MINUTES

The Education and Workforce Development Committee Meeting was held on Tuesday, January 15, 2019 in the Ann Richards Administration Building Board Room at the Pecan Campus in McAllen, Texas. The meeting commenced at 3:50 p.m. with Dr. Alejo Salinas, Jr. presiding.

Members present: Dr. Alejo Salinas, Jr., Mrs. Victoria Cantú, and Mr. Gary Gurwitz

Other Trustees present: Mr. Paul R. Rodriguez

Members absent: None

Also present: Dr. Shirley A. Reed, Dr. Anahid Petrosian, Dr. David Plummer, Mrs. Mary Elizondo, Mr. Matthew Hebbard, Dr. Jayson Valerio, Dr. Ali Esmaeili, Dr. Murad Odeh, Dr. Fernando Chapa, Ms. Nancy Gonzalez, Ms. Yvette Gonzalez, and Mr. Andrew Fish.

Approval of Minutes for Tuesday, December 4, 2018 Committee Meeting

Upon a motion by Mrs. Victoria Cantú and a second by Mr. Gary Gurwitz, the Minutes for the Education and Workforce Development Committee meeting of Tuesday, December 4, 2018 were approved as written. The motion carried.

Review and Recommend Action on the Proposed Bachelor of Science in Nursing Program

The Education and Workforce Development Committee was asked to review and recommend Board approval of the proposed Bachelor of Science in Nursing (BSN) Program as presented.

Prior Committee and Board Action

The Committee initially reviewed the BSN Program in August 2017, and at that time recommended Board approval of the program. While the Board approved the program

on August 22, 2017, administration delayed the application process to further ensure the College was in full compliance with all criteria and newly developed guidelines for Texas Board of Nursing approval.

The BSN Program was presented once again for consideration. While the prior Board authorization satisfied the state's requirement for governing board approval, administration provided this update and an opportunity to discuss the program and ask the Education and Workforce Development Committee to recommend that the Board of Trustees reaffirm the prior approval.

BSN Program Development at South Texas College

South Texas College was a strong proponent for the role of community colleges to meet the increasing demand for high-skilled registered nurses with the baccalaureate credential. The Program Summary included a survey of the research showing the great demand for an increased presence of BSN-holding registered nurses; the Institute of Medicine recommended that at least 80% of nurses should hold a baccalaureate degree by 2020, and Texas was well short of that mark in 2018, at 61.7%.

Legislative Authority to Develop BSN Program

With tremendous support from the local delegation and legislative consultants Dean McWilliams and Leticia Van de Putte, Senate Bill 2118 passed the 85th Texas Legislature and provided legislative authority for Texas community colleges that meet selective criteria to offer the BSN Program.

Proposed South Texas College RN-to-BSN Program

The proposed BSN program would establish an RN-to-BSN track, developed for existing registered nurses to continue their education to attain the BSN. This BSN program would further develop critical clinical and knowledge-based skills initially included in an Associate Degree Nursing (ADN) program, providing a pathway for registered nurses to meet the expectations of hospitals and healthcare partners nationwide.

Hybrid Program

This was a unique and innovative program, which was significantly different from bachelor programs at Texas A&M and UTRGV. The South Texas College RN-to-BSN Program would be a hybrid on-line program, integrating face-to-face activities with online learning resources to help students pursue their degree while working as full time nurses.

Clinical Component

The program would also include a clinical component, which is often not included in bachelor's programs. This component was included in the South Texas College RN-to-BSN program to ensure that graduates have "hands-on" learning experience beyond their associate degree learning experience.

Upon a motion by Dr. Alejo Salinas, Jr. and a second by Mrs. Victoria Cantú, the Education and Workforce Development Committee recommended Board that the previous action to approve the program on August 22, 2017 be rescinded, and that the application presented to the Committee be approved for submittal as of January 15, 2019 also recommend approval of the proposed Bachelor of Science in Nursing Program.

Adjournment

There being no further business to discuss, the Education Workforce Development Committee Meeting of the South Texas College Board of Trustees adjourned at 4:31 p.m.

I certify that the foregoing are the true and correct Minutes of the January 15, 2019 Education and Workforce Development Committee of the South Texas College Board of Trustees.

Dr. Alejo Salinas, Jr.
Presiding

Review and Discussion of Academic and Workforce Instructional Program Review Process

The Education and Workforce Development Committee is asked to review the Academic and Workforce Instruction Program Review Process.

Dr. Anahid Petrosian, Interim Vice President for Academic Affairs, will provide an overview of the Instruction Program Review Process.

An Academic or Technical program may include a single credential, or might include a number of related or even stackable awards, such as certificates leading to associate degrees.

- Academic programs are developed for transfer to other institutions of higher education.
- Technical programs are developed to meet local business and industry workforce needs.

New Program Development

Programs at South Texas College are developed in close alignment to the College's mission and strategic direction and in response to the needs of the communities served. The College also complies with relevant rules and regulations from:

- Texas Higher Education Coordinating Board (THECB),
- Southern Association of Colleges and Schools – Commission on Colleges (SACSCOC),
- Professional accreditation agencies; and
- Federal regulations

Program Review Process

Once programs are implemented, they are reviewed annually on the following standards:

- Graduation Numbers
 - 25 Graduates from the program within the past 5 years
- Placement Rates (Workforce Programs only)
 - 80% of graduates enrolled in higher education *or* working with one year of graduation
- Licensure / Credential Exam Pass Rates
 - Pass rate is no more than 5% below the state average for the past 3 years *or* meets the pass rate set by program accreditation agency
- Transfer Rates
 - Program graduates' transfer rates will exceed the STC average rate for the past 3 years

Ongoing Program Support

Each department has standing committees including broad-based community participation in related fields. These committees focus on program quality measures to ensure programs remain relevant to the fields they represent.

The College's Research and Analytical Services Department compiles data for each standard, and develops an annual *Program Review Report*, a copy of which follows the presentation in this packet. This provides an accurate lens of the program, and gives faculty and administration the ability to assess each program on the identified standards.

Program Monitoring Status

Programs that fail to meet the established standards are placed on monitoring status and action plans are developed to improve their performance.

It is worth noting that new programs are provided five academic years, during which they are encouraged to utilize marketing and outreach resources to attract students to participate in the new programs.

Further, some programs may have low enrollment statistics due to a low headcount of students actively pursuing a credential in that program, even if there are a large number of students taking courses within the field of study as either core curriculum or elective courses.

The aforementioned *Program Review Report* identifies nine programs currently under monitoring status, and administration will respond to the issues with each.

Administration will also discuss the strategies for program improvement that can be included within the action plans, including marketing, enhanced advising, curriculum review, and other measures that help keep the programs aligned toward serving student success.

Program Deactivation & Closing

In the event that a program is no longer viable, administration will follow a deactivation process, including notification to the Texas Higher Education Coordinating Board and the accrediting body, SACSCOC.

Programs are given three academic years to deactivate, during which time no new students are admitted into the program, and current students are provided the opportunity to complete their credential.

During the 2014 – 2018 review cycle, only the Plumber Assistant program was closed, and this was due to low enrollment.

This item is for the Committee's information and review, and no action is requested.

Instructional Program Review Process

Presentation for Education and Workforce Development Committee

Friday, February 19, 2019

Presenter: Dr. Anahid Petrosian, Interim Vice President for Academic Affairs

Outline

- **Instructional Program Development**
- **Program Development & Review Cycle**
- **Program Review Models at STC**
- **Program Review Report**
- **Programs under Monitoring Status**
- **Program Deactivation and Sunset**

Instructional Program Development

South Texas College develops instructional programs that are aligned with the **College's mission and strategic direction**. Programs may include stackable awards such as certificates leading to associate degrees.

- **Academic programs** are developed for transfer to other higher education institutions.
- **Technical programs** are developed to meet the business and industry workforce needs.

Programs are developed in compliance with

- Texas Higher Education Coordinating Board rules & regulations
- SACSCOC polices
- Accreditation agencies
- Federal regulations

Program Development & Review Cycle

- New Program Development (1-2 years)
- Implementation (5 years)
- Program Review (each year)
- Analysis of Data (each year)
- Action Plan for Improvement (each year)

Program Review Models at STC

Initial Model (1995 – 2015)

- Each semester 4-5 programs were selected for review
- Program Chairs submitted a report by responding to program review standards
- Faculty Review Committees would review the report and institutional data to determine the status of the program
- Review Committees then provided their recommendation
 - Continue, Continue with Improvements, or Deactivate the program

Current Model (2016 – Present)

- Program Review Process was incorporated into Programs' Institutional Effectiveness Plans
- Annual Program Review Reports are developed for review by Academic Council

Program Review Process

South Texas College **monitors** instructional programs based on specific standards. These standards have been selected based on **external and internal requirements** for program viability and effectiveness.

Program Review Standards

- Graduation Numbers
- Placement Rates (Workforce Programs Only)
- Licensure/Credential Exam
- Transfer Rates

Program Review Standards

- **Graduation Numbers**
 - ✓ 25 Graduates from each program in the past 5 year period
 - ✓ **Compliance:** Texas Higher Education Coordinating Board
- **Placement Rates**
 - ✓ 80% of graduates enrolled in higher education or working within one year of graduation
 - ✓ **Compliance:** Texas Higher Education Coordinating Board
- **Licensure/Credential Exam Pass Rates**
 - ✓ Pass rate is no more than 5% below state average for the past 3 years, or meet the pass rate set by program Accreditation agency
 - ✓ **Compliance:** Program Accreditation Agencies
- **Transfer Rates**
 - ✓ Program graduates' transfer rate will be better than STC average rate for the past 3 years
 - ✓ **Compliance:** South Texas College Key Performance Indicators

Departmental Committees

Departments have standing committees that focus on program quality measures.

Department Level Standing Committees

- Recruitment/Marketing
- Community Engagement Activities: College Fairs, Open House, ISD tours of College
- Persistence/Graduation
- Transfer/Articulation
- Advisory Committee (required for workforce programs)
- Division Curriculum
- Institutional Effectiveness Plan

Program Review Report

Program Review Report

- The College's Research & Analytical Department compiles data for each standard and develops an annual **Program Review Report**.

Data Analysis

- Program Chairs and faculty review the Report and **analyze and reflect on data** provided for each standard.

Program under Monitoring Status

- Programs that do not meet the desired standards are placed on **Monitoring Status**.
- Program Chairs develop **Action Plans for improvement of Program Outcomes**.

Program Review Report (2018)

The following programs are under monitoring status for not meeting program review standards.

Number of Graduates

- Mexican-American Studies
- Public Administration

Placement Rates

- Sign Language
- Respiratory Therapy

Licensure/Exam Pass Rates

- Fire Science
- Emergency Medical Technology

Transfer Rates

- Mexican-American Studies
- Chemistry
- Physics

Program Action Plans

Strategies for Program Improvement

Programs under Monitoring Status develop Action Plans for **Program Outcome Improvements**. Action Plans include strategies such as:

- Increase **program marketing & outreach activities**
- Enhance **program advising** (additional faculty advisors)
- **Revise Program curriculum** to align with changing industry needs and/or National Exam
- Establish **follow-up processes with program graduates** to report their employment status
- Provide alternative delivery mode: **Online, Competency**, etc.
- Create **articulation agreements** with transfer institutions

Program Monitoring Outcome

Programs under Monitoring Status have two years to implement strategies to improve the program outcomes.

- At the conclusion of the two-year monitoring period, the programs will be evaluated and based on the outcomes the program may be recommended to be:
 - **Removed from Monitoring Status and Continue**
 - **Deactivated and develop a plan to sunset**

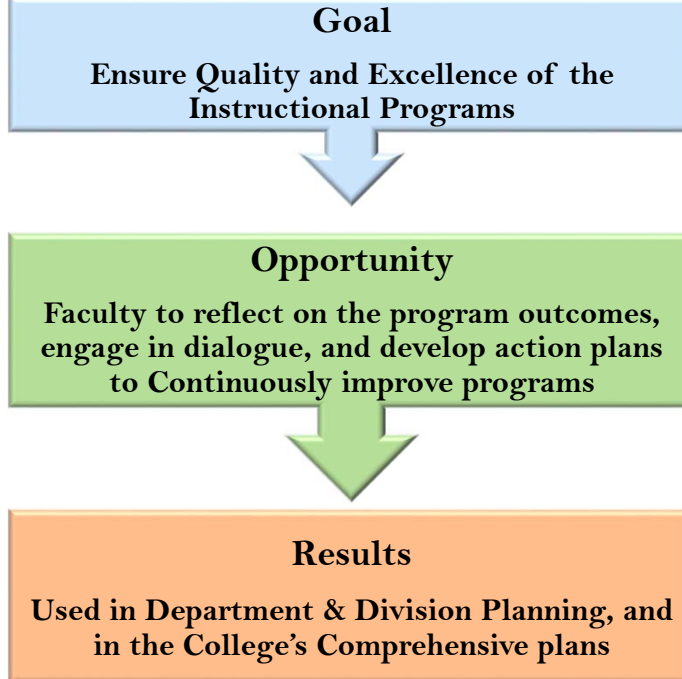

Program Deactivation & Closing

- **Deactivation Process:** Program deactivation request is reviewed and approved by **Division Curriculum Committee and College-Wide Curriculum Committee** and then a Notification Letter is submitted to Coordinating Board and SACSCOC.
- **Deactivation Timeline:** Programs have **3 academic years** to deactivate. During this period, students in the program are allowed to complete the program and no new students are allowed to enter the program.
- **Program Closing:** At the end of the 3 year period the program is officially closed. During the 2014 – 2018 review cycle there was one program (Plumber Assistant) that has been closed due to low enrollment.

Licensure: Pass rate of students tested on a specific licensure exam is no more than 5% below the state avg. for the last 3 years, or pass rate set by Program Accreditation Agency

Transfer: Program graduates will transfer to 4-year university or STC 4-year programs. Program Transfer rate will be above STC average Transfer rate for past 3 years (21.23%)

Review and Discussion of South Texas College Summer Camps for Elementary, Middle, and High School Students for Summer 2019

Dr. Rebecca De Leon, Dean for Dual Credit Programs and School District Partnerships, will present on the South Texas College Summer Camps scheduled for summer 2019.

Summer camps have proven to be an excellent outreach to students of all ages at the College's partnering school districts, and are an outstanding way to cultivate a college-going culture and an excitement for learning among participating students.

The Summer Camps scheduled for Summer 2019 are being provided by various teams at South Texas College:

- Academic Departments
- Workforce Departments
- Continuing Professional Workforce and Education Departments
- Institute for Advanced Manufacturing

These camps are designed for elementary-, middle-, and high-school aged students, with some camps open to all students, and others designed in partnership with specific school districts.

A Summer Campus booklet provided under separate cover has been shared with partnering districts and throughout the College's communities. Dr. De Leon will review the booklet and the programs, and will respond to questions from the Committee.

This item is for the Committee's information and review, and no action is requested.

Presentation on South Texas College Food Pantries and Partnerships

Mr. Elibariki Nguma, Director of Student Activities and Wellness, will review the South Texas College Food Pantries and Partnerships.

South Texas College has partnered with the Food Bank of the Rio Grande Valley, Inc. and the South Texas Food Bank to address food insecurity faced by some of the College's students.

Food insecurity is defined as a "lack of access, at times, to enough food for an active, healthy life for all household members and a limited or uncertain availability of nutritionally adequate foods."

Students and households facing food insecurity are forced to make trade-offs between important basic needs, such as housing or medical bills, and purchasing nutritionally adequate foods." Higher education and workforce training often suffer in homes facing food insecurity.

In 2016, *Feeding America* projected that 13.9% of the population of Hidalgo County and 15.1% of the population of Starr County faced food insecurity. To provide much needed assistance to students affected by this serious issue, South Texas College partnered with the Food Bank of the Rio Grande Valley in Fall 2017 to open a food pantry at Pecan Campus.

While this first food pantry was available to all students from each campus, it was simply a starting point. Administration is proud that with recent support and approval from the Board of Trustees, two additional food pantries are being established at South Texas College campuses, with plans to open in Spring 2019:

- Mid Valley Campus, through Food Bank of the Rio Grande Valley, Inc.
- Starr County Campus, through South Texas College Food Bank

Mr. Nguma will report on use of the South Texas College Food Pantry to date, as well as efforts to sustain these operations, and expand them to serve all students in need.

Mr. Nguma will also discuss other assistance and support programs that might be available to students in need. South Texas College counselors and support staff provide education to students about resources available to them at the College and through other providers.

This item is for the Committee's information and review, and no action is requested.

What is Food Insecurity?

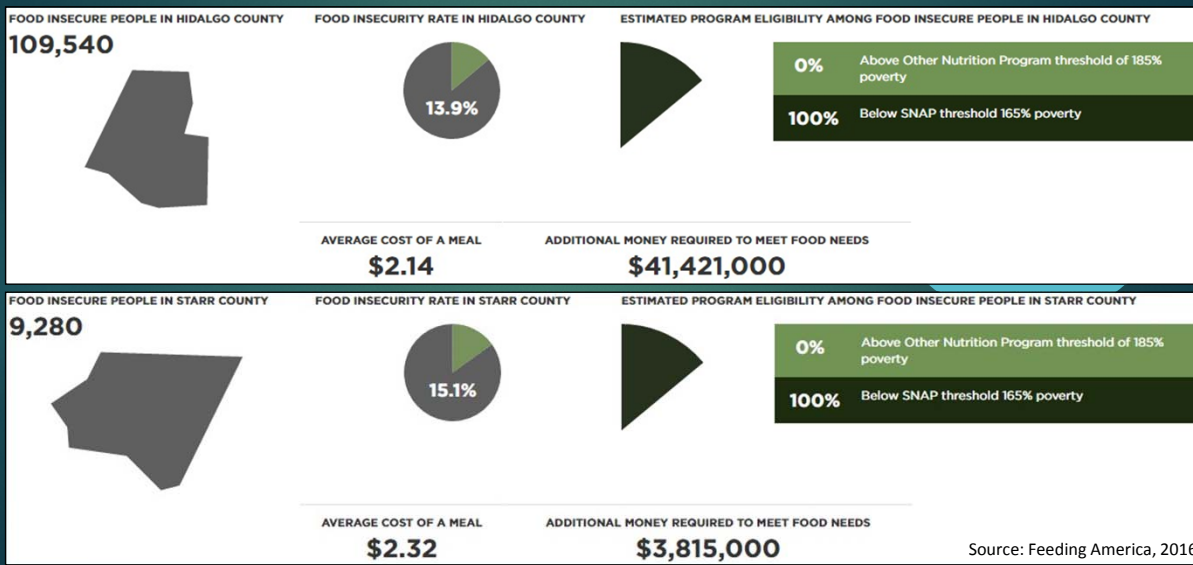

- ▶ Food insecurity is a **“lack of access, at times, to enough food for an active, healthy life** for all household members and limited or uncertain availability of nutritionally adequate foods.”
- ▶ Households that are food insecure may be **forced to make “trade-offs** between important basic needs, such as housing or medical bills, and purchasing nutritionally adequate foods.”

Update on Instructional Activities at Regional Center for Public Safety Excellence

Mr. Paul Varville, Chief Administrator for the Department of Public Safety and Regional Center for Public Safety Excellence, will provide an update on the instructional activities at the Regional Center for Public Safety Excellence.

Through ongoing collaboration with federal, state, county, and local agencies participating on an advisory board, a number of instructional programs have been identified as a top priority for the regional center.

Continuing Education for Law Enforcement Professionals

For January 2019, 260 law enforcement officers participate in training programs, and two of the listed courses were closed when the maximum class enrollments were reached. Mr. Varville will review the past and upcoming training programs with the Committee, as outlined in flyers provided in the following pages.

Police Academy Cadet Programs

The first police academy cohort at the Regional Center for Public Safety Excellence included 28 cadets, and future projections call for the operation of two concurrent cohorts to accommodate the demand for this program.

Facilities Usage

The Regional Center for Public Safety Excellence was constructed with the following classroom spaces:

- Five standard classrooms;
- One large training/conference room that can be subdivided into three temporary classrooms; and,
- One computer lab.

Through a leasing agreement with PSJA ISD and in recognition of their significant support for the construction of the Regional Center for Public Safety Excellence, which included 10 acres of property and \$1M in direct funding, four of the standard classrooms are made available to PSJA ISD programs when needed. While the College has access to these classrooms when they are vacant, priority scheduling is given to the school district.

Of the remaining classroom facilities, one standard classroom is used by the police academy, one subdivided classroom is provided for use by the fire science academy, and the remaining two subdivided classrooms are used by the law enforcement continuing education programs.

Forecast of Facilities Needs

Administration anticipates the need for an additional 3 portable buildings to provide necessary facilities for:

- the second concurrent policy academy cohort;
- a virtual target room (utilizing laser practice equipment);
- the development of a cyber security lab;
- student services spaces, including tutoring, library assistance, and an open lab;
and
- additional office spaces for technicians, staff, and instructors.

This item is for the Committee's information and review, and no action is requested.

FBI-LEEDA PRESENTS:

SUPERVISOR LEADERSHIP INSTITUTE

August 26 – 30, 2019

Regional Center for Public Safety Excellence
3901 S. Cage Blvd., Pharr, TX 78577

The FBI-LEEDA Supervisor Leadership Institute (SLI) is a foundational 4½-day course that helps prepare the next generation of police leaders for their critical first steps in police leadership. Supervisors and managers at higher levels will benefit from the topics covered in this course, appreciating how first line supervisors are critical to the success of the organization. To lead others, we must first know ourselves and SLI takes us on that part of the leadership journey. Among the modules covered in this course, students will find out how the DISC factors, Dominance, Influence, Steadiness and Compliance, can predict your behavior towards others in day-to-day interactions. The students will thoroughly examine the concepts of credibility, accountability and motivation, while becoming familiar with aspects of liability and discipline that are vital to leadership at all levels of the organization.

FBI-LEEDA PRESENTS:

MEDIA AND PUBLIC RELATIONS

September 9 – 13, 2019

Regional Center for Public Safety Excellence
3901 S. Cage Blvd., Pharr, TX 78577

FBI-LEEDA is pleased to present a 4½-day course on media and public relations. Police cannot succeed without the support of the community they are sworn to protect. The image of an agency as a professional and ethical organization is vitally important. This course will guide the participants to promoting a consistent and positive public image of the department, enabling the community to perceive their police as a transparent organization they can depend on and trust. There are three key opinion influencers; participants will learn how each can positively or negatively affect public opinion. Students will participate in media training with numerous desktop and on-camera exercises. Topics covered include; image, branding and perception, the media's role in public opinion, managing social media communications, interview preparation and principles for communicating in a crisis event.

EXECUTIVE LEADERSHIP INSTITUTE

December 9 – 13, 2019

Regional Center for Public Safety Excellence
3901 S. Cage Blvd., Pharr, TX 78577

The FBI-LEEDA Executive Leadership Institute is an innovative 4 1/2-day program designed for executive-level law enforcement leaders and focuses on the emerging challenges facing 21st century police leaders. This highly interactive program follows the FBI-LEEDA “cops talking to cops” model of professional development. The course first looks inward to identify the forces of change and emerging trends within law enforcement, such as the challenges of merging the perspectives of traditionalist, baby boomer, generation X and Millennial employees and presents leadership strategies to manage and adapt to future conditions
