from the initial auction, and there is a shorter period for non-homesteads.

Mr. Martinez did specify that the current action was for a tax re-sale, which he defined as a subsequent attempt to auction a property, at which bids below the outstanding tax balance could be accepted. Because this was a resale, the redemption period was established differently. Mr. Martinez also stated that there were no homesteads in this listing, and he indicated that homesteads are very rarely taken to auction.

The Finance and Human Resources Committee recommended Board approval of the Hidalgo County Tax Resale Property Bids and Resolution Authorizing the Tax Resale to Linebarger Goggan Blair & Sampson, LLP as presented.

Upon a motion by Mr. Paul R. Rodriguez and a second by Ms. Rose Benavidez, the Board of Trustees of South Texas College approved and authorized the Hidalgo County Tax Resale Property Bids and Resolution Authorizing the Tax Resale to Linebarger Goggan Blair & Sampson, LLP as presented.

Review and Action as Necessary to Revise Policy #6312: College Employed and Commissioned Peace Officers

Approval to revise Policy #6312: College Employed and Commissioned Peace Officers was requested.

The revisions to the policy were necessary for the following reasons:

- To identify the procedures that South Texas College police officers must adhere to, in addition to the rules and standards of conduct applicable to all college employees.
 - These procedures are developed and updated in accordance with Texas law and guidance provided by the Texas Commission on Law Enforcement (TCOLE).
 - South Texas College peace officers are informed of revisions to procedures, provided a briefing on changes, and are required to sign acknowledgement of receipt of each update.
- To describe the requirements for carrying firearms off duty and off duty employment.
 - Federal law allows commissioned peace officers to carry firearms and ammunition while off-duty.
 - Off-duty officers have no *jurisdictional authority* but are Texas peace officers while off-duty and may respond to significant incidences.
 - The College maintains the right to authorize outside employment of individuals commissioned as Texas peace officers to ensure that outside employment does not negatively impact the College.

The revised policy was included in the packet for the Board's information and review. The additions to the policy were highlighted in yellow and the deletions were designated with a strikeout.

The revised policy was reviewed by staff, the President's Cabinet, and by South Texas College's legal counsel.

The rules in standards that were referenced in the revised policy were temporarily included online through the Board's website, so that Trustees may fully review them. They would be maintained at that website, publicly available, for at least 60 days. However, in consideration of the difficulty in maintaining updated versions in perpetuity at various locations, they would not be permanently archived on the Board's website.

The Finance and Human Resources Committee recommended Board approval of the proposed revisions to Policy #6312: College Employed and Commissioned Peace Officers as presented and which supersedes any previously adopted Board policy.

The Board noted that the proposed Policy referred variable to Chief of Police, Chief Administrator, and Director of Security. Legal Counsel advised that the policy should be amended to use a consistent term.

Upon a motion by Mr. Paul R. Rodriguez and a second by Mr. Gary Gurwitz, the Board of Trustees of South Texas College approved and authorized the proposed revisions to Policy #6312: College Employed and Commissioned Peace Officers contingent upon the consistent use of the term "Director of Security" as appropriate throughout the policy, and which superseded any previously adopted Board policy. The motion carried.

Review and Action as Necessary to Revise Policy #5210: *Purchasing* and Renaming Policy #5120: *Purchase of Goods and Services*

The Finance and Human Resources Committee recommended that the Board review the procurement levels for the purchase of goods or services and consider the proposed revisions described at the Committee meeting. To enact the proposed changes, the Board was asked to approve the necessary revisions to Policy #5210: *Purchasing* and renaming Policy #5120: *Purchase of Goods and Services*.

Committee members asked for a presentation by administration, that the full Board could review and discuss the item.

Administration proposed that the Board consider increasing the procurement thresholds for each level. The proposed thresholds would remain within the limit of the Texas Education

Code for Purchasing; Contracts. Internal controls of reviews, approvals, and monitoring of all expenses would continue as established.

Section 44.031 of the Education Code, Purchasing; Contracts, generally states the following:

contracts for the purchase of goods and services, except contracts for the purchase of produce or vehicle fuel, valued at **\$50,000** or more in the aggregate for each 12-month period shall be made by a specific type of method, such as **competitive bidding** for services other than construction services, **competitive sealed proposals** for services other than construction services, **request for proposals** for services other than construction, an interlocal contract, etc.

The College currently distinguishes the purchasing of goods and services among three different levels as follows:

| Level | Requirement | Amount |
|-----------|---|------------------------------------|
| Level I | One Written Quote | \$0-\$4,999 |
| Level II | Three Written Quotes or One Purchasing Cooperative Quote | \$5,000 – to less than \$10,000 |
| Level III | RFP, RFQ or One Purchasing Cooperative Quote | \$10,000 and Above |

The current levels and proposed levels based upon dollar value and method of procurement for Board consideration were as follows:

| Level | Current | Proposed |
|-------------|--|--|
| Level | Purchases valued less than \$5,000 | Purchases valued less than \$10,000 |
| 1 | When the College seeks to purchase personal property or services of a value less than \$1,000, quotations will be verbally accepted. | Level II | Purchases valued \$5,000 to less than \$10,000 When the College seeks to purchase property or services of a value of \$5,000 to less than \$10,000 the College requires at least three written quotations which may include a quote or quotes from a | Purchases valued \$10,000 to less than \$50,000 When the College seeks to purchase personal property or services of a value of \$10,000 to less than \$50,000, the College shall require at least three written quotations. Levels II and III would not require Board authorization to solicit bids. Level III required Board authorization to award the bid/proposal.

The benefits to increasing the Level II amount from \$9,999 to \$49,999.99 and Level III amount from at or above \$10,000 to at or above \$50,000 thresholds included the following:

- Increased participation by vendors who claim contract amounts are too low to justify the effort required in preparing a proposal
- Reduction in administrative costs and time associated with solicitation, preparation, advertising, and evaluation committee staff time
- Reduction in delays for purchase of items needed by students. This is often the case for grants where a short timeline is available to acquire the items needed by students.
- Expedite the increase in purchases related to the 2013 Bond Construction Program.

The table below is a comparison of the number of goods or services purchased for the last five years that currently required Board approval and the number of purchasing items that required Board approval under the proposed new threshold:

| Fiscal Year | Current # of Items at or Above \$10,000 | Proposed # of Items at or Above \$50,000 | Variance – Reduction of Purchases Presented to Board | Percentage Reduction |
|----------------|---|--|--|-------------------------|
| 2013-2014 | 286 | 89 | 197 | 69% |
| 2012-2013 | 250 | 89 | 161 | 64% |
| 2011-2012 | 227 | 79 | 148 | 65% |

| 2010-2011 | 242 | 102 | 140 | 58% |
|-----------------------|-----|-----|-----|-----|
| 2009-2010 | 239 | 96 | 143 | 60% |
| Average of 5 years | 248 | 91 | 157 | 63% |

Increasing Level III threshold from \$10,000 to \$50,000 would result in the total number of goods and services requiring Board approval decreasing annually by approximately 157 items or 63%. An average of 91 items would require board approval as compared to 248 items currently requiring board approval.

The total number of goods and services at or above \$10,000 and currently requiring Board approval was approximately 248 items per year.

Below is a summary of the purchasing items by amount ranges for the following fiscal years:

| | Amount Ranges | | | | | |
|-----------------------|----------------------|----------------------------------|-------------------------------|-------------------------------|-------------------------------|--------------------------|
| Fiscal Year | \$0 to \$9,999 | \$10,000.00 to \$14,999.99 | \$15,000 to \$19,999.99 | \$20,000 to \$24,999.99 | \$25,000 to \$49,999.99 | \$50,000 and above |
| 2013-2014 | 6,821 | 40 | 37 | 23 | 97 | 89 |
| 2012-2013 | 7,034 | 40 | 28 | 23 | 70 | 89 |
| 2011-2012 | 6,892 | 39 | 19 | 25 | 65 | 79 |
| 2010-2011 | 7,346 | 35 | 30 | 18 | 57 | 102 |
| 2009-2010 | 7,718 | 34 | 36 | 14 | 59 | 96 |
| Average of 5 years | 7,162 | 38 | 30 | 20 | 69 | 91 |

The proposed increase to \$50,000 and above would require Board approval of approximately 91 items annually. Increase to another threshold levels between \$10,000 and \$50,000 are represented below, \$15,000 and above, \$20,000 and above, and \$25,000 and above annually and result in annual percentage reduction of items requiring board approval of approximately the following:

| Amount Ranges | Cumulative | % Reduction |
|-----------------------|------------|-------------|
| \$50,000 and Above | 91 | 63% |
| \$25,000 and Above | 160 | 36% |
| \$20,000 and Above | 180 | 27% |
| \$15,000 and Above | 210 | 15% |
| \$10,000.01 and Above | 248 | 0% |

The procurement levels for various Texas Community College were provided as a handout for the Board's information and review.

The proposed dollar level limits were reviewed by the College's Internal Auditor, who indicated that the proposed thresholds were in compliance with state requirements for purchasing and that the changes would make the process more efficient while maintaining appropriate accountability.

The revisions to Policy #5210: *Purchasing* as proposed, including the new name Policy #5120: *Purchase of Goods and Services*, were provided in the packet.

The Finance and Human Resources Committee recommended Board approval of the proposed revisions to the procedures, as reflected in these proposed revisions to Policy #5210: *Purchasing* and including renaming Policy #5120: *Purchase of Goods and Services,* which would supersede any previously adopted Board policy.

The Board expressed concerns that the policy should specifically address the authorization of staff to solicit bids for items that would subsequently require Board approval of any award. Furthermore, the Board was uncomfortable raising the threshold for Board line-item approval of purchasing awards for items in the \$10,000 - \$49,000 range, as proposed. The Board did voice support of lifting the threshold levels as proposed, so that RFPs would only be required on items at or above \$50,000, but effectively wished to then add Board approval as a necessary step to the Level II procurement threshold.

The Board took no action on this item, and asked administration to bring the policy back to the Finance and Human Resources Committee after appropriate revisions had been made.

Review and Action as Necessary to Revise Policies Pertaining to College's Threshold Amounts on Authorization to Sign/Initial Checks and Authorization to Release Checks: Policy #5600: Authorization to Sign Checks Policy #5610: Release of Checks

The Finance and Human Resources Committee recommended that the Board review the College's threshold amounts on authorization to sign/initial checks and the authorization for the release of checks. To enact the described changes, the Board was asked to revise Policy #5600: *Authorization to Sign Checks* and Policy #5610: *Release of Checks* as presented.

The current thresholds related to check signatures/initials requirements and the authorization to release checks were as follows:

| Current | | | | | |
|---|---|-------------------------------------|--|--|--|
| Current Threshold Levels | Authorized Signatures (Two required) | Initials Required (Two required) | Authorized Release of Checks | | |
| \$0 – Less than \$10,000 | President VPFAS Comptroller | No | Business Office | | |
| \$10,000 - Less than \$50,000 Comptroller | | Yes | VPFASPresident | | |
| \$50,000 and Store Comptroller | | Yes | VPFAS President Board of Trustees* | | |

* Requires Board of Trustees approval, except for checks for payments for utility and telephone services, lease agreements, security services, postage, rental fees, insurances, transfers between bank accounts, internal revenue service deposits of payroll taxes, and employee payroll deductions.

Administration proposed to increase the threshold amount requirements. The proposed thresholds related to check signatures/initials requirements and the authorization to release checks were as follows:

| Proposed | | | | |
|--|-----------------------------------|-----|--|--|
| Proposed Threshold Levels | | | Authorized Release of Checks | |
| \$0 - Less than \$25,000 | President VPFAS Comptroller | No | Business Office | |
| \$25,000 - Less than \$125,000 Comptroller | | Yes | VPFASPresident | |
| \$125,000 and \$125, | | Yes | VPFAS President Board of Trustees* | |

* Requires Vice President for Finance and Administrative Services, President, and Board of Trustees approval, except for disbursements for utility and telephone services, lease agreements, security services, postage, rental fees, insurances, transfers between bank accounts, Certificates of Deposits and other investments, payroll benefits and deductions and delinquent tax attorney fees collected from taxpayers.

Below is a summary of the amount ranges for checks issued on FY 2014:

| | Amount Ranges - No. of Checks | | | | | |
|-------------|-------------------------------|----------------------------|----------------------------|----------------------------|------------------------------|---------------------------|
| Fiscal Year | \$0 to \$9,999 | \$10,000 to \$24,999 | \$25,000 to \$49,999 | \$50,000 to \$99,999 | \$100,000 to \$124,999 | \$125,000 and Above |
| 2013 - 2014 | 65,780 | 334 | 129 | 50 | 9 | 25 |

The proposed increase to \$125,000 and above would require Board approval annually of approximately 25 checks or a reduction of 59 checks or 70%. The current threshold of \$50,000 and above required board approval of approximately 84 checks. Other levels would require Board approval of the following number of checks.

| Amount Range of Checks | Cumulative No. of Checks | % Reduction |
|---------------------------|-----------------------------|-------------|
| \$125,000 and Above | 25 | 70% |
| \$100,000 and Above | 34 | 60% |
| \$50,000 and Above | 84 | 0% |

The total number of checks initialed by the President and Vice President for FAS would decrease annually by approximately 334 items or 61%.

Administration recommended the current thresholds be revised to increase the amounts on authorization to sign/initial checks and authorization to release checks. The benefits of increasing the threshold included the following:

- Expedite the process to release vendor checks. Prior to vendor payment, the Board of Trustees has approved the College's purchases and/or services currently above \$10,000 in compliance with the purchasing policy.
- Expedite payments related to the new bond program.
- Reduce administrative costs associated with handling and routing checks.
- Positive impact on the College's credit rating and vendor relationships due to prompt vendor payments.

A table showing the effect of the proposed changes, including the number of checks expected to be affected at each level, was provided as a handout for the Board's information and review.

The revisions to the policies as proposed were provided in the packet.

The Finance and Human Resources Committee recommended Board approval of the proposed revisions to the College's threshold amounts on authorization to sign/initial checks and the authorization for the release of checks. The Board is asked to approve the proposed revisions to Policy #5600: *Authorization to Sign Checks* and Policy #5610: *Release of Checks*.as presented and which would supersede any previously adopted Board policy.

Upon a motion by Mr. Paul R. Rodriguez and a second by Ms. Rose Benavidez, the Board of Trustees of South Texas College approved and authorized the proposed revisions to Policy #5600: *Authorization to Sign Checks* and Policy #5610: *Release of Checks*.as presented and which superseded any previously adopted Board policy. The motion carried.

Review of Presentations to the Finance and Human Resources Committee on November 13, 2014

Dr. Salinas briefly reviewed the following items, which were presented to the Finance and Human Resources Committee at their November 13, 2014 meeting but were not presented for Board action:

- I. Review and Discussion of Internal Audit Report in the Area of Instructional Technologies Inventory
- II. Review and Discussion of Proposed Projects for Internal Auditors and Overview of Internal Audit Function Options
- III. Review and Discussion of the Mission Economic Development Authority (MEDA) Scholarship Fund Trust with Edward Jones for Student Scholarships
- IV. Review and Discussion of Vacancy Report for FY 2014-2015
- V. Review of Payments to Broaddus & Associates and Overview of the Process for the Approval of All Payments

These items were presented for the Board's information, and no action was taken.

Executive Session:

The South Texas College Board of Trustees convened into Executive Session at 7:19 p.m. in accordance with Chapter 551 of the Texas Government Code for the specific purpose provided in:

- Section 551.071, Consultations with Attorney
- 1. Discussion and Action Necessary Regarding CL-08-0257-D; Armandina A. Sesin vs. South Texas College
- 2. Discussion and Action as Necessary Regarding the 2013 Bond Construction Program

Open Session:

The South Texas College Board of Trustees returned to Open Session at 7:48 p.m. No action was taken in Executive Session.

Discussion and Action as Necessary Regarding the 2013 Bond Construction Program

The Board was asked to discuss and take action as necessary regarding the 2013 Bond Construction Program. No action was taken.

Update on Status of 2013 Bond Construction Program

Mr. Gilbert Gallegos provided a brief update on the 2013 Bond Construction Program, indicating that there were several items on the Board agenda for review and action, and that Broaddus & Associates, acting as the Construction Program Manager for the 2013 Bond Construction Program, was ready to move forward with Board authorization.

Review and Action as Necessary on Architect Contracts and Fees for the 2013 Bond Construction Program Priority Projects

An update on architect contract negotiations for the design of the 2013 Bond Construction Program four priority projects was presented at the November 13, 2013 Facilities Committee meeting.

The Facilities Committee recommended Board approval of continued contract negotiations between Broaddus & Associates and the selected architectural firms for the following priority projects of the 2013 Bond Construction Program:

Pecan Campus – STEM Building Mid Valley Campus – STEM Building Starr County Campus – Health Professions and Science Building

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Paul R. Rodriguez, the Board of Trustees of South Texas College approved and authorized contract negotiations between Broaddus & Associates and the Board-approved architectural firms for the selected projects as presented and including the Nursing & Allied Health Campus expansion project previously identified by the Board of Trustees as a priority project for the 2013 Bond Construction Program. The motion carried.

Review and Action as Necessary on Short List of Civil Engineering Firms and Assignments of Site Improvement Projects for the 2013 Bond Construction Program

Approval of short list of civil engineering firms and project assignments of construction projects was requested.

Broaddus & Associates representatives along with STC staff provided the Facilities Committee with an update on the evaluation of civil engineering firms' statements of qualifications submitted for the 2013 Bond Construction Program. These firms would provide design services for site improvement projects including building locations, property surveys, parking lots, storm drainage, ground elevations, sidewalks, accessible routes, area lighting, and landscaping.

On September 23, 2014 a total of seventeen (17) submittals were received in response to STC's solicitation of qualifications from civil engineers for the 2013 Bond Construction Program. A team consisting of three Broaddus & Associates representatives and seven STC staff members completed the evaluations of the submittals.

Evaluation of the civil engineers' qualifications was completed and Broaddus & Associates prepared a recommendation on how the Bond site improvement projects could be assigned to firms based on evaluation of the information provided. This recommendation is based on the following general requirements:

- 1. Overall evaluation of each firm's qualifications, experience, and references
- 2. Ranking of each firm after evaluations
- 3. Project preferences as identified by each firm
- 4. Each firm's unique experience and areas of specialization
- 5. Each firm's capacity to manage each project size

Mr. Jesus Ramirez, Legal Counsel for South Texas College, asked the representatives from Broaddus & Associates if the identified firms were the most highly qualified firms for the specifically identified projects, in compliance with state procurement regulations. Broaddus & Associates affirmed that there recommendations were the most highly qualified firms for each specifically identified project.

The packet included spreadsheets summarizing the information gathered during the evaluation team's review and the proposed project assignments resulting from the evaluations.

Because no site was yet identified for the construction of the Regional Center for Public Safety Excellence, the Facilities Committee did not wish to include that firm assignment in the recommendation for Board approval. As such, the recommendation of SG&E, LLC as the civil engineering firm for design work related to that location was not included in the Committee's recommendation for Board approval. The recommendation by Broaddus & Associates was otherwise supported by the Facilities Committee.

The Facilities Committee recommended Board approval of the recommended civil engineering firms and project assignments as presented.

The Board confirmed with Mr. Rolando Garcia of Broaddus & Associates that the recommended firms were the most qualified for each project assignment as presented. Mr. Garcia stated that the recommendations reflected a careful analysis of the statements of qualification, ranked according to the established criteria.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Paul R. Rodriguez, the Board of Trustees of South Texas College approved and authorized the recommended civil engineering firms and project assignments as presented. The motion carried.

Review and Action as Necessary on Additional Services with Perez Consulting Engineers for the Nursing & Allied Health Campus Subdivision Plat

Approval of Additional Services with Perez Consulting Engineers to include a Traffic Impact Analysis was requested.

Perez Consulting Engineers was approximately 90% complete with preparation of the subdivision plat for the Nursing & Allied Health Campus west 6.63 acres. The City of McAllen Planning Department and Engineering Department staff completed their review of the proposed plat and provided a report with additional items which needed to be completed prior to approving the plat. One of the items on the list was the preparation and submission of a Traffic Impact Analysis (TIA). This analysis would help the City forecast the impact of future traffic created by STC as the campus continued to expand.

The results of the analysis would help the City determine how STC's development would be impacted and if construction would need to include provisions to help with traffic flow in and out of the property. In the past STC was required to build items such as turning lanes where vehicle traffic enters a campus in order to prevent impact to the traffic flow on adjacent streets. This is an example of the types of improvements which could be required as a result of the Traffic Impact Analysis.

A copy of the proposal submitted by Perez Consulting Engineers in the amount of \$7,475 was provided in the packet, along with a site plan showing the proposed intersections for TIA data collection.

The Facilities Committee recommended Board approval to contract for additional services for the Nursing & Allied Health Campus Subdivision Plat with Perez Consulting Engineers in the amount of \$7,475 as presented.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Paul R. Rodriguez, the Board of Trustees of South Texas College approved and authorized contracting for additional services for the Nursing & Allied Health Campus Subdivision Plat with Perez Consulting Engineers in the amount of \$7,475 as presented. The motion carried.

Review and Action as Necessary on Contracting Architectural Design Services for the Pecan Campus Art Building Covered Area for Ceramic Arts

Approval to contract architectural services for the design of the Pecan Campus Art Building Covered Area for Ceramic Arts Improvements was requested.

Funds for this project were included in the FY 2014-2015 construction budget. The packet included floor plans depicting the locations for the proposed design and construction work. These improvements would provide additional space for ceramic kilns to be used by the Art Department. The proposed improvements for the ceramic arts studio would improve efficiency in use of space and allow for additional kilns to be installed.

Five architectural firms listed below were previously approved by the Board for one year to provide professional services as needed for projects under \$500,000:

- 1. Boultinghouse Simpson Gates Architects
- 2. EGV Architects, Inc.
- 3. ERO Architects, Inc.
- 4. PBK Architects
- 5. Rike Ogden Figueroa Allex Architects

During the October 28, 2013 Board meeting, EGV Architects, Inc. was approved to design the additional space for the ceramic kilns for the Art Department. The project was placed on hold due to insufficient space in the proposed location. Staff analyzed the spaces needed and recommended that new space be provided adjacent to the Art Building.

Based on this previous approval, and on an alphabetical selection, EGV Architects, Inc. was recommended to resume with the architectural design services for this project.

Funds in the amount of \$325,000 are budgeted in the FY 2014-2015 construction budget for the modifications and \$48,750 is budgeted for design services with final amount to be negotiated.

| Project Budget | | | |
|----------------------|--------------------|--|--|
| Budget Components | Amount Budgeted | Actual Cost | |
| Design | \$48,750 | Actual design fees are estimated at \$23,000 (7.25%) and will be finalized during contract negotiations. | |
| Construction | \$325,000 | Actual cost will be determined after the solicitation of construction proposals. | |

Staff will negotiate design fees with architect to determine an acceptable amount.

The Facilities Committee recommended Board approval to contract architectural services with EGV Architects, Inc. for the design of the Pecan Campus Covered Areas for Ceramic Arts project as presented.

The Board asked staff whether EGV Architects, Inc. was qualified to do the work, and staff confirmed that the recommended firm was qualified to complete the project as specified.

The Board also requested a report on design fees to help the Trustees monitor negotiations with architecture and engineering firms.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Paul R. Rodriguez, the Board of Trustees of South Texas College approved and authorized contracting architectural services with EGV Architects, Inc. for the design of the Pecan Campus Covered Areas for Ceramic Arts project as presented. The motion carried.

Review and Action as Necessary on Contracting Civil Engineering Design Services for the Pecan Plaza Asphalt Resurfacing Along the Alley Side of Buildings

Approval to contract civil engineering design services for the Pecan Plaza Asphalt Resurfacing along the alley side of buildings adjacent to the alley was requested.

The asphalt pavement on the alley side of Pecan Plaza's center and west side buildings has deteriorated as much as 50% or more in some areas. The packet included a photo showing the deteriorated condition of the existing asphalt. With the Police Department now occupying space in the center building, access from the back side was needed on a daily basis. Police vehicle were parked in this asphalt area in order to enter and exit from the back door of the Police Department space. An attached site plan showed the location of the proposed asphalt resurfacing.

In order to proceed with the asphalt replacement, staff recommended contracting civil engineering services for preparation of plans and specifications.

The five civil engineering firms listed below were previously approved by the Board for one year to provide professional services as needed for project under \$500,000.

- 1. Dannenbaum Engineering
- 2. Halff Associates, Inc.
- 3. Melden & Hunt
- 4. Perez Consulting Engineering
- 5. R. Gutierrez Engineering

Based on previous project assignments with the five available firms, Halff Associates was recommended to provide civil engineering service for this project.

Funds in the amount of \$75,000 were budgeted in the FY 2014-2015 renewals and replacements budget for the proposed asphalt resurfacing and \$8,000 was budgeted for design services with final amount to be negotiated.

| Project Budget | | | |
|----------------------|--------------------|---|--|
| Budget Components | Amount Budgeted | Actual Cost | |
| Design | \$8,000 | Actual design fees are estimated at \$6,800 and will be finalized during contract negotiations. | |
| Construction | \$75,000 | Actual cost will be determined after the solicitation of construction proposals. | |

The Facilities Committee recommended Board approval to contract civil engineering services with Halff Associates for the Pecan Plaza Asphalt Resurfacing along alley side of buildings project as presented.

The Board asked staff whether Halff Associates, Inc. was qualified to do the work, and staff confirmed that the recommended firm was qualified to complete the project as specified.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Paul R. Rodriguez, the Board of Trustees of South Texas College approved and authorized contracting civil engineering services with Halff Associates for the Pecan Plaza Asphalt Resurfacing along alley side of buildings project as presented. The motion carried.

Review and Action as Necessary on Contracting Civil Engineering Design Services for the Pecan Campus Achieve Early College High School Driveway and Sidewalk Relocation

Approval to contract civil engineering design services for the Pecan Campus Achieve Early College High School Driveway and Sidewalk Relocation project was requested.

In preparation for construction of the Pecan Campus North Academic building included in the 2013 Bond Construction Program, the existing gravel service drive and pedestrian sidewalk would need to be relocated. An attached site plan showed the current and proposed locations for an asphalt service drive and pedestrian sidewalk.

By starting with the design and construction for the new location, the work could be completed prior to the start of construction for the new building. In order to proceed with this construction, staff recommended contracting civil engineering services for preparation of plans and specifications.

The five civil engineering firms listed below were previously approved by the Board for one year to provide professional services as needed for project under \$500,000.

- 1. Dannenbaum Engineering
- 2. Halff Associates, Inc.
- 3. Melden & Hunt
- 4. Perez Consulting Engineering
- 5. R. Gutierrez Engineering

Based on previous project assignments and experience with five available firms, R. Gutierrez Engineering was recommended to provide civil engineering services for this project.

Funds in the amount of \$60,000 were budgeted in the FY 2014-2015 construction budget for this construction work and \$9,000 was budgeted for design services with final amount to be negotiated.

| Project Budget | | | |
|----------------------|--------------------|---|--|
| Budget Components | Amount Budgeted | Actual Cost | |
| Design | \$9,000 | Actual design fees are estimated at \$5,500 and will be finalized during contract negotiations. | |
| Construction | \$60,000 | Actual cost will be determined after the solicitation of construction proposals. | |

The Facilities Committee recommended Board approval to contract civil engineering services with R. Gutierrez Engineering for the Pecan Campus Achieve Early College High School Driveway and Sidewalk Relocation project as presented.

The Board asked staff whether R. Gutierrez Engineering was qualified to do the work, and staff confirmed that the recommended firm was qualified to complete the project as specified.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Paul R. Rodriguez, the Board of Trustees of South Texas College approved and authorized contracting civil engineering services with R. Gutierrez Engineering for the Pecan Campus Achieve Early College High School Driveway and Sidewalk Relocation project as presented. The motion carried.

Review and Action as Necessary on Mechanical, Electrical, and Plumbing (MEP) Design Services for the Pecan Campus Electrical Power Line Relocation

Approval to contract mechanical, electrical, and plumbing (MEP) engineering design services for the Pecan Campus Electrical Power Line Relocation project was requested.

STC staff has been coordinating with representatives from AEP to plan for the relocation of an existing electrical overhead power line located on the Pecan Campus. This power line was in a location that will be in conflict with the future construction of Thermal Plant Cooling Towers and the future Student Activities and Cafeteria Building. An attached site plan and photo showed the current location of the electrical line.

With the assistance of AEP, staff developed a plan to relocate the overhead line below ground. By placing the line below ground, it could be placed in a location that would not be in conflict with the future construction and would no longer be visible in that center area of campus. In order to place this line underground, STC would need to contract the services of an electrical engineer to design the proper location and conduits so that AEP could install the new underground electrical lines. These design services would include the following:

- Design locations and routes for underground lines serving existing buildings
- Design size of new underground conduits for new electrical lines
- Design size and location of new transformer pads
- Coordinate with AEP to confirm design of underground components meet service requirements
- Prepare plans and specification for construction of all underground components by electrical contractor

The three MEP engineering firms listed below were previously approved by the Board for one year to provide professional services as needed for projects under \$300,000.00.

- 1. DBR Engineering Consultants, Inc.
- 2. Halff Associates, Inc.
- 3. Sigma HN Engineers, PLLC

Since this list of MEP firms was approved at the June 26, 2014 Board meeting, the first two firms on the list have been contracted for on-call services. The next recommendation was based on an alphabetical selection, placing Sigma HN Engineers, PLLC as the firm to provide these services.

Funds were budgeted in the FY 2014-2015 construction budget for design and construction of these improvements, with final amount to be negotiated.

| Project Budget | | | | |
|--|----------|--|--|--|
| Budget Components Available Funds Estimated Cost | | | | |
| Design | \$11,250 | Actual design fees are estimated between \$7,000 and \$8,000 and will be finalized during contract negotiations. | | |
| Construction | \$75,000 | Actual cost will be determined after the solicitation of construction proposals. | | |

The Facilities Committee recommended Board approval to contract Mechanical, Electrical, and Plumbing (MEP) engineering design services with Sigma HN Engineers, PLLC for the Pecan Campus Electrical Power Line Relocation as presented.

The Board asked staff whether Sigma HN Engineers, PLLC was qualified to do the work, and staff confirmed that the recommended firm was qualified to complete the project as specified.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Paul R. Rodriguez, the Board of Trustees of South Texas College approved and authorized contracting Mechanical, Electrical, and Plumbing (MEP) engineering design services with Sigma HN Engineers, PLLC for the Pecan Campus Electrical Power Line Relocation as presented. The motion carried.

Review and Action as Necessary on Contracting Construction Services for the Pecan Campus Tree Removal Project

Approval to select a contractor for the Pecan Campus Tree Removal project was requested.

Trees on the Pecan Campus were identified which needed to be removed to avoid conflict with the 2013 Bond Construction program. Removal of these trees would avoid conflict with future buildings, parking, site improvements, and landscaping. Most of these trees were older ash trees which exceeded their average life expectancy and had become a maintenance problem. Some trees would remain in areas where construction would not occur as part of this program. An attached site plan showed the trees identified for removal.

City of McAllen required that new trees be planted to replace trees that were removed. STC typically installed more trees than what as required by City standards. Landscape plans would be developed so that sufficient trees were provided in beneficial locations.

Funds for the removal of trees in the future bond construction area were included in the FY 2014-2015 construction budget.

Minutes – November 20, 2014 Regular Board Meeting *Revised* 12/10/2014 3:23:03 PM Page 32

STC staff issued the necessary plans and specifications for the solicitation of competitive sealed proposals. Solicitation of competitive sealed proposals for this project began on October 13, 2014. A total of two (2) proposals were received on October 28, 2014.

| Timeline for Sol | icitation of Competitive Sealed Proposals |
|------------------|---|
| October 13, 2014 | Solicitation of competitive sealed proposals began. |
| October 28, 2014 | Two (2) proposals were received. |

Staff evaluated these proposals and included a proposal summary in the packet. It was recommended that the top ranked contractor be recommended for Board approval. Funds were budgeted in the FY 2014-2015 Construction budget for this project.

The Facilities Committee recommended Board approval to contract construction services with Maldonado Nursery & Landscape in the amount of \$20,271 for the Pecan Campus Buildings Tree Removal project as presented.

Upon a motion by Mr. Gary Gurwitz and a second by Ms. Rose Benavidez, the Board of Trustees of South Texas College approved and authorized contracting construction services with Maldonado Nursery & Landscape in the amount of \$20,271 for the Pecan Campus Buildings Tree Removal project as presented. The motion carried.

Update on Status of Construction Projects

The Facilities Planning & Construction staff prepared and provided a design and construction update. This update summarized the status of each capital improvement project currently in progress.

This item was for the Board's information only. No action was requested.

Consideration and Approval of Checks and Financial Reports

Board action was requested to approve the checks for release and the financial reports for the month of October 2014. The approval was for checks submitted for release in the amount greater than \$50,000 and checks in the amount greater than \$10,000 that were released as authorized by Board Policy No. 5610.

Mrs. Mary Elizondo, Vice President for Finance and Administrative Services, was available to respond to questions posed by the Board.

Upon a motion by Mr. Paul R. Rodriguez and a second by Ms. Rose Benavidez, the Board of Trustees of South Texas College approved and authorized the submitted checks for release in

Minutes – November 20, 2014 Regular Board Meeting *Revised* 12/10/2014 3:23:03 PM Page 33

an amount over \$50,000.00, the checks that were released as authorized by Board Policy #5610 and the financial reports submitted for the month of October 2014.

Discussion and Action Necessary Regarding CL-08-0257-D; Armandina A. Sesin vs. South Texas College

Legal action was taken against the College by Armandina A. Sesin. The lawsuit was submitted to the College's insurance carrier, Texas Association of School Boards (TASB). TASB assigned Ms. Eileen M. Leeds from GUERRA, LEEDS, SABO & HERNANDEZ, P.L.L.C. to handle the case.

Ms. Leeds met with the Board during executive session at an earlier period during the November 20, 2014 Regular Board Meeting to discuss this cause. No action was taken during executive session, and this item was included to allow for action during open session.

Upon a motion by Mr. Paul R. Rodriguez and a second by Ms. Rose Benavidez, the Board of Trustees of South Texas College approved and authorized acceptance of the settlement as presented. The motion carried.

Informational Items

The following informational items were included in the packet for the Board's review:

Approval and Authorization to Accept Grant Award(s)

Authorization to accept and approve the following grant award(s) and use of related funds as authorized by each grant is requested:

1. The "IME Fellowship Program Scholarship" Grant in the Amount of \$15,000 from the Consulate of Mexico.

The "IME Scholarship" Grant would begin January 1, 2015 and continue through December 31, 2015, and will award \$1,000 to each qualifying student. The students will be selected using the following eligibility:

- Mexican student or student of Mexican Origin,
- eligible for Financial Aid through Federal/State Programs,
- must have a 2.5 cumulative GPA each semester, and
- must be enrolled as a full-time Student.

This grant meets South Texas College's Strategic Direction five, "South Texas College commits to.....educational partnerships that create a collective impact on student success."

2. Additional Grant(s) Received/Pending Official Award

The presented scholarship grant would provide up to \$15,000 in additional funding for the College to provide services and opportunities throughout the region.

Recommendation:

It is recommended the Board of Trustees approve and authorize accepting the following grant award(s) and use of related funds as authorized by each grant, contingent upon official award as appropriate:

- 1. "IME Fellowship Program Scholarship" Grant in the Amount of \$15,000 from the Consulate of Mexico
- 2. Additional Grant(s) Received/Pending Official Award

The following Minute Order is proposed for consideration by the Board of Trustees:

The Board of Trustees of South Texas College approves and authorizes accepting the following grant award(s) and using related funds as authorized by each grant, contingent upon official award as appropriate:

- 1. "IME Fellowship Program Scholarship" Grant in the Amount of \$15,000 from the Consulate of Mexico
- 2. Additional Grant(s) Received/Pending Official Award

Approval Recommended:

Shirley A. Reed, M.B.A., Ed.D. President

Review of Education and Workforce Development Committee Presentations on December 11, 2014

The following items were presented to and discussed with the Education and Workforce Development Committee on December 11, 2014. No action was requested of the Committee or the Board:

a. Presentation on Student Success at Early College High Schools

Ms. Sofia Peña, Director of Early College High Schools, presented on the success of students at Early College High Schools at South Texas College partner campuses throughout Hidalgo and Starr Counties.

Ms. Pena provided a brief background on the mission and development of Early College High Schools and South Texas College's partnerships with area school districts. Texas is a leader nation-wide, and South Texas College leads the state of Texas with 26 out of 108 Early College partnerships statewide.

Early College High Schools were developed to provide a transition from secondary to higher education, and to give students a chance to earn up to an Associate Degree while completing the requirements for a high school diploma.

Ms. Peña reviewed the growth of the ECHS programs and enrollment, and the success of students graduating from these programs, many times with associate degrees and/or certificates from South Texas College – all earned and awarded tuition-free.

She also discussed the steps that South Texas College takes in collaboration with school district partners to maintain the strong program quality, student support, and faculty performance that ultimately translate into student success.

Ms. Peña shared projections for future enrollment and graduations, and details on how South Texas College plans to continue building on the successful Early College High School programs with partner ISDs, and how the College serves as a model for other institutions across the state and the nation as they develop their own programs.

b. Presentation on the New Mathways Project

Dr. Ali Esmaeili, Dean of Math, Science, Bachelor Programs, and University Relations and Mario Morin, New Mathways Project Lead and Math Faculty, provided a presentation on the New Mathways Project.

The New Mathways Project (NMP) is a national initiative with the goal of reforming developmental mathematics education for Texas students. South Texas College has

worked with the Charles A. Dana Center at UT-Austin since 2010, and has been a statewide leader in developing and implementing successful strategies to help students achieve necessary competencies to complete college-level math.

NMP looks at three pathways to accelerate student achievement of necessary math skills:

- 1. Statistical Reasoning
- 2. Quantitative Reasoning
- 3. STEM-Prep (Science, Technology, Engineering, and Math)

During the first semester, in the NMP model, students enroll in two courses. *Foundations for Mathematical Reasoning,* which is a developmental math course that helps students develop foundational skills to properly learn college-level course material, and *Frameworks for Mathematics and Collegiate Learning*, a course that helps students acquire the strategies and drive needed to succeed

Students will then be able to enroll in Academic Math courses aligned to their academic and career goals, as needed. This process will allow students on non-STEM pathways to complete developmental requirements and earn credits to satisfy core-curriculum math in a single year.

South Texas College was one of nine co-development partners, and now serves as a mentor to Coastal Bend Community College.

Fall 2013 was South Texas College's pilot semester for the project, and implementation officially began in late July 2013 when course materials were first released to the codevelopment partners. With only one month of marketing and recruiting, 29 students took the course, in three separate section offerings at two campuses. In Fall 2014 54 students were placed in four sections, and there are seven sections offered for Spring 2015.

Dr. Esmaeili and Mr. Morin provided additional insight into associated project activities and look at the next steps for the New Mathways Project and were available for questions from the Committee. They proposed to return once the Fall 2014 semester has finished and student performance data is ready for presentation to the Committee.

These items were for the Committee's information and feedback to staff, and no action was taken.

Review and Action as Necessary Regarding the Fiscal Year 2014 Financial Audit

Acceptance of the Fiscal Year 2014 Financial Audit is requested.

Mr. Ruben Moreno of Long Chilton, LLP will review the audit with the Board and respond to questions regarding the audit.

A copy of the Comprehensive Annual Financial Report is included separately for the Board's information and review.

The Finance and Human Resources Committee meeting for Thursday, December 11, 2014 was cancelled, and the Comprehensive Annual Financial Report is presented for Board approval without a Committee recommendation.

Recommendation:

It is recommended that the Board of Trustees accept the Fiscal Year 2014 Financial Audit as presented.

The following Minute Order is proposed for consideration by the Board of Trustees:

The Board of Trustees of South Texas College accepts the Fiscal Year 2014 Financial Audit as presented.

Approval Recommended:

Shirley A. Reed, M.B.A., Ed.D. President

Review and Action as Necessary on Award of Proposals, Purchases, and Renewals

Approval of the following proposal awards, purchases, and renewals is requested.

1) Compact Utility Vehicle (Award)

Award the proposal for a compact utility vehicle to Spikes Motor Co, Inc. (Mission, TX), at a total cost of \$18,315.00.

The compact utility vehicle will be used for daily mail and warehouse deliveries throughout the district. It will also be used by other South Texas College departments and programs as needed.

Proposal documents were advertised on October 31, 2014 and November 7, 2014 and issued to seven (7) vendors. One (1) response was received and reviewed by Distribution Supervisor and Purchasing Department.

Funds for this expenditure are budgeted in the Distribution Center budget for FY 2014-2015.

2) Interactive Learning Training Room (Award)

Award the proposal for an interactive learning training room to Audio Visual Aids Corp (San Antonio, TX), at a total cost of \$47,681.50.

In accordance with the requirements of the HSI Grant, STC in FOCUS, an Active Learning Training Room must be created in FY 2015 for the purpose of faculty professional development. Faculty will be trained on the use of active learning furniture and technology so that they will be able to implement the strategies they have learned in active learning classrooms beginning Fall 2015.

Proposal documents were advertised on October 6, 2014 and October 31, 2014 and issued to six (6) vendors. Two (2) responses were received and reviewed by the Office of Professional Development, Instructional Technologies and Purchasing Department.

Funds for this expenditure are budgeted in the South Texas College in FOCUS grant budget for FY 2014-2015.

3) Active Learning Training Room (Reject)

Reject the proposals for an active learning training room due to the specifications provided on the proposal which were more of a functional nature and it was determined by the evaluation committee that there was too much variance in what was proposed by the different respondents to properly evaluate and to have a good level of confidence on the functionality of the installation.

Proposal documents were advertised on November 3, 2014 and November 10, 2014 and issued to six (6) vendors. Three (3) responses were received and reviewed by the Office of Professional Development, Instructional Technologies and Purchasing Department.

4) Audio Visual Equipment and Supplies (Purchase)

Purchase audio video equipment and supplies for the period beginning September 1, 2014 through August 31, 2015, at an estimated amount of \$120,000.00 which is based on prior year history, with the following cooperative vendors:

- Audio Visual Aids Corporation (San Antonio, TX)......\$50,000.00 \Rightarrow TASB-Buyboard, TCPN and TXMAS
- B & H Foto & Electronics, Corp. (New York, NY)...... \$50,000.00 ⇒ TASB-Buyboard
- Best Buy (Richfield, MN/McAllen, TX)\$10,000.00 ⇒TASB-Buyboard
- Audio Fidelity Communications Corp/dba Whitlock (Austin, TX) \$10,000.00 ⇒ Department of Information Resources (DIR)

The audio video equipment and supplies are purchased district wide for the day to day operation of departments and instructional programs. This includes:

- Headphones Distance Education, Center for Learning Excellence and academic programs
- Web Cameras Distance Education and all other requesting departments/academic programs
- Digital Cameras, Lenses, Camera Cases Art Program, Public Relations and Marketing, Planning and Construction and all other requesting department/academic programs
- Camcorders Nursing Allied Health Programs, Public Relations and Marketing and Instructional Technology
- Computer Cables, Printer Cables and Projector Cables Technology Resources and all other requesting department/academic programs
- Photo Lighting Equipment Distance Education and Public Relations and Marketing
- Sound Equipment Instructional Technologies and all other requesting department/academic programs

Funds for this expenditure are budgeted in the various requesting department budgets for FY 2014-2015.

5) Automotive Parts, Equipment, and Supplies (Purchase)

Purchase automotive parts, equipment, and supplies from Burton Companies Vaughn Interest, Inc. (Weslaco, TX), a Texas Association of School Boards – Buyboard approved vendor, for the period beginning September 1, 2014 through August 31, 2015, at an estimated cost of \$25,000.00 based on prior year history.

The automotive parts, equipment, and supplies will be used for student instruction in the Automotive Technology and Diesel Technology Program labs in the Division of Business and Technology. The facility maintenance and custodial department will use the automotive parts and supplies for the repair of equipment.

Funds for this expenditure are budgeted in the Automotive Technology, Diesel Technology, Facility Maintenance and Custodial budget for FY 2014-2015.

6) Bookstore Consultant Services (Purchase)

Purchase bookstore consultant services from Campus Bookstore Consulting (East Longmeadow, MA), a sole source vendor, for the period beginning September 1, 2014 through December 31, 2014, at an estimated cost of \$10,993.88.

The bookstore consultant services include the following:

- Provide the bookstore request for proposal (RFP) summary documents which summarizes the RPF process and compares the existing contract terms for the new contract
- Assist the College with contract negotiations, including preparing contract negotiation documents, analyzing vendor responses, and participating in negotiating strategy conference calls

Funds for this expenditure are budgeted in the Facilities Operation and Maintenance budget for FY 2014-2015.

7) Computer Components, Peripherals, Lamps, Software and Supplies (Purchase)

Purchase computer components, peripherals, lamps, software and supplies for the period beginning September 1, 2014 through August 31, 2015, at an estimated cost of \$238,000.00 which is based on prior year history, with the following purchasing cooperative vendors:

| B & H Foto & Electronics, Corp. (New York, NY) | \$10,000.00 |
|---|-------------|

 - \Rightarrow TIPS/TAPS Purchasing Cooperative

The computer components, peripherals, software and supplies are purchased district wide for the day to day operation of departments and instructional programs. The following are some of the items requested by programs/departments:

- Scanners, Storage Media, Surge Protectors, Toner Cartridges and Computer Printer Cables – All Departments District Wide
- Barcode Scanners Library Services, Security, Central Receiving and Instructional Technologies
- Memory Business Computer Systems Program and All Departments District Wide
- Projector Lamps Instructional Technologies
- Head Phones Open Labs and Center for Learning Excellence

- Web Cameras Distance Education and All Departments District Wide
- Computer Parts Business Computer Systems Program
- Hard Drives Business Computer Systems Program and All Departments District Wide

Funds for this expenditure are budgeted in the Instructional Technologies, Library Services, Central Receiving and other department budgets for FY 2014-2015.

8) Computers, Laptops, and Tablets (Purchase)

Purchase of computers, laptops, and tablets from the State of Texas Department of Information Resources (DIR) approved vendor Dell Marketing, LP. (Dallas, TX) and from the National Joint Powers Alliance approved vendor CDW Government (Vernon Hills, IL), in the total amount of \$299,123.03

All purchase requests for computers, laptops, and tablets have been evaluated by Technology Resources and the Chief Information Officer. An itemized list with justification is included for your review and information.

The purchases can be summarized as follows:

- Staff-Use Computers
 - \Rightarrow 1 Computer for Division of Nursing and Allied Health
 - \Rightarrow 1 Computer for English Program
 - \Rightarrow 1 Computer for History Program
 - \Rightarrow 2 Computers for Vocational Nursing Program
 - \Rightarrow 2 Computers for Developmental Math Program

11)Instructional Equipment and Software (Purchase)

Purchase instructional equipment and software from Lab Resources, Inc. (Tomball, TX), a sole source vendor, at a total cost of \$98,263.26.

South Texas College has established a FESTO Authorized and Certified Training (FACT) Center at the Technology Campus.

The FACT accreditation involves three key phases:

- 1. The training of South Texas College instructors in specific areas of automation technology
- 2. The training of South Texas College instructors in FESTO's teaching methods, delivery of materials, and class time management; and
- 3. The final certification of South Texas College instructors and training facilities, and ultimately, the establishment of a FACT Center.

At this time, phase 1 has been completed and phases 2 and 3 will be completed.

- Phase 1 of the FACT certification process involved the training of a select group of South Texas College instructors by FESTO trainers in 5 pre-selected areas of automation technology. Phase 1 training started in July, and was successfully completed in September of this year.
- Phase 2 of the FACT certification process involves the "Train-the-Trainer" seminars where South Texas College instructors' training focuses on the following: FESTO's specific teaching materials and class time management.
- Phase 3 of the FACT certification process involves the "FESTO Industrial Automation and Mechatronics Certification" seminars. These seminars include the final approval of the laboratory facility and South Texas College instructors that have completed phases 1 and 2. Representatives from FESTO Didactic-Germany will audit the laboratory facility and will perform "demo" class observations to evaluate South Texas College instructor's performance on the automation technologies selected in phase 1 for certification.

Upon completion of phase 3, South Texas College will receive the FACT Center certification credentials in "Industrial Automation and Mechatronics". This additional equipment and software is required to meet the final FESTO Didactic certification.

Funds for this expenditure are budgeted in the City of McAllen and The Institute of Advanced Manufacturing grants for FY 2014-2015.

12) Graduation Caps and Gowns (Renewal)

Renew the contract for graduation caps and gowns with Jostens, Inc. (Minneapolis, MN) for the period beginning February 1, 2015 through January 31, 2016, at a total cost of \$37,430.70.

The graduation caps and gowns will be issued to all STC graduates attending the December 2014 and May 2015 commencement ceremonies.

The Board awarded the contract for graduation caps and gowns at the January 28, 2014 Board of Trustees meeting for one year with two one-year options to renew. The first renewal period begins February 1, 2015 through January 31, 2016.

The vendor has complied with all the terms and conditions of the contract and services have been satisfactory.

Funds for this expenditure are budgeted in the Graduation budget for FY 2014-2015.

13)Institutional Membership (Renewal)

Renew an institutional membership with Hispanic Association of Colleges and Universities (San Antonio, TX), a sole source vendor, for the period beginning January 1, 2015 through December 31, 2015, at a total cost of \$10,310.00.

The association promotes the development of member colleges and universities, improves access to and the quality of post-secondary educational opportunities for Hispanic students and champions Hispanic success in higher education.

Funds for this expenditure are budgeted in the Institutional Membership budget for FY 2014-2015.

14)Moving Services (Renewal)

Renew the contracts for moving services with Groves Moving & Storage (Harlingen, TX) and Gateway Printing & Office Supply, Inc. (Edinburg, TX) for the period beginning February 19, 2015 through February 18, 2016, at an estimated cost of \$15,000.00.

The moving services will include relocation of furniture, equipment and other items as needed throughout the district.

The Board awarded the contract for moving services at the January 29, 2013 Board of Trustees meeting for one year with two one-year options to renew. The last renewal period begins February 19, 2015 through February 18, 2016.

The vendors have complied with all the terms and conditions of the contract and services have been satisfactory.

Funds for this expenditure are budgeted in the Facilities Planning and Construction budget for FY 2014-2015.

15) Signs, Flags, and Banners (Renewal)

Renew the contracts for signs, flags, and banners for the period beginning January 30, 2015 through January 29, 2016, at an estimated cost of \$12,000.00 based on prior year history, with the following vendors:

Primary:MPA Digital, LLC. (McAllen, TX)Secondary:FedEx Office (McAllen, TX) and AGAS, Mfg. (Philadelphia, PA)

The signs, flags, and banners will be used by various departments' college wide to promote and market programs, departments, events, and South Texas College in the community and the public schools.

The Board awarded the contracts for signs, flags, and banners at the January 29, 2013 Board of Trustees meeting for one year with two one-year annual renewals. The last renewal period begins January 30, 2015 through January 29, 2016.

The vendors have complied with all the terms and conditions of the contract and services have been satisfactory.

Funds for this expenditure are budgeted in the various requesting department budgets for FY 2014-2015.

16) Third Party Administrator for 403(b) Plan (Renewal)

Renew the contract for the third party administrator for 403(b) plan with TSA Consulting Group, Inc. (Ft. Walton Beach, FL), for the period beginning March 1, 2015 through February 28, 2016, at a total annual cost of \$6,000.00.

The Internal Revenue Service (IRS) published final 403(b) regulations which replaced the prior regulations in 2007. These regulations apply to all 403(b) plans and became effective on January 1, 2009.

Provisions of the regulations that impact 403(b) plans are as follows:

- Written plan requirements for all 403(b) plans
- Requirements that plan sponsors ensure that there is no conflict between the terms of the written plan and the terms of the 403(b) contracts
- Changes to the direct transfer rules which limits direct transfers from all 403(b) accounts

The third party administrator will ensure that South Texas College is in compliance with the 403(b) regulations as well as verify that all 403(b) vendors maintain compliance. The College has contracted with a third party administrator since February 2008.

The TPA also provides:

- Electronic process for automated remittance services
- Contribution audits and correction assistance
- Maximum allowable contribution calculations for all employees each year
- Onsite IRS audit assistance during the years under contract

The Board awarded the contract for third party administrator of 403(b) at the January 29, 2013 Board of Trustees meeting for one year with four one-year options to renew. The second renewal period begins March 1, 2015 through February 28, 2016.

The vendor has complied with all the terms and conditions of the contract and services have been satisfactory.

Funds for this expenditure are budgeted in the Human Resources budget for FY 2014-2015.

17) Vehicle Fuel Program (Renewal)

Renew the State Fleet Card Program contract for vehicle fuel with U. S. Bank Market Fleet Voyager (Kansas City, MO), a State of Texas Procurement and Support Services (TPASS) approved vendor, acting by and through the State of Texas Council of Competitive Government (CCG), for the period beginning January 1, 2015 through December 31, 2015, at an estimated cost of \$70,000.00, based on prior year history.

The fuel card program is used for College-owned vehicles used by Mail Services, Central Receiving, Maintenance and Operations, and the STC Police Department for the day-to-day operations of the College.

Use of the fuel cards is controlled by the STC Purchasing Office and Business Office in coordination with supervisors from departments using the cards. The Business Office has the ability to monitor online all fuel purchase transactions.

The advantages of using the state fleet card program are as follows:

- Each card is issued a personal identification (PIN) number and transaction limits
- Odometer Readings are required at the pump
- Business Office staff monitors transactions online
- Rebates/Discounts are paid quarterly
- 40,000 approved locations which include locations less than a mile from the college's campuses (current card is limited to one provider)
- The gas station with the best price is selected
- Net 30 days for monthly payment with no additional charge
- Various reports are available online for reference

The College is billed on a monthly basis for the actual fuel charges only. No other type of fees are assessed to the College. The estimated price per gallon savings will increase from \$.02 to \$.052 which will be received quarterly in the form of a rebate. The rebate will be based on the vendors Texas sales volume average usage which can range from 1.150% to 1.760% as stated in the agreement. The rebate amount varies, however the College will receive approximately \$170.00 for the fourth calendar year quarter.

It is anticipated that the fuel costs will remain approximately the same as current costs; however there are various advantages and additional controls through this vendor, as indicated above.

Funds for this expenditure are available in the Mail Services, Central Receiving, Maintenance and Operations, and STC Police Department budgets for FY 2014-2015.

18) Facility Usage Interlocal Agreements (Lease/Rental)

Lease/Rental facility usage interlocal agreements with the City of McAllen – McAllen Convention Center (McAllen, TX) for the period beginning February 1, 2015 through August 31, 2015, at a total cost of \$14,117.50.

The facility usage interlocal agreements are for South Texas College Folkloric and Professional Development events held throughout the year for Ballet Forklorico and faculty. The events are as follows:

| Event | Date | Amount |
|---------------------------------------|--------------------|------------|
| Tradiciones 2015 Concert Series by | February 5-6, 2015 | \$4,305.00 |
| Ballet Folklorico South Texas College | | |

| South Texas College Adjunct/Dual | August 21-22, 2015 | 4,042.50 |
| Enrollment Professional Development | | |
| Day | | |

Funds for this expenditure are budgeted in the Folkloric Dance, Ballet Folkloric Dance Company and Professional Development budgets for FY 2014-2015.

19)Consulting Services (Contract Extension)

Contract extension for purchase of consulting services with Evergreen Solutions, LLC. (Tallahassee, FL), a sole source vendor, for the period beginning January 1, 2015 through April 30, 2015, at a cost of \$150.00 per hour not to exceed \$15,000.00.

The Board awarded a contract for the Compensation Study at the November 26, 2013 Board of Trustees Meeting to Evergreen Solutions, LLC. through May 31, 2014. At the August 26, 2014 Board Meeting, the Board also awarded the purchase of additional services from September 1, 2014 through December 31, 2014. At this time an extension is requested for the services below.

The services include:

- Conduct additional FLSA audits to determine appropriate exempt and non-exempt status
- Analyze compensation regarding licenses and certifications
- Provide best practices for potential development of career advancement and reclassifications

Funds for this expenditure are budgeted in the Office of Human Resources budget for FY 2014-2015.

Review and Action as Necessary on Appraisal District Allocated Cost Payments for Hidalgo County and Starr County

Approval to process payments to the Hidalgo County Appraisal District and Starr County Appraisal District for allocated cost, as described below, is requested.

The Hidalgo County Appraisal District and Starr County Appraisal District are considered a sole source and the College and other taxing entities are required to use their services to determine the assessed valuation of properties.

Each year the chief appraiser prepares a proposed budget for the operations of the appraisal district for the following tax year. The County's Appraiser submits copies of the budget to each taxing unit participating in the district and an estimate of the amount of the budget that will be allocated to each taxing unit.

Texas Property Tax Code Chapter 6 Section 6.06 (d) Appraisal District Budget and Financing indicates that the cost is allocated as follows: "Each taxing unit participating in the district is allocated a portion of the amount of the budget equal to the proportion that the total dollar amount of property taxes imposed in the district by the unit for the tax year in which the budget proposal is prepared bears to the sum of the total dollar amount of property taxes imposed in the district by the unit for property taxes imposed in the district by the unit for the tax year in which the budget is proposal is prepared bears to the sum of the total dollar amount of property taxes imposed in the district by each participating unit for that year".

Each taxing unit pays its allocation in four equal payments.

The tax year 2014 projected allocations, per the District's budgets, are \$572,136.00 for Hidalgo County Appraisal District and \$99,314.00 for Starr County Appraisal District, for a total of \$671,450.00. The first quarterly invoice payments for Hidalgo County and Starr County are due by December 31, 2014.

The Tax Year 2014 allocations changed from the Tax Year 2013 allocations as follows:

| | 2013 | 2014 | Difference |
|----------------|---------------|---------------|---------------|
| Hidalgo County | \$ 397,747.00 | \$ 572,136.00 | \$ 174,389.00 |
| Starr County | 78,566.89 | 99,314.00 | 20,747.11 |
| Total | \$ 476,313.89 | \$ 671,450.00 | \$ 195,136.11 |

The changes are based on the new year budgets of each Appraisal District.

The Finance and Human Resources Committee meeting for Thursday, December 11, 2014 was cancelled, and the payments to the Hidalgo County Appraisal District and the Starr County Appraisal District for the allocated cost as stated in the Texas Property Tax Code, Chapter 6, Section 6.06 (e) are presented for Board approval without a Committee recommendation.

Motions – December 16,, 2014 Regular Board Meeting *Revised* 12/12/2014 12:55:02 PM Page 24

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize the payments to the Hidalgo County Appraisal District and the Starr County Appraisal District for the allocated cost as stated in the Texas Property Tax Code, Chapter 6, Section 6.06 (e) and as presented.

The following Minute Order is proposed for consideration by the Board of Trustees:

Review and Action as Necessary on Annual Investment Report

Approval of the Annual Investment Report for FY 2013-2014 is requested.

The Annual Investment Report for FY 2013–2014 follows in the packet for the Board's information and review. Also included is the Annual Investment Report prepared for the State Auditor's Office.

As required, all College funds are deposited at the College's Depository, BBVA Compass Bank, in public funds interest checking accounts or certificates of deposit. The attached report reflects the total interest earned during the fiscal year and the audited reconciled balance of each account at August 31, 2014.

At August 31, 2014, the College had a total amount of \$240,790,425.01 in bank deposits, in seven (7) public funds interest checking accounts totaling \$76,182,784.32, and seven (7) certificates of deposit totaling \$164,607,640.69. In addition, the College held an endowment investment in the form of a coin collection valued at \$5,589.70 and maintained change funds available for cashiering purposes in the amount of \$8,950.00. As of August 31, 2014, the investments and cash on hand totaled \$240,804,964.71.

Total interest revenue earned on public funds interest checking accounts and certificates of deposit during FY 2013-2014 totaled \$214,914.66.

All the College's funds were properly collateralized during the fiscal year.

The Finance and Human Resources Committee meeting for Thursday, December 11, 2014 was cancelled, and the Annual Investment Report for FY 2013-2014 is presented for Board approval without a Committee recommendation.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize the Annual Investment Report for FY 2013-2014, as presented.

The following Minute Order is proposed for consideration by the Board of Trustees:

The Board of Trustees of South Texas College approves and authorizes the Annual Investment Report for FY 2013-2014, as presented.

Update on Status of 2013 Bond Construction Program

Facilities Space Programs (Building Interior Spaces)

- Current facilities space program have been forwarded to B&A for their review, recommendations, and will be used to begin Bond Construction Program design
- All of Space Data has now been converted to Macro BIM in three dimensional format for hand off to architectural firms and start of schematic design. The information will be provided as part of a Compact Disc and read under format acceptable to A/E Firms.

Facilities Design Standards and Guidelines

- FPC has updated building standards and forwarded to B&A for review. B&A and FPC are working collaboratively in updating as necessary.
- Goal is to have these standards complete for start of Architectural design process

Solicitation of Architectural and Engineering Firms

- Board of Trustees identified most highly qualified Architectural Design Teams and distribution of Construction Bond Program projects on September 23, 2014 and authorized Broaddus & Associates and STC staff to commence negotiation process for four priority projects
- A/E draft agreement has been approved by Board for inclusion in negotiations
- Fee Schedule STC's currently approved A/E fee schedule has been re-evaluated by B&A and recommended schedule was approved by Board of Trustees.
- Contractual information has been forwarded to A/E firms including fee schedule.
- Recommendation for approval of A/E fees for priority projects will be presented and discussed with the Board Facilities Committee on December 11, 2014.

Solicitation of Engineering Firms

- RFQ's for Civil Engineering (CE)/Surveying Services and for Mechanical Engineering Plumbing (MEP) Engineering Services were approved by Board in August 2014; these services will be required for design of Thermal Energy Plants and Parking and Site Improvements
 - Board of Trustees identified the top most highly qualified Thermal Energy Engineers and authorized to commence the negotiation process at the October 28, 2014 meeting.
 - Recommendation for approval of engineers' fees for priority projects will be presented and discussed with the Board Facilities Committee in January 2015.
 - Board of Trustees identified the top most highly qualified Civil Engineers and authorized commencement of the negotiation process at the November 20, 2014 meeting.
 - Recommendation for approval of engineers' fees for priority projects will be presented and discussed with the Board Facilities Committee in January 2015.

Look Ahead

- Program Confirmation Complete
 - Design Standards and Guidelines Review
 - o Macro BIM (three dimensional space program requirements) Start-up
 - Furniture Standards
- Focus work on Project Priorities as directed by Board
- Baseline Master Program Schedule is complete and will be updated as the Architects' and CMR contracts are completed
- A/E negotiations in progress and recommendations will be submitted to the Facilities Committee on 12/11/14 for Priority Projects as directed by Board
- Construction Managers at Risk project assignments were presented to the Facilities Committee on October 14, 2014. CM@R Contract, RFP and authorization for solicitation will be presented in January 2015 at the Facilities Committee meeting.
- Construction Manager at Risk Solicitation Documents are being finalized including all supporting information such as agreement, submission forms, etc.
- IT/AV Consultant proposal will be presented to Facilities Committee on 12/11/14.
- Owner In-site project management software set-up and training in progress
- Responsibility Matrix will be presented at the January 2015 Facilities Committee Meeting
 - o Delegation
 - Board Expectations
 - Establish Communication Protocol/Reporting
 - o Board
 - o Staff
 - o Internal
- Total Project Budget Confirmation in progress
- Future Presentations
 - Volume Procurement
 - Owner Controlled Insurance Program

Note: Please see the following 2013 Bond Construction Program – Upcoming Timeline to provide summary of anticipated Facilities Committee and Board of Trustee Approvals.

Discussion and Action as Necessary on Sale of Real Property in Starr County to the State of Texas

Discussion and action as necessary on sale of real property in Starr County to the State of Texas is requested.

Texas Department of Transportation (TxDOT) submitted a proposal, which was received by the College on November 24, 2014, for purchase of land along FM 755 for additional road right of way. This property is not located near the STC Starr County Campus. The attached map shows the location of the land proposed for sale to the State of Texas.

According to the College's delinquent tax attorney, Linebarger Goggan Blair & Sampson, LLP, South Texas College, Starr County, Rio Grande City School District, and the Starr County Hospital District have interest due to a bankruptcy court decision. TxDOT is offering \$23,300 for the purchase of the 6.657 acre property.

South Texas College's Legal Council has reviewed this item with the Trustees at the December 11, 2014 Facilities Committee meeting.

A representative from Linebarger Goggan Blair & Sampson, LLP will also be present at the meeting to address any questions as needed.

The Facilities Committee recommended Board approval to authorize the sale of the identified property along FM 755 in Starr County to TxDOT as presented.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize the sale of the identified property along FM 755 in Starr County to TxDOT as presented.

The following Minute Order is proposed for consideration by the Board of Trustees:

Discussion and Action as Necessary Regarding STC vs Chubb Insurance for Hail Damage Claim Settlement

The Board is asked to authorize Legal Counsel to retain the services of a construction cost estimator on behalf of South Texas College in reference to the College's hail damage claim.

Legal Counsel met with the Facilities Committee on Thursday, December 11, 2014 to discuss the legal settlement with Chubb Insurance for Hail Storm Damage insurance claim.

The Facilities Committee recommended Board approval and authorization for Legal Counsel to retain the services of a construction cost estimator on behalf of South Texas College in this hail damage claim.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize Legal Counsel to retain the services of a construction cost estimator on behalf of South Texas College in this hail damage claim as presented.

Discussion and Action as Necessary on Negotiated Fees for Architectural Services for the 2013 Bond Construction Program Priority Projects

The South Texas College Board of Trustees is asked to approve the negotiated fees for architectural services for the 2013 Bond Construction Program four priority projects, contingent upon acceptance by the firms and Board approval of the architectural services contract.

Broaddus & Associates' staff presented proposed fees for each architectural firm selected for the four priority projects. The initial fees presented follow in this packet for the Board's review.

The Committee reviewed the proposed fees, and recommended Board approval of the fees negotiated with Boultinghouse-Simpson-Gates Architects for the Pecan Campus STEM Building project and with Mata-Garcia Architects for the Starr County Campus Health Professions and Science Building project. Both firms' fees were negotiated at 6.118% of the estimated construction cost.

The Committee rejected the fees presented for ERO Architects on the Nursing & Allied Health Campus Expansion project and for ROFA Architects on the Mid Valley Campus Health Professions and Science Building project. The Committee instructed Broaddus & Associates to return to those two firms with a counter-offer of 5.650% with ROFA Architects and 5.500% with ERO Architects, and to bring the firms' responses to the Board on Tuesday, December 16, 2014.

The Facilities Committee formally recommended Board approval of the following architectural services fees, contingent upon acceptance by the firms and Board approval of the architectural services contract.

| Project | Architect | Committee Recommended Fee* |
|--|---|----------------------------------|
| Pecan Campus STEM Building | Boultinghouse-Simpson-Gates Architects | 6.118 % |
| Mid Valley Campus Health Professions and Science Building | ROFA Architects | 5.650 % |
| Starr County Campus Health Professions and Science Building | Mata-Garcia Architects | 6.118 % |
| Nursing & Allied Health Campus Expansion | ERO Architects | 5.500 % |

* Fees vary due to fee schedule sliding scale based on amount of associated construction cost per project.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize the negotiated fees for architectural services for the 2013 Bond Construction Program four

Preliminary Negotiations - as Presented to Facilities Committee

Review and Action as Necessary on Additional Services with Broaddus & Associates for Information Technology/Audio Visual Consultant Services for the 2013 Bond Construction Program

Approval of Additional Services with Broaddus & Associates for Information Technology/Audio Visual consultant services provided by WJHW, Inc. is requested.

IT/AV consultant services are typically approved under the project architect's contract as an additional service and is an option available to STC. For the Bond Construction Program, including seven architect firms, this could result in each project architect firm providing different IT/AV consultant and the possibility of systems variations from building to building.

South Texas College IT and AV staff has reviewed the proposed scope of IT/AV related design work to be included in the Bond Program and recommends that these consultant services be provided through a single source rather than through each project architect. Having a single source will allow staff to develop equitable systems designs from building to building at a lower cost. This method of design was used in the 2001 Bond Construction Program and provided good results. Below are some of the advantages of having a single source for IT/AV consultant services:

- Consistency in systems development and design
- Consistency in systems plans and specifications
- Reduced consultant fees due to larger volume contract
- Efficiency in design process while working with STC staff
- Quality control in use and implementation of STC systems standards
- Quality control in updating STC systems standards
- Efficient STC staff time and effort during design, construction phase, and future operations

The proposal developed by WJHW, Inc. and submitted by Broaddus & Associates includes the following consultant and design services:

- Review and confirm communication systems standards
- Design Audio Visual Systems
- Design Structured Cabling Systems
- Design Video Surveillance and Access Control
- Coordinate with Program Manager and STC staff during design and construction phases
- Coordinate with each architect to develop plans and specifications for each building project

The collaboration of South Texas College technology staff with a single source of IT/AV solutions, WJHJ, Inc., increases the likelihood that proposed solutions are congruent with the strategic directions and goals set by the College for service excellence and scalability. Additionally, the College will benefit during the design and construction phases by having a centralized, accountable point of contact and standardization across multiple construction projects, effectively reducing total cost of ownership in the long-term.

Motions – December 16,, 2014 Regular Board Meeting *Revised* 12/12/2014 12:55:02 PM Page 33

Broaddus & Associates submitted a proposal in the amount of \$595,000 and supporting documentation from consultant WJHW, Inc. Also attached is a breakdown showing the dollar amounts proposed during the negotiations of these services.

The base contract is for \$550,000, and there is a provision for additional travel reimbursements not to exceed \$45,000. The initial travel limit was \$67,500, and the Committee requested further information to justify the travel budget. Mr. Gerry Rodriguez, Director of Facilities Planning and Construction, contacted the consultant and was able to negotiate a lower "not to exceed" limit on travel reimbursements, and has provided a breakdown of the estimate used by the consultant to reach that amount. Any reimbursements would require appropriate documentation of necessary travel.

If these services are provided by a separate architect for each project, standard practice would be for the architect to add a ten percent coordination fee on top of the consultant design services fee. Broaddus initially proposed charging a 4% coordination fee. At the Committee meeting, Mr. Gilbert Gallegos agreed to waive the coordination fee, and asserted that Broaddus & Associates would accept the responsibilities and liability of said coordination

The Facilities Committee recommended Board approval of additional services with Broaddus & Associates in the amount of \$617,500 for Information Technology/Audio Visual consultant services provided by WJHW, Inc. for the 2013 Bond Construction Program. This amount has been reduced by Mr. Gerry Rodriguez's negotiation of a lower travel reimbursement provision, and the Board is asked to approve the attached proposal for \$595,000.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize additional services with Broaddus & Associates in the amount of \$595,000 for Information Technology/Audio Visual consultant services provided by WJHW, Inc. for the 2013 Bond Construction Program as presented.

The following Minute Order is proposed for consideration by the Board of Trustees:

The Board of Trustees of South Texas College approves and authorizes additional services with Broaddus & Associates in the amount of \$595,000 for Information Technology/Audio Visual consultant services provided by WJHW, Inc. for the 2013 Bond Construction Program as presented.

ADDITIONAL SERVICES PROPOSAL to AMEND AGREEMENT BETWEEN OWNER AND CONSULTANT

December 11, 2014

Requisition Number: 01

Project Name: <u>2013 Bond Construction Program</u> Campus: <u>All</u>

Date: December 11, 2014

To: Dr. Shirley Reed, President STC

From: Gilbert Gallegos, Project Executive Broaddus & Associates

Dear Dr. Reed:

Please refer to the Agreement dated <u>August 27, 2014</u>, between South Texas College ("Owner") and the undersigned ("Consultant") as amended to the date hereof (such agreement as so modified and amended being hereafter called the "Agreement") pursuant to which Consultant is to perform certain services. The terms which are defined in the Agreement shall have the same meanings when used in this letter.

1. Owner has requested the performance of the services described below which Consultant deems to be Additional Services.

Provide Audio Visual Services for the 2013 Construction Bond Program projects based upon the Scope of Services identified in the WJHW proposal letter addressed to Gilbert O. Gallegos, AIA from Rene Garza, dated November 11, 2014.

- 2. Consultant agrees to perform the Additional Services described above subject to and in accordance with the terms and provisions of the Agreement for a fee which will be determined in accordance with the Agreement but which will not exceed <u>Five Hundred Fifty Thousand</u> Dollars (\$ <u>550,000</u>) and for reimbursement of expenses in accordance with the Agreement, incurred solely in connection with the performance of such Additional Services, but with a reimbursement expense allowance which will not exceed <u>Forty-Five Thousand Five Hundred</u> Dollars (\$ <u>45,000</u>).
- 3. Consultant will perform the services described, in a manner that conforms to the final construction program schedule, agreed to by all and approved by the Owner.

If the foregoing is acceptable to you, please so execute by signing the enclosed copy of this letter at the space provided for this purpose and by inserting the date upon which Consultant is authorized to commence performance of the Additional Services described in Paragraph 1 above.

> Sincerely yours, <u>Broaddus & Associates</u> By: _____ Name: <u>Gilbert O. Gallegos, AIA</u> Title: Senior Vice-President

Accepted this _____day of _____ 2014. Project Manager is authorized to commence performance of the Additional Services on _____, 2014.

RE: South Texas College (STC) Bond 2013 Project WJHW Proposal - Audio-Visual, Structured Cabling (Tel/Data) and Card Access/Video Surveillance Design and Consulting Services, Revision #2

Dear Mr. Gallegos:

Thank you for giving us the opportunity to be considered as the Audio-Visual, Structured Cabling and Card Access/Video Surveillance consultant for the South Texas College Bond 2013 projects. Our revised proposal includes the professional services necessary to design, plan, and coordinate the Technical Systems for the above referenced project. It is prepared and offered by Wrightson, Johnson, Haddon & Williams, Inc. hereinafter known as "WJHW", to Broaddus & Associates, hereinafter known as the "Program Manager". Our proposal is intended to form the basis of an agreement between the "Program Manager" and "WJHW" for the services and fees as described.

PROJECT UNDERSTANDING

We understand the various projects include the following facility additions and expansions:

PECAN CAMPUS – MCALLEN

- North academic classroom building
- South academic classroom building
- STEM Building (Science, Technology, Engineering and Math) building
- Multi-purpose area for student support services and activities

NURSING & ALLIED HEALTH CAMPUS – MCALLEN

- Major campus expansion for new and expanded nursing and allied health professional training programs
- Hospital simulation center
- Library

TECHNOLOGY CAMPUS – MCALLEN

- Renovation of former plastic manufacturing facility adjacent to Technology Campus
- Develop 13 classrooms and computer labs and 11 specialty training labs
- Expand technical and workforce training facilities to provide specialty training labs

MID-VALLEY CAMPUS - WESLACO

- Health professions, STEM (Science, Technology, Engineering, and Math) and academic program related classrooms and labs
- Expand facilities for workforce training for high-wage, high demand employment, Library and student advising and student services

STARR COUNTY CAMPUS - RIO GRANDE CITY

• Health professions and science building with classrooms and labs to offer nursing and allied

Mr. Gilbert Gallegos, AIA WJHW Proposal, Revision #2 – South Texas College Bond 2013 Projects Page 2 November 11, 2014

health programs and STEM (Science, Technology, Engineering, and Math) Programs

- Expand technical workforce training facilities for high-wage, high-demand employment opportunities
- Construct new library and renovate existing area into Cultural Arts Center
- Expand student services, advising, admissions, and financial services building
- Expand Student Activities Building

REGIONAL CENTER FOR PUBLIC SAFETY EXCELLENCE – PHARR

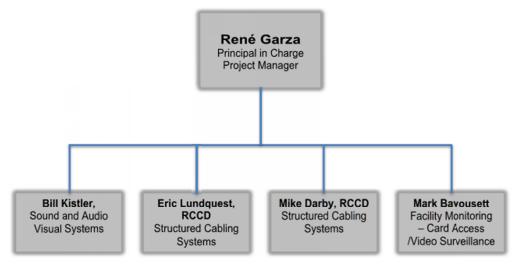

• Establish new Regional Center for Public Safety Excellence to provide regional law enforcement and public safety training

STC TEACHING SITE - LA JOYA

• Develop STEM (Science, Technology, Engineering, and Math) labs

PROJECT LEADERSHIP TEAM

Our project leadership chart is shown below:

The proposed leadership team has been specifically assigned to avoid other project commitments that would interfere with the efforts required for the various projects. All major projects for each individual will be either closed out or in the CA phase prior to the DD and CD phases of the STC projects.

DESIGN SCHEDULE

We take no exception to the current proposed project schedules and have sufficient staff and resources to apply to the projects to maintain the project schedules at no additional cost.

QUALITY ASSURANCE

WJHW and its staff have a commitment to provide the highest quality service to our clients. The complexity of the systems normally found in projects of this nature demand that we have an active quality assurance program in place, operating throughout the design and construction phases of the project.

Our Plan Review steps include the following:

- Program scope confirmation between project manager, principal in charge and design team
- Budget confirmation, set internal "design to" construction budgets

Mr. Gilbert Gallegos, AIA WJHW Proposal, Revision #2 – South Texas College Bond 2013 Projects Page 3 November 11, 2014

- Review of budget and Scope with Program Manager, Owner and Architects for DD and CD phase drawings with a detailed drawing "page turn".
- Internal Peer review, by staff not working on the project, is performed on all drawings, specifications and major documents.
- Weekly Staff meeting to review project requirements are conducted.

If at any time during the project, a problem arises, we will work with Program Manager, Owner and the Design Team(s) to ensure that our obligations and project quality standards are met.

DESIGN SCOPE OF WORK

WJHW will provide consultative recommendations and technical systems designs for each project design team based on the technical program approved by the Owner. As part of WJHW's scope of services, we will:

AUDIO VISUAL SYSTEMS

- Design Audio Visual systems as part of the projects.
- Provide conduit distribution requirements for each of the technical systems for which we have been given responsibility.
- Provide functional one-line drawings for the technical systems showing interconnection of equipment.
- Coordinate locations of controls for the systems with the Owner and appropriate members of the design team, depending on available space and user requirements.
- Provide infrastructure, power and HVAC requirements for each of the systems listed in this section.
- Work with the Owner and Architect for the integration of the required system components into the architectural design and coordinate them with the interior design.
- Prepare construction documents defining the equipment and installation techniques to be employed in the installation of the AV systems, which will be integrated into the general construction bid package.

STRUCTURED CABLING SYSTEM

- Design a structured cable cabling plant that will serve the entire facility.
- Through coordinated efforts with STC's Network Engineers, the Main Distribution Frame (MDF) and Intermediate Distribution Frame (IDF) rooms will be located and laid out throughout the facility.
- Confirm the quantity, type and location of drops throughout the facility
- Locate and identify wireless access point locations throughout the facility to meet the required density ratio for all private and public spaces.
- Develop and design package consisting of design drawings and technical specifications for issuance as part of a general bid package.

EXCLUSION: This work does not include design and specification of networking electronics, i.e., switches, routers, wireless access points, etc. or for telephone or computer hardware.

FACILITY MONITORING/SYSTEMS DESIGN CONSULTATION

- Prepare systems designs for the video surveillance and access control systems.
- Design these systems based on the input and direction from the development team, project operations, and Owner's security consultants/staff, and past project experience.

Mr. Gilbert Gallegos, AIA WJHW Proposal, Revision #2 – South Texas College Bond 2013 Projects Page 4 November 11, 2014

EXCLUSION: This work does not include "security consulting," which is normally taken to include review of criminal activity in the project vicinity, security staffing studies, recommendations as to other policing functions, and threat assessment studies, etc.

VIDEO SURVEILLANCE SYSTEM/MOTION DETECTORS

- Meet with all appropriate parties to review the video surveillance requirements of the project.
- Utilize this program to develop the systems designs to meet the goals and requirements of the program.
- Includes the design of: Motion detectors, Beam detection, Exterior camera surveillance and Interior camera surveillance (at designated sensitive points).
- Identification, location and interconnection of cameras throughout the facility.
- Design a complete system that will allow for monitoring of the cameras and recording of the images.

ACCESS CONTROL SYSTEMS DESIGN

- Meet with Owner security and operations staff or the development team's representatives to determine their security goals and assess their security program.
- Develop an access control system based on the outcome of the Owner's goals and approved program.
- Develop systems to monitor and control the facility, coordinated with the architectural design elements.
- Develop staffing plans through close liaison with the personnel responsible for securing the facility (limited to that which is necessary to operate the systems that we design).

FEES

We propose to perform the design efforts described in this proposal for the fees shown below plus reimbursable expenses. The hours and fees indicate a level of professional service which is consistent with our past work on similarly sized projects.

| PHASE OF SERVICE | FEE | MAN-DAYS ONSITE | REIMBURSABLE EXPENSES |
|---|---------------|--------------------|--------------------------|
| Programming/Schematic Design | \$41,250 | 10 | \$7,500 |
| Design Development Pending Up | date from Bro | addus & Associa | stes \$15,000 |
| Construction Documents | \$206,250 | 20 | \$15,000 |
| Bid Review & Construction Administration (including close-out) | \$137,500 | 40 | \$30,000 |
| TOTALS | \$550,000 | 90 | \$67,500 |

WJHW's current fee is based on an estimated technical systems budget of \$8,500,000 for Audio Visual and Structured Cabling (IT) systems. While the budget for Facility Monitoring is included within the CCL's for each project, WJHW has incorporated those design services within this proposal as a cost savings effort for South Texas College.

WJHW reserves the right to renegotiate our fees listed in this proposal should the project's final program, design direction, scope and AV/IT budget(s) differ from what is outlined in this proposal.

Our service fees are based on a maximum of one ninety (90) man-days onsite in the Rio Grande Valley during the life of the projects for all the services listed above. Any additional man-days that the Program Manager, Owner and/or Architect(s) authorize will be invoiced as an additional service on either an hourly basis or a per diem rate of \$1,250/day plus expenses.

PROJECT-RELATED REIMBURSABLE EXPENSES

Project related reimbursable expenses such as non-stop, coach air travel, reasonable travel agent fees, mileage at prevailing IRS rates, ground transportation, hotel, meals while traveling, printing, expedited delivery, etc., are invoiced at our cost, in addition to professional fees.

BIM TOOLS (REVIT) STATEMENT

WJHW has the capability and will prepare our construction documents in Revit for the design development and construction document phases to the Level of Detail (LOD) of 250/300. It is understood, that due to the lack of REVIT capabilities to model small items, including conduit under 2", that every element of the technical systems may not be fully represented in 3D. These items will be shown on our 2D drawings.

EXCLUSIONS

The following services are not a part of our basic services but can be addressed in an addendum to this proposal if deemed necessary:

- Any design/redesign of systems that may become necessary to accommodate changes in the approved program after release of the CD documents.
- Attendance at regularly scheduled, i.e., weekly design or construction meetings.
- Preparation or coordination of Record Drawings.

OTHER PROJECT PROVISIONS

RESPONSIBILITIES

<u>Value Engineering</u>: If "value engineering" (cost reduction through eliminating, reducing or substitution) recommendations are made by any party that are contrary to WJHW's recommendations or accepted practice and WJHW objects to any of these recommendations, WJHW will so state in writing.

If the Program Manager, Owner or Architects require the incorporation of changes to the project documents to which WJHW has objected, the Program Manager, Owner or Architects agree, to the fullest extent permitted by law to waive all claims against WJHW and to indemnify and hold harmless WJHW from any damages, liabilities, or costs, including reasonable attorney's fees and the cost of defense, which arise in connection with or as a result of the incorporation of such changes required by the Program Manager, Owner or Architects.

<u>Re-design</u>: WJHW will perform programming, analysis and design work one time. If we are requested to provide re-design or value engineering changes, after our design is issued for bid and/or incorporated, due to something beyond our control (change in overall project budget, changes based on the Owner's request, etc.), we would be pleased to comply on an additional services basis, either hourly or for a negotiated fee.

Mr. Gilbert Gallegos, AIA WJHW Proposal, Revision #2 – South Texas College Bond 2013 Projects Page 6 November 11, 2014

<u>Additional Services:</u> The need to perform Additional Services may arise as the Project proceeds. If that occurs, WJHW will notify the Program Manager and Owner for direction. Additional Services, if approved, shall be provided on either hourly basis or for a negotiated fee plus reimbursable expenses.

<u>Seal:</u> Construction documents produced by WJHW shall be sealed.

As many of the technical systems that are designed by WJHW require close coordination with the electrical and structural engineers, these engineers may need to review and develop schedules and related documents for their seal.

Project Electrical Engineer will size all current-carrying conductors and related conduit. The Project Structural Engineer will specify all structural members and attachments to the structure.

<u>Standard of Care:</u> WJHW will endeavor to perform our services in accordance with generally accepted standards of practice in effect at the time of performance. WJHW owes no fiduciary responsibility to any party involved in this agreement.

<u>Exclusion:</u> Any services not specifically described in our scope of services as basic services are specifically excluded from the services that WJHW will provide on this assignment.

<u>Limitations of Construction Responsibilities:</u> WJHW shall not have control over, or charge of, and shall not be responsible for, construction, means, methods, schedules, or delays, or for safety precautions and programs in connection with the Work. The Program Manager, Owner, Architects and General Contractor agree, to the fullest extent permitted by law to waive all claims against WJHW and to indemnify and hold harmless WJHW from any damages, liabilities, or costs, including reasonable attorney's fees and the cost of defense, which arise in connection with General Contractor's failure to construct the residences per the recommendations provided by WJHW to the Program Manager, Owner or Architects.

INVOICING AND PAYMENTS

Unless otherwise stated in the proposal/agreement, WJHW will invoice monthly based on percentage of completion. Payment is due in full, without retainage within 30 days.

INSURANCE

WJHW carries Professional Liability, General Liability and Workers Compensation in accordance with typical requirements, and will, upon request, provide a certificate of insurance. Increases in insurance coverage limits beyond those which are carried by WJHW and the cost of adding additional insured's to our policy as directed by Program Manager, Owner or Architects will be invoiced as a reimbursable expense.

MISCELLANEOUS

<u>Government Fees:</u> The professional fees listed in the proposal/ agreement do not include any government-imposed fees, duties, taxes (excise or otherwise), accounting costs associated with computing these costs or other costs, which are not specifically contained within the professional fees or the reimbursable expenses. Any such fees or taxes, which are imposed on the professional services provided by WJHW, will be added to our invoices.

<u>Indemnification</u>: WJHW and the Program Manager agree to indemnify and hold each other harmless from and against any and all claims, liabilities, suits, demands, losses, damages, costs and expenses (including reasonable attorneys' fees and costs of defense), to the extent caused by the negligent acts,

Mr. Gilbert Gallegos, AIA WJHW Proposal, Revision #2 – South Texas College Bond 2013 Projects Page 7 November 11, 2014

errors, or omissions of the other, or anyone for whose acts either of them may be legally liable.

<u>Entire Agreement</u>: This proposal/agreement contains the entire agreement between the parties and supersedes all prior oral and written agreements. No waiver of modification to the terms of this agreement is valid unless contained in a written document signed by WJHW.

TERMINATION

This Agreement may be terminated by either party upon no less than ten (10) days written notice should the other party substantially fail to perform in accordance with the terms of this Agreement.

This proposal is based on our current best understanding and expectations of the project requirements. If, after reading this proposal, you feel that modification of our proposed services is in order, we will work with you to arrive at a mutually agreeable scope of services and associated fees.

Thank you for your time and for giving us the opportunity to prepare this proposal. Please let us know if you have any questions or need further information.

Review and Action as Necessary on Contracting Mechanical, Electrical, and Plumbing (MEP) Design Services for Pecan Campus Sports Field Lighting

Approval to contract mechanical, electrical, and plumbing (MEP) engineering design services for the Pecan Campus Sports Field Lighting project is requested.

Since 2009, the sports field located on the north side of the Pecan Campus has operated after dark by use of rented lights and generators. As the demand for evening activities increases, the cost of the rental equipment has also increased to approximately \$8,700 per year. The cost of the rental equipment has reached the point where it is economically beneficial to install permanent sports field lighting.

The three MEP engineering firms listed below were previously approved by the Board for one year to provide professional services as needed for projects under \$300,000.00.

- 1. DBR Engineering Consultants, Inc.
- 2. Halff Associates, Inc.
- 3. Sigma HN Engineers, PLLC

Since this list of MEP firms was approved at the June 26, 2014 Board meeting, firms have been awarded projects on a rotational basis for on-call services. The next recommended firm based on this rotation is DBR Engineering. While DBR is next on the rotation list, they are primarily being recommended for this project because of their demonstration of previous experience with track and field facility design.

Funds have being budgeted in the FY 2014-2015 construction budget for design and construction of these improvements, with final amount to be negotiated.

| | Project Bu | ldget |
|-------------------|-----------------|--|
| Budget Components | Available Funds | Estimated Cost |
| Design | \$30,000 | Actual design fees are estimated between \$15,000 and \$18,000 and will be finalized during contract negotiations. |
| Construction | \$200,000 | Actual cost will be determined after the solicitation of construction proposals. |

The Facilities Committee recommended Board approval to contract Mechanical, Electrical, and Plumbing (MEP) engineering design services with DBR Engineering for the Pecan Campus Sports Field Lighting project as presented.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize contracting Mechanical, Electrical, and Plumbing (MEP) engineering design services with DBR Engineering for the Pecan Campus Sports Field Lighting project as presented.

The following Minute Order is proposed for consideration by the Board of Trustees:

The Board of Trustees of South Texas College approves and authorizes contracting Mechanical, Electrical, and Plumbing (MEP) engineering design services with DBR Engineering for the Pecan Campus Sports Field Lighting project as presented.

Review and Action as Necessary on Contracting Construction Services for the Nursing & Allied Health Campus North Parking Lot Expansion and Entry Drive

Approval to contract construction services for the Nursing & Allied Health Campus North Parking Lot Expansion and Entry Drive project is requested.

This parking lot expansion project began as a proposed expansion to an existing parking lot on the east side of campus as identified on the campus master plan. Because of the construction of the new City water tower and installation of portable buildings in the proposed expansion area, the additional parking lot was relocated to the west side of the water tower. This relocation required that a portion of a drive included in the master plan be constructed in order to access the new parking area.

Funding for this portion of the new drive is intended to come from the 2013 Bond proceeds. Therefore, it is recommended that a portion of this project including the area of the new drive be funded through Bond funds and the parking expansion be funded through non-bond funds. The attached map shows the two areas of this site improvement project.

Included in the FY 2014-2015 construction budget and Bond Funds are funds for this parking expansion project at the Nursing & Allied Health Campus. It is proposed that the parking expansion and new drive be funded using both sources. Constructing the proposed portion of a new drive will allow for adequate access to the new parking area. The remaining drive will be constructed as part of the remaining Bond construction work planned for this campus.

Perez Consulting Engineers has assisted STC staff in preparing and issuing the necessary plans and specifications for the solicitation of competitive sealed proposals. Solicitation of competitive sealed proposals for this project began on October 16, 2014. A total of six (6) sets of construction documents were issued to general contractors, sub-contractors, and suppliers and a total of six (6) proposals were received on October 31, 2014.

|------------------|---|
| October 16, 2014 | Solicitation of competitive sealed proposals began. |
| October 31, 2014 | Six (6) proposals were received. |

Staff evaluated these proposals and prepared the attached proposal summary. It is recommended that the top ranked contractor be approved.

Funds have been budgeted in the FY 2014-2015 Construction budgets for this project.

Review and Action as Necessary on Contracting Construction Services for the Starr County Campus Buildings A and B Re-Carpeting

Approval to select a contractor for the Starr County Campus Buildings A and B Re-Carpeting project is requested.

Carpeting in some areas of these buildings is over fifteen years old and is in need of replacement. Staff proposes to replace the carpet with carpet tile which is the current STC standard due to its higher quality and reduced maintenance.

STC staff issued the necessary plans and specifications for the solicitation of competitive sealed proposals. Solicitation of competitive sealed proposals for this project began on November 3, 2014. A total of nine (9) sets of construction documents were issued to general contractors, sub-contractors, and suppliers and a total of five (5) proposals were received on November 18, 2014.

| Timeline for Sol | icitation of Competitive Sealed Proposals |
|-------------------|---|
| November 3, 2014 | Solicitation of competitive sealed proposals. Nine (9) sets of construction documents were issued. |
| November 18, 2014 | Five (5) proposals were received. |

Staff evaluated these proposals and prepared the attached proposal summary. It is recommended that the top ranked contractor be approved by the Board.

Funds are available in the FY2014-2015 Renewals and Replacements budget for this project.

| Source of Funding | Amount Budgeted | Highest Ranked Proposal |
|-------------------------|-----------------|-------------------------|
| Renewals & Replacements | \$30,000 | \$22,196 |

The Facilities Committee recommended Board approval to contract construction services with W.F. Imhoff Co., Inc. dba/Intertech Flooring in the amount of \$22,196 for the Starr County Campus Buildings A and B Re-Carpeting project as presented.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize contracting construction services with W.F. Imhoff Co., Inc. dba/Intertech Flooring in the amount of \$22,196 for the Starr County Campus Buildings A and B Re-Carpeting project as presented.

Review and Action as Necessary on Substantial Completion of the Pecan Plaza Renovation for Continuing Education Additional Classrooms and Cashiering Space

Approval of substantial completion for the Pecan Plaza Renovation for Continuing Education Additional Classrooms and Cashiering Space project is requested.

Architects with Boultinghouse Simpson Gates Architects and STC staff visited the site and developed a construction punch list. As a result of this site visit and observation of the completed work, a Certificate of Substantial Completion for the project was certified on November 14, 2014. Substantial Completion was accomplished within the time allowed in the Owner/Contractor agreement for this project. A copy of the Substantial Completion Certificate is attached.

Alpha Building Corporation will continue working on the punch list items identified and will have thirty (30) days to complete before final completion can be recommended for approval. It is anticipated that final acceptance of this project will be recommended for approval at the January 2015 Board meeting.

The Facilities Committee recommended Board approval of the substantial completion of the Pecan Plaza Renovation for Continuing Education Additional Classrooms and Cashiering Space project as presented.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize the substantial completion of the Pecan Plaza Renovation for Continuing Education Additional Classrooms and Cashiering Space project as presented.

The following Minute Order is proposed for consideration by the Board of Trustees:

DECEMBER 2014 COMMENCEMENT SUNDAY, DECEMBER 14, 2014 - 3:00 PM MCALLEN CONVENTION CENTER

South Texas College reached another major milestone on Sunday, December 14, 2014 when it held its first ever December Commencement Ceremony at the McAllen Convention Center. This marks the seventh commencement ceremony for 2014! More than 1,500 students were eligible to dress in their regalia and participate in this important ceremony that celebrated their accomplishments. It was their moment to shine and transition into the workforce or continue pursuing their higher education.

Due to the student enrollment growth and the record number of students completing their certificates, associate and bachelor degrees, it was just a matter of time before we had to add a December Commencement in addition to the six ceremonies held in May.

Kudos, sincere appreciation and much-deserved recognition to South Texas College's Board of Trustees, faculty and staff, our exceptional faculty, department/program chairs, Vice Presidents, and Deans who helped guide and ensure a quality educational experience for our graduates, and numerous others at the College who made available the critical support services necessary to provide for their success. A special thank you is extended to Matthew S. Hebbard, Dean of Enrollment Services, for his leadership throughout the entire process. The coordination of a commencement ceremony is never an easy task, let alone a seventh!

On December 4th I was invited to attend the White House College Opportunity Day of Action hosted by President Barack Obama and First Lady Michelle Obama. The summit focused on college completion, as well as on K-16 collaborations and innovations in the use of technology to significantly increase the number of underrepresented Americans to attend and successfully complete a postsecondary degree. Colleges, universities, and foundations pledged commitments to measurably increase college

attainment for Americans. The day was divided with presentations including the President, First Lady, Vice President and ten smaller discussion groups on different topics. Much of the information shared, and the commitments announced at the Summit, were familiar as I truly believe that South Texas College is on the cutting edge of the work that needs to be done at a national level. Also representing South Texas were Dr. Ponce, Superintendent, McAllen ISD, Dr. King, Superintendent, PSJA ISD, and Dr. William Serrata, President of El Paso Community College, and former VP for Student Affairs and Enrollment Management at South Texas College.

I was part of the College Completion working group and had a disheartening interaction with the past president of a "Big 10" university who, when learning I represented a community college that helped many students transfer, told me he has never been an advocate for students transferring from community colleges. From our exchange it was clear he had no real understanding about the essential impact higher education can have by improving the transfer function from community colleges to universities. His comments left me perplexed. How can he not understand the majority of Latino and African American students who are in college today are attending community colleges and the potential impact transfer has on America's college completion. I am determined, more than ever, to champion the seamless transition of community college students to four-year institutions without barriers or impediments, such as loss of college credit. I came away from the summit realizing how much more work we still have to do to ensure <u>ALL</u> students are given the opportunity to complete college.

South Texas College student Amanda Leigh took part in this photo shoot of her image on one of the billboards for the new "**In the Making**" rebranding campaign.

South Texas College was a proud sponsor of the City of McAllen **Holiday Parade** held Saturday, December 6, 2014. City crews set up shop adjacent to the College's Technology Campus, and diligently worked on floats to prepare for the City's biggest holiday parade in the City's history! Students and staff from the College presented "Animal" from the Muppets. The College also made available the "Polar Express," a free Park and Ride shuttle service to the McAllen Holiday Parade. Anyone wishing to ride the shuttle were encouraged to park at the Cooper Center lots or the Jag Express Lot (west of Ware Road) and then hop on board the Polar Express! Riders were dropped off at 21st & Quince.

The Office of Student Activities and Wellness treated students to free movies on Thursday, November 20th and Wednesday, December 3rd at the Starr, Mid Valley and Pecan campuses. Students were invited to head to their nearest South Texas College campus to enjoy these free movies under the stars.

On Nov. 24th two screenings were held of the documentary film *Miss Representation* with a special introduction by Dr. Patricia Blaine. The film was shown in the Auditorium, Building D on the Pecan Campus. Written and directed by Jennifer Siebel Newsom, the film exposes how mainstream media contribute to the underrepresentation of women in positions of power and influence in America. The film challenges the media's limited and often disparaging portrayals of women and girls, which make it difficult for women to achieve leadership positions and for the average woman to feel empowered.

South Texas College's Chapter of the American Association for Women in Community Colleges held their first annual Holiday Bazaar for the purpose of raising scholarship funds for South Texas College students. The event took place on Monday, December 8th at the Pecan Campus, Building H.

Students were invited to attend *Light Up Study Night* on December 3, from 5:30 pm to 10 pm at the Cooper Center! This event created a study environment with refreshments, food, door prizes, entertainment, and CLE tutors. Students were also treated to the "Communication Arts Tree Lighting"

South Texas College hosted the Texas Regional STEM

Degree Accelerator Initiative on November 19th at the Pecan Campus. Key College staff were joined by 10 education institutions to begin working together on a Planning Grant for the Texas Regional STEM Degree Accelerator Initiative. The \$15,000 Planning Grant is the first part of a twophase project focused on ensuring that 100,000 under-represented students in Texas earn STEM degrees over the next four years. Texas is projected to have approximately nine percent of the nation's STEM opportunities in the future, the second highest in the U.S., according to the Houston Endowment and the Texas Higher Education Coordinating Board. Regional planning teams will analyze data and develop a Regional STEM Pathway Plan during the first phase of the project. If selected, the regional teams that develop successful plans will receive additional funding of \$400,000 to \$1 million over a three-year period to implement their pathway plans, beginning in Sept. 2015. During the meeting, the participating institutions and organizations laid the foundation for the planning proposal that will be submitted on December 16th by reviewing the goals of the grant, identifying information required by the application and developing their initial plans. The grant winners will be announced on January 13, 2015. The institutions and organizations that attended the meeting and are part of the partnership are: South Texas College, The University of Texas-Pan American, The University of Texas-Brownsville, Texas Southmost College, Texas State Technical College – Harlingen, PSJA ISD, La Joya ISD, Mission CISD, RGV FOCUS, and Workforce Solutions.

On December 5th Grainger Industrial Supply, the nation's leading broad line supplier of maintenance, repair and operating products, awarded two scholarships to South Texas College Diesel Technology students Daniel Gaona and Felipe Salas. The Grainger *Tools for Tomorrow Scholarship Program* helps technical students across the country realize their educational goals. Outstanding students are recognized with a \$2,000 scholarship and a customized Westward toolkit upon completion of their educational

program. Student Daniel Gaona plans to use the funds to advance his academic career, become a diesel technician and eventually own his own shop. Student Felipe Salas, a forklift technician, plans to transfer into a mechanical engineering program upon graduating from South Texas College this fall.

On December 5th the College's Computer Aided Drafting and Design Program and the Art Program students showcased their creativity while participating at the McAllen Artwalk. Kudos to the faculty and staff for the mentoring and support of these talented students.

On November 20th, the CADD Program presented the Fall 2014 Lecture Series featuring engineers from Halff Associates, Inc. Students, faculty and staff were invited to attend and enjoy a light lunch following the lecture series.

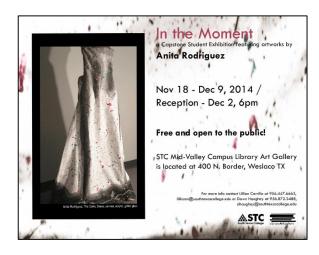

The South Texas College Information Technology Program held a toy drive to benefit underprivileged children who live in the RGV colonias. A one mile walk-run event was held on December 6th at the Technology Campus. In lieu of an entry fee, a donation of a new unwrapped toy was accepted. The toys will be gifted to local children in the Rio Grande.

Students were invited to meet with Ms. Courtney Sturges, graduate student recruiter, from Texas A&M Commerce on Monday and Tuesday, November 24 & 25, 2014 at the Pecan Campus, Building H. Ms. Sturges also provided a presentation for all attendees.

Students were invited to visit with Ms. Jessica Andis, student recruiter, from Texas Tech University on Tuesday, November 25, 2014, at South Texas College's University Center in Building H on the Pecan Campus. All interested students were welcome to attend.

The South Texas College Mid-Valley Campus Library presented "*In the Moment*," featuring the student artwork of Anita Rodriguez. The exhibit opened on Tuesday, Nov. 18, 2014 and continues through Dec 9th at the Mid-Valley Campus Library (Bldg. E), in Weslaco. A reception was held on Dec. 2nd at 6 p.m. at the same location. Admission to both events was free and open to the public.

STC's Library Art Gallery exhibits regional, national and international artwork, explores new visions and theories of creativity, and introduces innovative artistic expressions to the South Texas region.

On November 22, 2014, the Kinesiology Department held the 9th Annual Turkey Trot. The event began at 6:30 AM on the Pecan Campus, Cooper Center. It included a 2-mile run/walk course. Admission was free; however, a donation of 6 can goods were accepted in lieu of a fee. All donations were to benefit the Food Bank of the Rio Grande Valley. Prizes for top finishes were given and free Turkey Trot t-shirts and goodies bags were given to the first 150 participants. It was a great turn-out and exciting event for all.

• WILD (Writers In Literary Discussion) held a show for children featuring puppets, singers, and a dancer. The show *Up the Hill with Jack and Jill* was presented on Friday, November 21st and

Saturday, November 22nd at the Building D Auditorium on the Pecan Campus. Admission was free for children and \$1.00 for adults.

- On Thursday, December 4th representatives from the Minority Affairs Council at UTPA held an
 information session for undocumented students at South Texas College, in Building T, Room 2.012
 on the Pecan Campus. The session included the resources available for undocumented students as
 well as updates about recent changes in immigration policy in the United States.
- <u>CPR/First-Aid Training</u> was provided on Friday, November 21st at the Technology Campus, Building A, Room 120 from 8:15 AM to 5:00 PM. Seats were limited and on a first come, first served basis.
- Faculty and staff were encouraged to attend training sessions on the fundamentals of Microsoft Office 2013 and to explore its new features. Participants learned some of the new enhancements and changes in the software. Sessions were held on December 5th, 10th and 12th at the Mid Valley, Starr County and Pecan Campuses.

- Attended the Partners in Excellence Breakfast hosted by the McAllen Independent School District. It was a great opportunity to visit with our partners at the McAllen ISD and to be recognized for our various partnerships with McAllen ISD.
- Met with Juan Carlos Aguirre, Associate Dean, Continuing, Professional and Workforce Education for an update on his department's activities.
- Attended the South Texas ISD's 50th Anniversary Celebration held Saturday, November 22nd at their Mercedes Campus. I also was invited to serve on a higher education panel alongside TSTC Interim President Dr. Stella Garcia, UTB Interim President Dr. William Fannin, and UTPA Interim President Dr. Havidan Rodriguez.
- I participated in a teleconference with other presidents served with me on a panel at the National Early College Conference hosted by *Educate Texas* and *Jobs for the Future*.
- The Conference was held in Dallas, December 9th and 10, 2014 with over 700 Texas and national education leaders representing ISDS and community colleges/regional universities, and who are very involved in the Early College High School movement. The purpose for the conference was to build momentum for this movement and highlight its success to date. Those invited to the Conference included educators, administrators, policymakers, and thought leaders to learn how early

college can prepare students for college and careers through proven instruction strategies, emerging technology, and partnerships with colleges and employers. South Texas College is proud to be the leader in Texas in the Early College High School movement with 26 Early College High Schools to date.

Serving with me on the panel were presidents from Lee College, UT-Permian Basin, and UT-El Paso. Joel Vargas, Vice President, High School through College with *Jobs for the Future* served as the moderator.

- Participated in a meeting coordinated by Congressman Hinojosa's office to review and discuss the Apprenticeship Grant, an upcoming Department of Labor funding opportunity.
- Attended the showcasing of two new musical groups at South Texas College, the new Mariachi and the new Drum Line. The event was coordinated by William Buhidar, Visual Arts and Music Department at South Texas College.

I provided a welcome, and expressed congratulations at the graduation ceremony for the Ambassadors Cross-Training Academy held Friday, December 5, 2014 at the Auditorium in Building D on the Pecan Campus. The Ambassadors Cross-Training Academy is designed to help South Texas College employees improve their knowledge of all aspects of the College and provide better assistance for students and colleagues.

Attended and provided a welcome and remarks at the Texas Workforce Commission/Skills Development Fund Grant Announcement on Thursday, December 11th at the Technology Campus. Mayor Jim Darling was in attendance and provided a welcome on the behalf of the City of McAllen. I thanked Mayor Darling for joining us and also expressed my appreciation to the Texas Workforce Commission for being a long-standing partner of South Texas College. Since 2002, the College has received 12 grant awards from TWC

to provide high level, advanced manufacturing training to local companies. The amount of funding the College has received from these awards totals \$11,110,000 and we have used the funds to provide training to 13,458 new and incumbent workers in our community and to build training capacity at the College. The ceremony represented another training project that will not only increase the skills level and wages of over 250 workers, but will help make local manufacturing

operations more globally competitive. The technical training in this project will focus on five major competencies: Automation Technology, Manufacturing Production Skills, Welding, Safety, and Quality. The manufacturers who have partnered with the College in this training project are: Grand Rapids Foam Technologies, Panasonic Corporation of North America with Kelly Services Inc., Fox Packaging and Zebra Technologies Corporation. It is their commitment and confidence in South Texas College that helps make our programs successful.

I also had the pleasure of introducing Esperanza "Hope" Andrade, Commissioner Representing Employers, Texas Workforce Commission, who provided remarks and presented the College with a check in the amount of \$216,303.

- Met with Dr. Anahid Petrosian, Interim Vice President for Academic Affairs and Dr. Margaretha E. Bischoff, Dean of Social and Behavioral Sciences to review and discuss their ideas for the reorganization of the Liberal Arts and Social Sciences Division.
