Second Reading and Action as Necessary on Proposed Revision of Policy #1001: Authority & Functions of the Board, Committees, and Individual Trustees

Board Policy #1001: *Authority & Functions of the Board, Committees, and Individual Trustees*, identifies responsibilities of the Board of Trustees. The third responsibility is to periodically review, revision, and adoption of the Comprehensive Mission Incorporating the Institutional Vision, Purpose, Core Values, Guiding Principles, and Strategic Directions. This is an outdated reference, and should be updated.

Policy Review History

This policy was last revised in January 2009, and since that time, the College has revised its institutional documentation, in line with best practices.

The proposed policy revision was presented to the Board on July 23, 2019, and the Board undertook a first reading and review of the policy.

Legal counsel noted that the proposed phrasing for item #15 indicated that the Board would bear legal responsibility for all aspects of the operation of the College. He suggested that it may be more appropriate to change this to reflect the Board's oversight, and he agreed to propose new language as necessary.

No further revisions or concerns were voiced at that meeting.

Chairman Paul R. Rodriguez noted that members of the Board had requested that Board Governance Policies be presented for two readings to the Board of Trustees when applicable.

Chairman Rodriguez subsequently provided additional feedback on the policy, and his proposed revisions were included in the packet. Changes from the language presented to the Board on July 23, 2019 were highlighted in blue.

Institutional Vision, Mission, and Core Values

Since the last revision of Policy #1001 in January 2009, the College restructured its institutional documentation, and no longer maintained an institutional *Purpose, Guiding Principles, or Strategic Directions*. The essential functions of these documents were incorporated into other documents. The College further adopted an institutional *Mission*.

On November 6, 2018, the Education and Workforce Development Committee reviewed the process by which administration worked with faculty, staff, and students to continually solicit stakeholder feedback and refine the proposed revisions to the Vision, Mission, and Core Values of South Texas College.

On December 13, 2018, the Board of Trustees reviewed and adopted proposed revisions to the Vision, Mission, and Core Values of South Texas College.

The Board had the opportunity to revisit these documents at the February 16, 2019 Board Retreat, and will have further opportunities to review these documents on an on-going basis.

On March 26, 2019, the Board adopted a revision to Policy #900: *Comprehensive Mission Incorporating Institutional Vision, Mission, and Core Values*, which updated the language to match the revisions to the Vision, Mission, and Core Values as approved.

On August 27, 2019, the Board was asked to update Policy #1001: *Authority & Functions of the Board, Committees, and Individual Trustees*, to update the language to match the current documentation maintained by the College.

Other Revisions to Policy #1001

While it was necessary to revise Policy #1001 to update the aforementioned reference, administration reviewed several peer institutions to compare similar policy or bylaws, and has proposed minor changes that update other areas of Board responsibility.

Upon a motion by Dr. Alejo Salinas, Jr. and a second by Mr. Roy de León, the Board of Trustees of South Texas College approved and authorized the proposed revisions to Policy #1001: *Authority & Functions of the Board, Committees, and Individual Trustees* as presented, and which supersede any previously adopted Board policy. The motion carried.

Review and Action as Necessary on Proposed Revision of Policy #1220: *Vacancy on the Board of Trustees*

The Board was asked to approve the proposed revisions to update Policy #1220: *Vacancy on the Board of Trustees*.

Board Policy #1220: *Vacancy on the Board of Trustees* outlines the process by which the Board may fill vacancies in the Board of Trustees.

Policy Review History

This policy was last revised in July 2004, and since that time, the College received an Attorney General Opinion, while seeking to fill a vacancy on the Board. The Attorney General Opinion is paraphrased below, and was provided in this packet for the Board's review.

In 2010, Mr. Mike Allen representing Single-Member District No. 3 passed away, leaving a vacancy on the Board, with a five-and-one-half year unexpired term.

The Board noted a conflict in laws regarding the filling of vacancies, with two major points of contention between the laws:

- Would the South Texas College Board of Trustees fill the vacancy by appointment or through a special election?
- Would the appointed/elected trustee serve the full unexpired term, or only through the next general election held by the Board of Trustees?

The proposed policy revision was presented to the Board on July 23, 2019, and the Board undertook a first reading and review of the policy.

No further revisions or concerns were voiced at that meeting.

Chairman Paul R. Rodriguez noted that members of the Board had requested that Board Governance Policies be presented for two readings to the Board of Trustees when applicable.

Chairman Rodriguez subsequently provided additional feedback on the policy, and his proposed revisions were included in the packet. Changes from the language presented to the Board on July 23, 2019 were highlighted in blue.

Attorney General Opinion

South Texas College, working through its legal counsel and Texas Senator Eddie Lucio, Jr., sought an opinion from the Attorney General on the legal conflict.

On January 23, 2012, the Office of the Attorney General (AG) delivered the opinion (GA-0907) that the vacancy needed to be filled by an appointment by the sitting Trustees, and the appointment would be for the remainder of the unexpired term.

The AG opined that Texas Education Code 130.082 does not apply to South Texas College for the purposes of filling a vacancy, because it conflicts with the more specific Texas Education Code 130.0822, which applies to governing boards whose trustees are elected from single-member districts. A copy of GA-0907 is included in the packet, following the proposed policy revision.

The College subsequently followed the opinion to fill the vacancy, and on July 24, 2012, appointed Mr. Paul R. Rodriguez to the vacancy. Mr. Rodriguez formally assumed the seat on August 29, 2012.

Need to Revise Policy #1220: Vacancy on the Board of Trustees

Policy #1220 was not updated pursuant to the AG Opinion, and still outlined the option to fill vacancies on the Board through a special election and includes a reference to Education Code 130.082, which the AG opined does not apply to South Texas College in this context.

Administration recommended the policy be revised to reflect the AG opinion and the process used to fill the most recent vacancy on the Board in 2012.

Upon a motion by Mr. Roy de León and a second by Mr. Gary Gurwitz, the Board of Trustees of South Texas College approved and authorized the proposed revision to Policy #1220: *Vacancy on the Board of Trustees* as presented, and which supersedes any previously adopted Board policy. The motion carried.

Review of Presentations Delivered at August 13, 2019 Education and Workforce Development Committee Meeting

On August 13, 2019, the Education and Workforce Development Committee received the following presentation:

A. Review and Discussion on Proposed Reorganization of Division of Liberal Arts and Social Sciences

The Education and Workforce Development Committee was asked to review and discuss the proposed reorganization of the Division of Liberal Arts and Social Sciences, and to provide feedback to administration.

Background

South Texas College offered over 120 academic and workforce degree and certificate programs, organized under four instructional divisions. The instructional divisions were:

- Division of Business, Public Safety, and Technology
- Division of Liberal Arts and Social Sciences
- Division of Math, Science, and Bachelor Programs
- Division of Nursing and Allied Health

Growth within Division of Liberal Arts and Social Sciences

The Division of Liberal Arts and Social Sciences (LASS) was always the largest instructional division within the College. During the course of the past several years, the development of new programs, increased enrollment within specific disciplines, and increased faculty have caused substantial growth within LASS.

Based on the number of course sections, full-time faculty, and part-time faculty during the Spring 2019 semester, the LASS Division was nearly twice the size of the next largest Division of Math, Science, and Bachelor Programs.

Spring 2019		Number of Faculty		
Division	Course Sections	Full Time	Part Time: Adjunct / Dual Credit	Total Faculty
Business, Public Safety and Technology	1,013	140	80	220
Liberal Arts and Social Sciences	2,470	262	196	458
Math, Science and Bachelor Program	1,290	137	135	272
Nursing and Allied Health	502	107	16	123
Total	5,275	646	427	1,073

Designation of Assistant Deans

Academic Affairs has implemented special assignments for three faculty to serve as Assistant Deans to the LASS Division to provide administrative support in the

08/27/2019

management of the divisions. These special assignments were not formal positions, and were compensated through a partial course release and a monthly stipend, as per the Board-approved Pay Plan.

Timing of Proposed Reorganization

With the announced retirement of Dr. Margaretha Bischoff, Dean of Liberal Arts and Social Sciences, in December 2019, there was the opportunity to reorganize the Division into two separate divisions that are more manageable.

Proposed Reorganization

Working with department chairs, faculty, and staff within the division, administration proposed splitting LASS into two separate divisions:

- Division of Social & Behavioral Sciences
- Division of Liberal Arts

Staffing Needs for Proposed Reorganization

The current Dean for Liberal Arts and Social Sciences position could be re-designated as a Dean for Social & Behavioral Sciences position; however, a new Dean position would be necessary for Liberal Arts.

Administration recommended the creation of a new Dean position for the Liberal Arts Division.

Both new Division Deans would be supported by existing Assistant Dean special assignments, with two Assistant Deans supporting the Dean for Liberal Arts and one Assistant Dean supporting the Dean for Social and Behavioral Sciences.

The Finance, Audit, and Human Resources Committee would be asked to review this proposal, and to recommend Board approval of a proposed amendment to the Staffing Plan for FY 2019 – 2020 to:

- Change the current position title of Dean for Liberal Arts and Social Sciences position to Dean for Social and Behavioral Sciences; and
- Create a new position for Dean for Liberal Arts.

Timeline to complete the proposed search for two Deans:

<u>Dates</u>	<u>Activity</u>
8/15/2019 to 9/20/2019	Advertise Both Positions
9/3/2019 to 9/6/2019	Create Two Search Committees
9/23/2019 to 9/30/2019	Search Committees Meet to Select Candidates for Interview
10/8/2019 to 10/11/2019	Search Committees Conduct Interviews
10/28/2019 to 10/31/2019	On Campus Candidate Forum: Liberal Arts
11/4/2019 to 11/8/2019	On Campus Candidate Forum: Social & Behavioral Sciences
11/18/2019 to 11/26/2019	Make Official Offers to Start January 2020

B. Presentation on South Texas College Summer Camps

On February 19, 2019, Dr. Rebecca De Leon, Dean for Dual Credit Programs and School District Partnerships, presented to the Education and Workforce Development Committee a proposed schedule of South Texas College Summer Camps scheduled for summer 2019.

These camps were designed for elementary-, middle-, and high-school aged students, with some camps open to all students, and others designed in partnership with specific school districts. Dr. De Leon reviewed the Summer Camps booklet that identified partnering districts and other entities to provide awareness and registration information about these fantastic opportunities for local students.

Dr. De Leon, joined by Dr. Carlos Margo, Associate Dean for Industrial Training and Economic Development, provided an update to the Committee on the success of the wide variety of camps.

Dr. De Leon and Dr. Margo described the community engagement through Academic Summer Camps, Advanced Manufacturing Career Summer Camps, and Continuing Education Summer Camps.

Many of these camps were conducted through engagements by local school districts and limited to students designated by those districts, while others were open to public participation. The College also partnered with several local vendors to offer specialized programs, such as aviation and drone piloting, as summer camps.

After their review of the summer camps completed this season, Dr. De Leon and Dr. Margo reviewed the lessons learned by South Texas College administration this year, and how they planned for even greater offerings and enhanced public participation for Summer 2020.

The presentation was included for the Board's review, and no action was requested.

Presentation of the Quarterly Delinquent Tax Collection Report for the Period Ending May 31, 2019

Ms. Kelly R. Salazar from Linebarger Goggan Blair & Sampson, LLP, provided the Board with the Delinquent Tax Collection Report through May 31, 2019.

No action was requested.

Review and Action as Necessary on Interlocal Agreement for Transportation Services between South Texas College and the Lower Rio Grande Valley Development Council

Approval of the Interlocal Agreement for the Jag Express Intercampus Transportation Services between South Texas College and the Lower Rio Grande Valley Development Council (LRGVDC) for a one-year period of September 1, 2019 through August 31, 2020 was requested.

Background – The Interlocal Agreement for the Jag Express Intercampus Transportation Services was approved on August 28, 2018 for the period of September 1, 2018 through August 31, 2019.

The services include the Circulator (Yellow) and Park & Ride routes operated by the College. The Circulator route provides transportation between the College’s Pecan Campus, Technology Campus and Nursing and Allied Health Campus. The Park & Ride routes provides transportation between the Park & Ride Facility directly to and from Pecan Campus and Pecan Plaza.

In addition, the services include routes to the Mid Valley Campus (Purple Line) and Starr County Campus (Green Line), which are operated by the LRGVDC.

The annual operating costs for the services were as follows:

	Amount
Total Operating Cost for Services	\$1,531,028
Contributions:	
State/Federal Operating	(696,729)
City of Weslaco and Weslaco EDC Contribution	(78,292)
Total Contributions	\$775,021
Total Net Cost to STC	\$756,007
STC In-Kind and Direct Expenditures	558,360
STC Payment to LRGVDC	197,647
Total Net Cost to South Texas College	\$756,007

Annual Costs by transportation routes are as follows:

Transportation Routes	Total Operating Cost for System	Contributions	STC In-Kind & Direct Expenditures	STC Payment to LRGVDC
Mid Valley (Purple)	\$166,567	\$147,921	\$0	\$18,645
Starr (Green)	474,075	197,629	97,443	179,002
Circulator (Yellow)	514,225	227,239	286,986	0
Park & Ride	376,161	202,231	173,931	0
Total	\$1,531,028	\$775,021	\$558,360	\$197,647

The State/Federal Contributions in the amount of \$696,729 represented 50 percent of operating expenses, such as fuel, and salaries and benefits from bus drivers and other transportation staff, and 80 percent of expenses related to preventive maintenance such as tire maintenance, full service oil changes, vehicle battery replacement, and yearly vehicle state inspection.

In Fiscal Year 2019, the cost to the College totaled \$526,141 for the Jag Express Intercampus Transportation Services. The City of Weslaco and the Economic Development Corporation of Weslaco contributed the amounts of \$39,236 and \$39,000, respectively.

Justification - The Interlocal Agreement was intended to establish an intercampus bus route to serve all of the College's campuses. The bus routes would benefit students, faculty, and staff of South Texas College and thereby serve the goals of both organizations by facilitating access to the College and its educational programs and increasing the use of public transportation in the area.

The bus routes were free of charge to the students, faculty, and staff of South Texas College.

The FY 2018 and FY 2019 Ridership Report Comparison provided the number of riders using the South Texas College Jag Express routes. The ridership increased by 8,921 or 13.2%, from 67,377 in FY 2018 to 76,298 in FY 2019.

The responsibilities of South Texas College in this Agreement would be:

- 1) To operate and maintain eight (8) buses owned by the College and three buses leased from LRGVDC for the Circulator (yellow) and Park & Ride transportation routes during the College's business days and hours of service according to a schedule;
- 2) To promote ridership by College students, faculty and staff (promotion efforts will include publicizing the service through newsletters, email notifications, signage at special events and semester registration, and other means it determines would be beneficial to increase participation and raise awareness of the service); and
- 3) To designate boarding locations at each campus with appropriate signage at each of its campus stop locations.

Funding Source - Funds for this expenditure were budgeted in the Student Transportation Services budget for FY 2019 - 2020.

Reviewers – The Interlocal Agreement was reviewed by Mr. Tom Logan, Director of Valley Metro at the Lower Rio Grande Valley Development Council, Vice President for Finance and Administrative Services, Chief Administrator for Department of Public Safety, Comptroller, and by the College's Legal Counsel.

Enclosed Documents - A copy of the Interlocal Agreement and Ridership was provided in the packet for the Board's information and review.

Presenters – Ms. Maribel Contreras and Tom Logan from the Lower Rio Grande Development Council (LRGVDC) attended the August 13, 2019 Finance and Human Resources committee meeting to address any questions by the committee.

The Finance, Audit, and Human Resources Committee recommended Board approval of the proposed Interlocal Agreement between South Texas College and the Lower Rio Grande Valley Development Council (LRGVDC), as presented.

Upon a motion by Ms. Rose Benavidez and a second by Dr. Alejo Salinas, Jr., the Board of Trustees of South Texas College approved and authorized the proposed Interlocal Agreement between South Texas College and the Lower Rio Grande Valley Development Council (LRGVDC), as presented. The motion carried.

Review and Action as Necessary on Resolution 2019-005 Delegating Authority for the Purpose of Entering and Administrating Contractual Agreements for Educational Services

The Board was asked to approve and adopt Resolution 2019-005, delegating authority to the College President for the purpose of entering and administrating contractual agreements for educational services.

Background

State law required all contractual agreements between public entities be approved by their respective governance bodies.

South Texas College enters into numerous agreements to provide training and other educational services through contractual agreements with a variety of public entities, including but not limited to public school districts, municipalities, and economic development corporations.

- Training services under these agreements are provided by South Texas College's Continuing Professional and Workforce Education Department, the Industry Training and Economic Development Department, and through Division of Academic Affairs.
- Training may be provided to the employees of public entities, or may be contracted on behalf of their students or partnering third parties.

In FY 2018 – 2019, there were over 100 separate engagements for such services.

Proposed Delegation of Authority

Administration conferred with Legal Counsel, who proposed the explicit delegation of authorization to the College President to enter into and administrate contractual agreements for educational services, including with public entities, within reasonable guidelines approved by the Board.

Legal Counsel proposed the following guidelines:

1. The contractual agreement must be for educational services which the College is authorized to perform by the State of Texas.
2. The estimated income paid by the contracting party or the estimated expenditures by South Texas College may not exceed Fifty Thousand Dollars (\$50,000).
3. Tuition and fees for services provided shall be consistent with the Board's approval as set out annually in its Student Tuition and Fee Schedule.

The resolution further included Board ratification and approval of all contractual agreements for educational services that complied with the aforementioned guidelines and were approved and executed in FY 2018 – 2019.

The Finance, Audit, and Human Resources Committee recommended Board approval and adoption of Resolution 2019-005, delegating authority to the College President for the purpose of entering and administrating contractual agreements for educational services as presented.

Upon a motion by Mr. Roy de León and a second by Dr. Alejo Salinas, Jr., the Board of Trustees of South Texas College approved and adopted Resolution 2019-005, delegating authority to the College President for the purpose of entering and administrating contractual agreements for educational services as presented. The motion carried.

Review and Action as Necessary on Proposal for Vendor to Operate the College Bookstore

Approval of a vendor for the operation of the College Bookstore was requested.

Purpose – The College requested proposals for the management of the South Texas College bookstores located at the Pecan, Mid Valley, Nursing and Allied Health, Starr County, and Technology campuses. A term of five (5) years beginning November 1, 2019 through October 31, 2024 was requested.

Discussion and Action as Necessary on Use of Fund Balance and Proposed Revised Metric to Determine the Minimum Unrestricted Fund Financial Reserve Level

The Employee Retirement System of Texas (ERS) is considering changes to the allocation methodology under GASB 75 – Accounting and Financial Reporting for Post-Employment Benefits Other than Pensions.

ERS' current GASB 75 allocation methodology calculated each entity's liability based on the number of retirees that entity has booked. Due to the College's relatively young age and limited number of retirees, this methodology has had a lesser impact on South Texas College than many other public entities.

Administration was awaiting a decision from ERS on their allocation methodology under GASB 75 for next year, and its impact on South Texas College's fund balance. If ERS changes its implementation, those changes would be retroactive to August 31, 2019. A change of ERS allocation methodology may require a significant use and decrease in

fund balance, resulting in the College not meeting the minimum required fund balance threshold of four months per Board Policy #5350: Unrestricted Fund Balance.

Board Policy #5350: *Unrestricted Fund Balance* indicates the following; “The College shall maintain an unrestricted fund balance sufficient to cover no less than four months of budgeted expenditures, unless the Board of Trustees approves the use, transfer, or designation of fund balance, and a plan to restore the fund balance to the minimum amount”.

Justification –The final impact of GASB 75, at the time of publication of the board meeting packet had not been officially confirmed by The Employees Retirement System of Texas (ERS).

Administration requested Board acknowledgement that if the impact of GASB 75 due to the change of ERS allocation methodology, resulted in the College not meeting the metric as required by Board Policy #5350: Unrestricted Fund Balance, administration would develop and present a revised proposed metric and any necessary revisions to the policy for a recommendation of Board action at the next Finance Committee Meeting.

This acknowledgement would be established as a formal record, and would be presented to any future auditor to justify any non-compliance with #5350 due to ERS’ allocation methodology.

Dr. Shirley A. Reed, President, and Mary Elizondo, Vice President for Finance and Administrative Services attended the meeting to address any questions.

Enclosed Documents – Policy # 5350: Unrestricted Fund Balance was provided in the packet for the Board’s information and review.

The Finance, Audit, and Human Resources Committee recommended Board acknowledgement that if the implementation of GASB 75 results in the College not meeting the metric as required by Board Policy #5350: Unrestricted Fund Balance, administration will develop and present a revised proposed metric and any necessary revisions to the policy for a recommendation of Board action at the next Finance Committee Meeting as presented.

Upon a motion by Mr. Roy de León and a second by Dr. Alejo Salinas, Jr., the Board of Trustees of South Texas College acknowledged that if the implementation of GASB 75 resulted in the College not meeting the metric as required by Board Policy #5350: Unrestricted Fund Balance, administration would develop and present a revised proposed metric and any necessary revisions to the policy for a recommendation of Board action at the next Finance Committee Meeting as presented. Review and Discussion of South Texas College Proposed 2019 Tax Rate

Chapter 26 of the Property Tax code requires taxing units to comply with truth-in-taxation laws in adopting the tax rate. The laws have two purposes: to make taxpayers aware of tax rate proposals and to allow taxpayers, in certain cases, to roll back or limit a tax

08/27/2019

increase. The truth-in-taxation requires a taxing unit to calculate two (2) tax rates, the effective tax rate and the rollback tax rate, after receiving its certified appraisal roll from the chief appraiser.

Comparing a proposed tax rate to these two (2) rates determines which truth-in-taxation steps apply. A taxing unit must publish special notices and hold public hearings before adopting a tax rate that exceeds the lower of the effective tax rate or the rollback tax rate. The College is proposing to adopt a tax rate that does not exceed the lower of the effective tax rate or the rollback tax rate and therefore, is not required to hold two public hearings.

The notice of effective tax rate concerning the 2019 Property Tax Rate was published on August 7, 2019 in accordance with the Truth-In-Taxation requirements in the Monitor and the Starr County and Mid Valley Town Crier. A copy is enclosed for your information and review.

The compiled data for both counties and the Truth-in-Taxation calculation used to determine the tax rates is reflected below:

	M&O RATE	DEBT RATE	RATE	REVENUE
Effective Tax Rate			\$0.1733	\$69,068,061
Rollback Tax Rate	\$0.1472	\$0.0333	\$0.1805	\$71,711,587
Proposed Tax Rate	\$0.1400	\$0.0333	\$0.1733	\$69,068,061

The proposed maintenance and operations (M&O) tax rate of \$0.1400 was the maximum rate that the College could adopt as approved by the voters on November 5, 2013 and was the rate levied for the last four years.

The proposed debt rate of \$0.0333 was the amount necessary to fully fund all the debt service payments that consist of the 2013 Tax Bond Program, including Bonds Series 2014 and Bond Series 2015.

South Texas College was not required to hold public hearings and publish special notices before adopting the proposed tax rate of \$0.1733, since this rate did not exceed the lower of the effective tax rate or the rollback tax rate.

The Notice of Effective Tax Rate for 2019 and a Presentation were provided in the packet for the Board's information and review.

No action was necessary under this agenda item.

Review and Action as Necessary on Order Adopting the Tax Rate for 2019

Approval of the Order adopting the tax rate for 2019 by taking record vote of the members of the Board was requested. Approval of the Order was necessary to levy the tax for the 2019 tax year.

Mrs. Mary Elizondo, Vice President for Finance and Administrative Services, was available to present on the proposed 2019 tax rate for South Texas College to the public and Board of Trustees.

Chapter 26 of the Property Tax Code requires taxing units to comply with truth-in-taxation laws in adopting the tax rate. The laws have two purposes: to make taxpayers aware of tax rate proposals and to allow taxpayers, in certain cases, to rollback or limit a tax increase. The truth-in-taxation requires a taxing unit to calculate two (2) tax rates after receiving the certified appraisal roll from the chief appraiser, the effective tax rate and the rollback tax rate.

Comparing a proposed tax rate to these two (2) rates determines which truth-in-taxation steps apply. A taxing unit must publish special notices and hold two public hearings before adopting a tax rate that exceeds the lower of the effective tax rate or the rollback tax rate. South Texas College is not required to hold public hearings and publish special notices before adopting the proposed tax rate of \$0.1733 since this rate does not exceed the lower of the effective tax rate or the rollback tax rate.

The Notice concerning the 2019 Property Tax Rates has been published in accordance with the Truth-In-Taxation requirements in the Monitor and the Starr County and Mid Valley Town Crier. Attached are copies of the Proposed 2019 Tax Presentation, 2019 Property Tax Rates for your information and review.

The tax rate for 2018 Tax Year was as follows:

2018 Tax Rate			
	M&O Rate	Debt Rate	Total Rate
2018 Tax Rate	\$0.1400	\$0.0380	\$0.1780

The Tax Assessors for Hidalgo County and Starr County determined South Texas College's tax rates to be the following:

2019 Tax Rates				
	M&O Rate	Debt Rate	Total Rate	Revenue
Effective Tax Rate	-	-	\$0.1733	\$69,068,061
Rollback Tax Rate	\$0.1472	\$0.0333	\$0.1805	\$71,711,587
Proposed Tax Rate	\$0.1400	\$0.0333	\$0.1733	\$69,068,061

Determination of Tax Rates (M&O Rate and Debt Rate)

The proposed maintenance and operations (M&O) tax rate of \$0.1400 was the maximum rate that the College may adopt as approved by the voters on November 5, 2013. The College would maintain the 2018 M&O rate of \$0.1400.

The proposed debt rate of \$0.0333 was the amount necessary to fully fund all the debt service payments, including the M&O Tax Bond Program 2013. The College would decrease the 2018 debt rate of \$0.0380 to \$0.0333.

The proposed tax rate of \$0.1733, which included a rate of \$0.1400 for M&O and a rate of \$0.0333 for debt service, did not exceed the lower than the effective tax rate and the rollback tax rate. Thus, the College was not required to conduct public hearings adopting the proposed tax rate.

The proposed tax rate reflected a tax decrease of nearly ½ cent per hundred dollars in property value.

Approval of the Order would require a record vote of the members of the Board. A copy of the Order was provided in the packet for the Board's review.

The Finance, Audit, and Human Resources Committee recommended Board approval of the Order adopting the tax rate for 2019 by taking record vote of the members of the Board as presented.

Dr. Alejo Salinas, Jr. made the following motion: "I move that the Board of Trustees of South Texas College approve and authorize by record vote the Order establishing the tax rate of \$0.1733 for the 2019 tax year as presented." Mr. Gary Gurwitz seconded the motion.

Mr. Paul R. Rodriguez, Chairman, asked Dr. Shirley A. Reed, College President, to call a roll-call vote of the Board Members. All five Trustees present voted in favor of the motion, and Mrs. Victoria Cantú and Mr. Rene Guajardo were not present. The motion carried.

Review and Action as Necessary on Proposed Amendment to the Staffing Plan for FY 2019 – 2020

Approval of the Proposed Amendment to the Staffing Plan for FY 2019 - 2020 was requested.

Purpose - The Staffing Plan for FY 2019 – 2020 for all employee groups was presented for the Board's review, consideration, and approval on June 25, 2019. An amendment was necessary to request review and consideration of the proposed reorganization of the Liberal Arts and Social Sciences division.

Justification -- The Division of Liberal Arts and Social Sciences (LASS) was the largest instructional division within the College. During the course of the past several years, the development of new programs, increased enrollment within specific disciplines, and increased faculty caused substantial growth within the Division of Liberal Arts and Social Sciences.

Based on the number of course sections, full-time faculty, and part-time faculty during the Spring 2019 semester, the current LASS Division was nearly twice the size of the next largest Division of Math, Science, and Bachelor Programs.

Spring 2019				
Division	Course Sections	Number of Faculty		
		Full Time	Part Time (Adjunct / Dual Credit)	Total Faculty
Business, Public Safety and Technology	1,013	140	80	220
Liberal Arts and Social Sciences	2,470	262	196	458
Math, Science and Bachelor Program	1,290	137	135	272
Nursing and Allied Health	502	107	16	123
Total	5,275	646	427	1,073

Timing of Proposed Reorganization

With the announced retirement of Dr. Margaretha Bischoff, Dean of Liberal Arts and Social Sciences, in December 2019, there was the opportunity to reorganize the Division into two separate divisions:

- the Division of Social and Behavioral Sciences, and
- the Division of Liberal Arts.

The size of these two new Divisions would be equitable with the other Divisions of the College and would be more manageable.

The Staffing Plan information was prepared by the Office of Human Resources, in collaboration with Business Office and all other organizational divisions of the College, to reflect the College’s comprehensive proposed staffing and salary structure for FY 2019 - 2020.

Background - Per Policy 4100, College Staffing Plan, the Staffing Plan is the official document listing position titles, classifications, employees, and salaries for each fiscal year. The Staffing Plan is not a contract between the College and any person listed on it, and neither the Staffing Plan nor any action taken by the Board of Trustees concerning it should be considered creating contract rights, expectations of continued employment, or a property interest for any person listed in the Staffing Plan.

Staffing Needs for Proposed Reorganization

Working with department chairs, faculty, and staff within the division, administration proposed splitting the Division of LASS into two separate divisions:

- Division of Social & Behavioral Sciences
- Division of Liberal Arts

Both divisions would require Division Dean positions; therefore, the approval of a title change and the creation of a new position were needed as follows:

- Change current title of Dean for Liberal Arts & Social Sciences (Position #700150) to **Dean for Social & Behavioral Sciences**
- Create a new position for the Liberal Arts division as **Dean for Liberal Arts**

Timeline to complete the proposed search for two Deans:

<u>Approximate Dates</u>	<u>Activity</u>
08/15/2019 to 09/20/2019	Advertise Both Positions
09/03/2019 to 09/06/2019	Create Two Search Committees
09/23/2019 to 09/30/2019	Search Committees Meet to Select Candidates for Interview
10/08/2019 to 10/11/2019	Search Committees Conduct Interviews
10/28/2019 to 10/31/2019	On Campus Candidate Forum: Liberal Arts
11/04/2019 to 11/08/2019	On Campus Candidate Forum: Social & Behavioral Sciences
11/18/2019 to 11/26/2019	Make Official Offers to Start January 2020

Funding Source – The budget to fund the existing position (#700150) requiring a title change is reflected in the appropriate Department and listed on the Staffing Plan and was subject to Board approval of the FY 2019 – 2020 Budget. The new Dean position would be scheduled to be filled in January 2020, and the partial year salary would be funded from salary savings.

Reviewers - The President and all the Vice Presidents reviewed the restructure of the Division of Liberal Arts & Social Science and approved the proposed revisions.

Enclosed Documents - An organizational chart showing the proposed restructuring of the Division of Liberal Arts and Social Sciences was provided in the packet for the Board’s review and discussion.

Dr. Shirley A. Reed, President, and Mary Elizondo, Vice President for Finance and Administrative Services, attended the meeting to address any questions.

The Finance, Audit, and Human Resources Committee recommended Board approval of the Proposed Amendment to the Staffing Plan for FY 2019 - 2020, as presented.

Upon a motion by Mr. Roy de León and a second by Dr. Alejo Salinas, Jr., the Board of Trustees of South Texas College approved and authorized the Proposed Amendment to the Staffing Plan for FY 2019 - 2020, as presented. The motion carried.

Mr. Jesus Ramirez, Legal Counsel, advised the Board that he had received a counter-offer to the College's proposal. Mr. Ramirez requested additional time to meet with Terra-Gen and discuss the issue further.

No action was taken.

Review and Action as Necessary on Acceptance of Internal Audit Annual Report for FY 2019

Acceptance of the Internal Audit Annual Report for FY 2019 was requested.

Purpose – “Texas Government Code Section 2102.015 *Publication of Audit Plan and Annual Report on Internet* requires state agencies and institutions of higher education to post certain information on their website. To comply with Texas Government Code 2102.015, an Internal Audit Annual Report for FY 2019 has been completed.”

Justification – The Internal Audit Annual Report for FY 2019 provided the Finance, Audit, and Human Resources Committee with information related to the Internal Audit Function’s activities over the past fiscal year. Specifically, the annual report included the prior year’s approved projects and audit plan; a summary of findings; management’s plan for corrective action; implementation status of corrective action; and next fiscal year’s approved projects and audit plan.

The Finance, Audit, and Human Resources Committee recommended Board approval of the acceptance of the Internal Audit Annual Report for FY 2019 as presented.

Upon a motion by Mr. Roy de León and a second by Dr. Alejo Salinas, Jr., the Board of Trustees of South Texas College approved and authorized the acceptance of the Internal Audit Annual Report for FY 2019 as presented. The motion carried.

Review and Action as Necessary on Schematic Design for the Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas

Approval of schematic design by Rike Ogden Figueroa Allex Architects, Inc. (ROFA) for the Mid Valley Campus Student Union (formerly Student Services) Building F Renovation of Cashiers and Career & Employer Services Areas project was requested.

Purpose

Schematic design is the first phase of basic design services provided by the project design team. In this phase, the design team prepares schematic drawings based on the Owner's project program and design meetings with staff. The approval of this phase was necessary to establish the basis on which the project design team would be given authorization to proceed with design development and construction document phases.

Justification

Once schematic design was approved, ROFA would proceed to prepare all necessary design development drawings and specifications in preparation for the construction documents phase using College design standards as well as all applicable codes and ordinances. Construction documents would then be issued for solicitation of construction proposals. Once received, construction proposals would be evaluated and submitted to the Board of Trustees with a recommendation to award a construction contract.

The Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas was a re-purpose project due to the Admissions & Records staff moving to the new Student Enrollment Center as part of the 2013 Bond Construction Program. The project consisted of the Cashiers department moving into the vacated Admissions & Records area and Career & Employer Services department would move into the existing Cashiers area.

Background

As part of the 2013 Bond Construction Program, the Mid Valley Campus Student Union Building F was expanded and included a new Student Enrollment Center space into which the Admissions & Records department was planned to relocate. The Cashiers department has been planned to occupy the vacated Admissions & Records space to accommodate the growth in the department. In addition, the Career & Employer Services department would relocate to the vacated Cashiers space to create a permanent presence on the campus. The existing vacated spaces needed to be renovated and redesigned to accommodate the functions of the relocated departments.

On October 30, 2018, the Board of Trustees approved to contract with ROFA to prepare plans for the Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas project. ROFA worked with College staff and prepared a schematic presentation of the proposed design for the Facilities Committee's review and recommendation to the Board for approval. The Architect's construction estimate of the schematic design as prepared was \$210,840.00.

Funding Source

As part of the FY 2018-2019 Unexpended Construction Plant Fund, the total project cost, including construction, design, miscellaneous, FFE, and technology, was \$355,000.

The construction budget for this project was \$200,000. ROFA estimated the construction cost at \$210,840.

The Facilities Committee requested clarification of the proposed project budget and justification of the estimated costs. Further details were provided as below:

08/27/2019

Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas Total Project Budget

Variance	(\$10,840)	(\$1,084)	(\$271)	\$0	\$0	(\$12,195)

*Estimated costs were based on Architect’s estimated construction cost from the proposed schematic design. The contractor to whom the project was awarded would provide the actual costs.

The renovation included costs for items such as:

- New bullet-resistant glass windows
- Bullet-resistant walls at Cashiers windows
- Upgrades for HVAC items and LED lighting
- Items related to ADA compliance
- New ceilings and walls
- The addition of 240 sq. ft.

Reviewers

The proposed schematic design was reviewed by staff from the Facilities Planning & Construction, Facilities Operations & Maintenance, Cashiers, and Career & Employer Services departments, and the Coordinated Operations Council.

Enclosed Documents

ROFA developed a schematic presentation describing the proposed design. The packet included drawings of the site plan and floor plans.

Presenters

ROFA developed a schematic presentation describing the proposed design. Representatives from ROFA attended the Facilities Committee meeting to present the schematic design of the proposed improvement project and respond to questions from the Committee.

The Facilities Committee recommended Board approval of the proposed schematic design of the Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas project as presented.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Roy de León, the Board of Trustees of South Texas College approved and authorized the proposed schematic design of the Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas project as presented. The motion carried.

Review and Action as Necessary on Authorization to Proceed with Solicitation of Construction Services for the Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas

Approval of authorization to proceed with the solicitation of construction services for the Mid Valley Campus Student Union (formerly Student Services) Building F Renovation of Cashiers and Career & Employer Services Areas project was requested.

On August 27, 2019, the Board of Trustees was asked to approve the schematic design of the project. If approved, Rike Ogden Figueroa Alex Architects, Inc. would then proceed with design development drawings and specifications in preparation for the construction documents phase using College design standards as well as all applicable codes and ordinances. Upon the architect's completion of the construction documents, the documents can be issued for solicitation of construction proposals. Once received, construction proposals would be evaluated and submitted to the Board of Trustees with a recommendation to award a construction contract.

College staff requested approval to proceed with the bidding phase of soliciting construction proposals from contractors as soon as plans and specifications were completed by the Architect.

The Facilities Committee recommended Board approval authorizing staff to proceed with the solicitation of construction services for the Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas project as presented.

Upon a motion by Mr. Gary Gurwitz and a second by Mr. Roy de León, the Board of Trustees of South Texas College approved and authorized staff to proceed with the solicitation of construction services for the Mid Valley Campus Student Union Building F Renovation of Cashiers and Career & Employer Services Areas project as presented. The motion carried.

Review and Action as Necessary on Demolition of the Existing Outdoor Mid Valley Campus Thermal Plant

Approval of the demolition of the existing outdoor Mid Valley Campus Thermal Plant was requested.

Purpose

The existing outdoor Mid Valley Campus Thermal Plant structure was no longer in use and would need to be demolished due to the existing condition of the structure.

Justification

A recommendation to the Board was required to proceed with the demolition of the existing outdoor Mid Valley Campus Thermal Plant structure that was no longer in use.

Once the recommendation to demolish was approved, Rike Ogden Figueroa Alex Architects, Inc. (ROFA) would proceed to prepare all necessary design development drawings and specifications in preparation for the documents phase using College design standards as well as all applicable codes and ordinances. Documents would then be issued for solicitation of proposals. Once received, proposals would be evaluated and submitted to the Board of Trustees with a recommendation to award a demolition contract.

Background

As part of the 2013 Bond Construction Program, the new Mid Valley Campus Physical Plant Building J was constructed to replace the existing outdoor thermal plant. College staff proposed renovating the obsolete existing thermal plant structure into a covered storage space that is not air-conditioned. Upon inspection by ROFA, it was stated that the existing structure may not be able to support the addition of a roof due to the cracks and expansion joint issues that were found in the existing concrete masonry unit (CMU) walls. College staff directed ROFA to explore the options of the feasibility to renovate and reinforce the walls to support a new roof or to demolish the facility as proposed. ROFA provided cost proposals for each option. The option to renovate the facility was estimated at \$202,020 and the budget was at \$80,000.

Based on the findings from ROFA, it was recommended to demolish the structure due to the existing wall conditions and the associated costs to renovate the space into a covered unconditioned storage space. In addition, based on the College’s 2010 District-Wide Campus Expansion Master Plan, the thermal plant was shown to remain in its current location. However, the location was considered less than ideal for a storage facility since it is in the main campus “mall”.

Funding Source

As part of the FY 2018-2019 Unexpended Construction Plant Fund, the total project cost for the original renovation project, including construction, design, miscellaneous, and technology, was budgeted at \$95,200. ROFA had estimated the probable demolition cost at \$60,000. The total revised probable demolition project cost, including demolition, design, and miscellaneous, was estimated at \$67,200.

Mid Valley Campus Thermal Plant Demolition

08/27/2019

Due to timing and urgency to engage an engineer, this item was presented to the Board without prior review by the Facilities Committee.

Mr. Gary Gurwitz abstained from deliberation and action on this item.

Mr. Jesus Ramirez, Legal Counsel, recommended that the engineer may undertake a comprehensive review of the properties surrounding the Regional Center for Public Safety Excellence. He noted that the Hidalgo County Drainage District, PSJA ISD, and the City of Pharr may be undertaking drainage projects in the area. Some of these projects could support the College's plans, or could affect the College's options in diverting drainage off-site. Mr. Ramirez further noted that the engineer would have the opportunity to discuss planning with these other entities and to incorporate their projects into the College's construction plans.

Upon a motion by Dr. Alejo Salinas, Jr. and a second by Ms. Rose Benavidez, the Board of Trustees of South Texas College approved and authorized contracting engineering services with Perez Consulting Engineers for evaluation, recommendations, and design construction drawings for the Regional Center for Public Safety Excellence Evaluation of Site Drainage and Design for Drainage Improvements project as presented. Ratification of the remediation services for the water line break at the Technology Campus Advanced Technical Careers Building B was requested.

Background

On July 24, 2019, a significant break in the main domestic water service line occurred at the Technology Campus Advanced Technical Careers Building B, causing damage to the carpeting, ceiling tiles, furniture, and audio/visual equipment in office spaces, computer labs, and conference rooms. A custodian heard a disturbance, encountered the water leak, and immediately notified the supervisor. The appropriate channels of notification brought the College's response team to the building, who then identified and repaired the leak, moved assets and personnel as needed, and began the cleanup process by that same afternoon.

The Facilities Operations and Maintenance Department contacted RL Abatement to inspect the building and determined the area had high moisture levels due to the water break. College staff requested quotes through a purchasing cooperative from Diaz Flooring, a Texas Association of School Boards – Buyboard approved vendor, on the replacement of carpet and cove base in the damaged area. Installation began once the repair of drywall and painting has been completed.

Once the carpet and cove base were installed, the Facilities Operations and Maintenance Department installed all furniture that was removed due to the restoration. The computers in each of the labs and offices will be installed by the Information Technology Department.

Review of Presentations Delivered at August 13, 2019 Education and Workforce Development Committee Meeting

On August 13, 2019, the Education and Workforce Development Committee received the following presentation:

A. Presentation on the Approval Process for South Texas College to Offer the Bachelor of Science in Nursing “RN-to-BSN” Program

South Texas College sought to provide a pathway for currently licensed registered nurses to attain a Bachelor of Science in Nursing (BSN) degree and to meet the increasing demand for bachelor degreed nurses in the Rio Grande Valley.

Registered Nurses – ADN and BSN

Upon completion of either an Associate Degree Nursing (ADN) and Bachelor of Science in Nursing (BSN) program, a graduate is eligible to take the National Council for Licensure Examination for Registered Nurses (NCLEX-RN). The same Registered Nurse (RN) licensure is granted upon successful completion, regardless whether the examinee holds the ADN or BSN degree.

- ADN programs focus on fundamental nursing skills, knowledge, and clinical experiences that provide the students adequate training for entry into the nursing profession.
- BSN programs provide additional clinical and academic training beyond the ADN program, which includes:
 - Evidence-based nursing practice and research;
 - Interprofessional communication;
 - Professionalism;
 - Health promotion;
 - Community and population health;
 - Leadership for quality care and patient safety;
 - Management of information and patient care technology; and
 - Healthcare policy.

Employers in the Rio Grande Valley are encouraging working nurses with ADN degrees and current RN licensure to attain a BSN. A BSN will open new career opportunities to working nurses who lack that academic credential and training. South Texas College is proud to provide that pathway to the Valley’s nurses, and is eager to start meeting the incredible local demand.

Approval Process for South Texas College

The 85th Texas Legislature passed SB 2118, which provided the legal authorization for South Texas College and other qualified colleges to offer a BSN Program. With the legal authority granted, the College undertook the necessary steps to receive approval from the Texas Board of Nursing, Texas Higher Education Coordinating

Board, and the Southern Association of Colleges and Schools Commission on Colleges to offer the curriculum and confer the BSN degree.

Initial Delay

The approval process began with a comprehensive review of the proposed program by the South Texas College Board of Trustees in August 2017, which resulted in Board approval for administration to begin the application process.

As administration undertook the process, they determined that there were several ambiguities in the procedure. No community college in Texas had previously secured authorization to offer a Bachelor of Science in Nursing program, and the necessary procedural steps had not yet been codified by the Texas Board of Nursing (TBON) and the Texas Higher Education Coordinating Board (THECB). Administration subsequently withdrew their application and informed the Board of Trustees that the process was delayed while administration waited for additional clarification from the THECB and TBON.

Administration continued to work with the TBON and the THECB to resolve concerns and questions about the application process, and rallied further support from stakeholders in the region.

Successful Application Approval of the South Texas College RN-to-BSN Program

On January 15, 2019, the South Texas College Board of Trustees once again approved and authorized the proposed Bachelor of Science in Nursing Program, which authorized a new start on the application process.

The College submitted applications to the THECB, TBON, and SACSCOC:

THECB – Approval received March 29, 2019

The THECB application required documentation supporting:

- Need for the program
 - Employer Need including letters of support
 - Student demand including student need survey
 - Explanation of how the program does not duplicate but complement existing programs in the region
- Enrollment Projections
- Evidence of Success for ADN program
- Description of program
- Plans to evaluate program to include student learning outcomes
- List Faculty and qualifications
- List student support services for student persistence and completion
- Library Services and Learning Support
- Physical Facilities

- Plans for Programmatic Accreditation
- Financial Support
- Articulation Agreements with other institutions
- Clinical Site agreements

TBON – Approval received March 29, 2019

The TBON application required documentation supporting:

- demonstrated evidence for the BSN's need in the area;
- detailed descriptions of the proposed program,
- provided evidence of the financial and administrative support,
- described each faculty member's credentials and experience,
- included proof of students' input to the curriculum design.

In addition, as part of the program description, the college identified all the differentiated competencies, included the syllabi for all the proposed courses, and fully explained the policies and procedures for the management of Clinical Learning Experiences.

SACSCOC – Approval Received August 2, 2019

The SACSCOC application required documentation supporting:

- How we determined need for the program
- Specific details of the program
- How we will assess student learning
- How we will evaluate the program
- Description of Faculty and their qualifications
- Library and Learning Resources provided for program
- Student Services for program
- Financial Support for program
- Physical Facilities for program

With the August 2, 2019 SACSCOC approval, the College completed the approval process and was prepared to move forward with the first cohort in Spring 2020!

B. Review and Discussion of the Bachelor of Science in Nursing “RN-to-BSN” Prospective Student Guide

South Texas College was preparing to offer the RN-to-BSN Program in Spring 2020, and needed to begin accepting and evaluating applications to the first cohort of 30 students by early November 2019.

Recruitment of Prospective Applicants

The South Texas College Nursing & Allied Health Division would use social media and the Division website to announce upcoming information sessions. Staff had already fielded a number of inquiries from recent ADN program graduates and other regional registered nurses who expressed an interest in the RN-to-BSN Program.

Staff was advising callers to watch for scheduled information sessions. The information sessions would provide each of these potential students with information on the application and selection process.

Prospective Student Guide

In March 2016, administration reviewed a detailed ADN Prospective Student Guide with the Education and Workforce Committee, and received feedback on improving this document. The purpose of the guide was to ensure clear and consistent information was provided to all interested applicants, the process was transparent and well-explained, and the selection criteria for the high-demand ADN Program was reasonable and evenly applied to all candidates.

With the recent final approvals for South Texas College to offer the BSN Program, administration developed an appropriate application process and selection process, and developed the Prospective Student Guide for the RN-to-BSN Program.

Administration presented the Prospective Student Guide to the Education and Workforce Committee, and discuss the application process, selection criteria, and other program elements with the trustees.

The Committee members noted that administration proposed giving graduates of South Texas College's ADN program a preferential advantage by awarding one point to those applicants during the evaluation process. The Committee was split on whether this was an appropriate and fair process.

Administration noted that a similar process was in place during the evaluation of applicants for the ADN program, wherein South Texas College graduates from the following programs would be awarded 1 point during the evaluation process:

- Patient Care Assistant – Certificate
- Licensed Vocation Nurse – Certificate
- EMT – Paramedic – Associate/Certificate

Upon further discussion with the Committee, administration agreed to discuss this evaluation preference for South Texas College graduates with legal counsel.

Administration conducted additional research, and noted that courts have traditionally granted institutions of higher education the discretionary authority to establish admission standards, so long as those standards did not discriminate on the basis of any protect class, such as race or gender. Administration also identified a number of universities in Texas and across the nation that operate RN-to-BSN programs and grant preferential admissions to graduates from partnering institutions.

Legal counsel has reviewed the proposed evaluation rubric and the preferential advantage for South Texas College graduates and has opined that the admission standard is presumptively legal. Legal counsel further noted that the evaluation scale

did not give rise to any concern that it would have any discernable impact on any protect class.

Administration is confident that the recommended evaluation process is legal and serves the intention of providing preferential access to highly experienced RNs who graduated from the South Texas College ADN Program, without prohibiting access to unexperienced nurses or those educated elsewhere.

Dr. Alejo Salinas, Jr., Education and Workforce Development Committee Chair, provided additional revisions to clarify and strengthen the Prospective Student Guide for the RN-to-BSN Program. Those revisions have been incorporated into the draft guide included in the following pages.

C. Presentation on South Texas College Summer Leadership Institute (SLI)

The Summer Leadership Institute (SLI) is held annually, and provides local school district personnel from Hidalgo and Starr counties with the opportunity to learn more about South Texas College, and specifically to learn about the programs and opportunities available to their students upon enrollment at South Texas College.

While the SLI was originally developed specifically for counselors at the high school campuses, it was expanded to also include other leaders within the districts. The engagement of these front-line district personnel helps them better understand the value that South Texas College offers to their students, and the tremendous resources that the College has available to assist with registration, financial aid, and other enrollment services. Prepared with this understanding and appreciation, the SLI graduates are the foundation of a network of colleagues helping students find their pathway toward academic and workforce training at South Texas College.

During the Summer Leadership Institute, the participants were provided with 12 days of intensive training sessions and tours of South Texas College's campus. During these sessions and tours, they met and developed connections with South Texas College administration and staff in the student services departments and educational programs, and were also introduced to the state-of-the-art facilities at South Texas College.

Counselors received a \$2,000 stipend for participating in the Summer Leadership Institute and were able to use the training as a part of their required professional development hours. The stipend rate was based upon the hourly rate Counselors receive at the school district.

Graduates of the Summer Leadership Institute are prepared to advocate on behalf of the College, including helping students overcome barriers to access and success, informing students of support services available at South Texas College, and encouraging a college-going culture at their home districts. In turn, College personnel learn from the participants by engaging them in discussions of best practices and the

needs of their students, helping the College continue to improve its services and offerings.

Mr. Pablo Hernandez Jr, Dean of Student Affairs, Dr. Nancy Garcia, Director of Comprehensive Advising and Mentoring Services and Mr. Willie Johnson, Coordinator of Academic Advising, provided the Committee with an in-depth review of the SLI Objectives and Mr. Hebbard reviewed the data gathered through assessments conducted before- and after each SLI. These assessments help gauge each participants understanding of South Texas College, and their preparedness and confidence in guiding students toward a pathway to and through South Texas College.

The presentations are included for the Board's review, and no action is requested.

PROGRAM SUMMARY

Approval to Offer RN-to-BSN Program and Program Description

South Texas College has received approval from the Texas Board of Nursing, Texas Higher Education Coordinating Board, and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to offer the Registered Nurse-to-Bachelor of Science in Nursing (RN-to-BSN) Program.

Program Description

The RN-to-BSN Program is designed to respond to the increased demand for baccalaureate-level nurses in Hidalgo and Starr counties by providing increased access to the BSN degree to applicants who already possess a current, unencumbered RN License to practice in Texas or an Enhanced Nurse Licensure Compact RN License. The program focuses on advancing competencies, skills, and values needed to meet the demands of the current healthcare system.

The degree consists of 47 hours of lower-division coursework, 42 hours of core curriculum, and 31 hours of upper-division coursework (total 120 credit hours). Prospective students must have earned an Associate of Applied Science – Associate Degree Nursing (AAS-ADN) and completed the core curriculum. Therefore, to earn the BSN, a student will need to complete the remaining 29 core curriculum credit hours and the 31 additional credit hours beyond the Associate Degree in Nursing. The upper-division coursework focuses on the BSN role in evidence-based nursing practice and research, interprofessional communication, professionalism, health promotion, community and population health, leadership for quality care and patient safety, management of information and patient care technology, and healthcare policy. The program coursework will be delivered in a hybrid instructional model through a carefully planned blend of both classroom and online learning activities, and clinicals.

The program will begin recruiting prospective students in September 2019, and begin receiving applications in November 2019, in order to accept the first 30 student cohort for the Spring 2020 semester.

Program Degree Plans and Selection Process

Prospective students may apply for the Spring 2020 semester as either full-time or part-time students. Both full-time and part-time degree plans will be offered once per year for a cohort of 30 students, and full-time and part-time students accepted into the program will be part of one mixed cohort. There is no quota for each status, as selection is based solely on the Point System described below.

Selection Process

The RN-to-BSN Program selection process is Competitive Entry based on a Point System. Points are given for the following selection criteria: cumulative GPA upon conferral of AAS-ADN, core curriculum cumulative GPA, and additional points as listed on the Application Form. A Cutoff Score is calculated for each application period based on the qualified applicant pool, the number of slots available, and may vary for each application period. Completed applications are ranked from highest to lowest points and admission is based solely on this ranking.

Information Session, Application Requirements, and Notification of Status

The RN-to-BSN Program, a selective admissions program, requires students to meet all program application requirements before applying to the RN-to-BSN Program. To be considered for program admission, completed applications must be received during the application periods indicated in the RN-to-BSN timeline section of this

summary. Due to limited resources, some applicants who meet all program application requirements may not be admitted to the program for the application period in which they apply. Applicants who are not admitted for the current period are encouraged to meet with the RN-to-BSN Program Academic Coach for guidance on their potential next steps.

Prospective Student Information Session

Prospective students are required to attend an Information Session to learn more about the program and the application process prior to submission of an application. Students who successfully complete the *Information Session Assessment* at the end of the session will receive a Certificate of Completion. This certificate must be submitted with the RN-to-BSN Program Application.

RN-to-BSN PROGRAM INFORMATION

The Bachelor of Science in Nursing RN-to-BSN Program focuses on advancing competencies, skills, and values needed to meet the demands of the current healthcare system. The degree consists of 47 credit hours of lower division courses accepted from the Associate Degree Nursing track, 42 required credit hours for the Core Curriculum, and 31 hours comprised of upper-division coursework to be offered at the Nursing and Allied Health Campus in McAllen, Texas. The upper-division coursework includes the BSN role in evidence-based, nursing practice and research, interprofessional communication, professionalism, health promotion, community and population health, leadership for quality care and patient safety, management of information and patient care technology, and healthcare policy.

The Bachelor of Science in Nursing RN-to-BSN Program will prepare graduates for leadership and management positions in a health care facility. The Program will be delivered in a **hybrid instructional model** through a carefully planned blend of both classroom and online learning activities, and **clinical coursework**.

Through the Bachelor of Science in Nursing, RN-to-BSN Program outcomes, the student will be able to:

1. Apply clinical judgment and knowledge based on the nursing program of study, evidenced-based practice outcomes, and research studies as the basis for decision-making and comprehensive, safe patient and population care.
2. Deliver safety and quality improvement initiatives as a provider of patient care, and as part of the interdisciplinary healthcare team, as an advocate, and as a manager of nursing care.
3. Demonstrate clinical inquiry and analysis in applying patient care technologies and information systems to support safe nursing practice and population risk reduction.
4. Participate in monitoring institutional, professional, and public healthcare policy to maintain adherence to standards of practice within legal, ethical, and regulatory frameworks of the professional nurse.
5. Manage care transitions across the healthcare continuum and promote a culture of health in the community and population with diverse communities in collaboration with members of the interdisciplinary health care team.
6. Demonstrate effective leadership and advocacy that reflects the values, ethics, and continuing competence of the nursing profession.
7. Provide leadership skills to financial resources, human resources, clinical management, and professional issues in providing and evaluating care.

Marketable Skills

After completion of the RN-to-BSN Program, students are able to increase their value to a hospital or healthcare organization, as it makes them a more skilled asset to the health care team. A South Texas College RN-to-BSN graduate will acquire the following skills making them more appealing to employers:

- a. Strengthened Management Skills
Through targeted coursework, RN-to-BSN students are provided an in-depth training in staffing, leadership and management skills, budgeting, and cost-effective day-to-day operations.
- b. Effective Leadership Skills
In today's complex health care delivery system, RN-to-BSN students boost their leadership skills as they are expected to run departments efficiently, act as role models, and adapt to the pressures confronted in today's healthcare environment.
- c. Proficient in Applying Evidence-Based Practice (EBP)
The RN-to-BSN Program is focused on applying the principles of EBP in the workplace. The RN-to-BSN degree plan has a separate capstone course on EBP where students are required to formulate

a capstone project designed to yield better patient outcomes in the health care setting/department where the students work.

d. Foster an Attitude of Continuous (Continued) Learning

This is an effective trait rather than a skill that South Texas College has nurtured in the ADN program. In today's ever-evolving and rapid-pace healthcare environment, students need to develop this trait to keep abreast with the latest trends in their field of specialty and expand their knowledge to stay ahead.

e. Effective Financial Skills

The RN-to-BSN coursework provides a solid foundation of instruction in healthcare fiscal planning and accountability for costs and outcomes. This instruction is designed to produce a budget manager equipped with the knowledge, skills, and principles in financial management, as well as knowledge of the political, economic, and social factors that affect healthcare.

The RN-to-BSN Program at South Texas College is approved by the Texas Board of Nursing, the Texas Higher Education Coordinating Board, and the Southern Association of Colleges and Schools.

Presentation and Action as Necessary to Approve and Support the Working Draft of the South Texas College Strategic Plan for 2019 – 2025

The Board of Trustees is asked to formally approve and support the working draft of the STC Strategic Plan for 2019 – 2025. This plan has been designed based upon environmental scanning and input from faculty, staff, students, and Board of Trustees. With Board support of the proposed working draft, administration would continue on to the next steps toward finalizing the document.

Development

In December 2018, the Board reviewed and adopted proposed revisions to the Vision, Mission, and Core Values of South Texas College, as developed through a series of stakeholder engagement sessions, research, and continued review and discussion by institutional committees, such as:

- President's Cabinet,
- President's Administrative Staff,
- Planning & Development Committee,
- Academic Council,
- SWOT Analysis Discussions,
- Professional Development Day Fall 2018

The Board Members were further engaged during the February 2019 Board Retreat, where they undertook an analysis of the Opportunities and Threats that the College should consider while developing its long-term strategic plan. Below are additional research and engagement sessions conducted in development of the strategic plan:

- Environmental Scan of Economic, Social, Regulatory, & Technical Environments,
- Institutional Key Performance Indicators,
- Student Engagement, and
- Consulting Services,

At each engagement session, further feedback and comment were solicited and incorporated as appropriate. This feedback and guidance was used by the Strategic Planning Committee as a guide in developing the formal 2019 – 2025 Strategic Directions and Strategic Goals for South Texas College.

Following is a proposal draft of the South Texas College Strategic Plan for 2019 – 2025, including the following elements:

- Vision
- Institutional Mission
- Core Values
- Strategic Goals
- Strategic Directions

A copy of the working draft of the South Texas College Strategic Plan for 2019 – 2025 is provided within the Board packet for the members' review.

Dr. David Plummer, Interim Executive Vice President for Educational Program and Student Achievement, and Dr. Fernando Chapa, Dean for Institutional Research, Effectiveness, and Strategic Planning, presented the proposed South Texas College Strategic Plan for 2019 – 2025 and solicited feedback from the Education and Workforce Development Committee on September 10, 2019.

Dr. Alejo Salinas, Jr. noted that the structure of the strategic goals and directives would be useful to measure the accountability of programs against the South Texas College Strategic Plan for 2019 – 2025. Administration agreed with his observation, and would develop accountability metrics which would be included within the final plan.

The Education and Workforce Development Committee recommended Board approval and support of the working draft of the South Texas College Strategic Plan for 2019 – 2025 as presented.

Next Steps

With Board approval and support of the working draft of the South Texas College Strategic Plan for 2019 – 2025, administration would continue to develop metrics to evaluate the successful completion of strategic goals, and would prepare a final draft of the document for review.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and support the working draft of the South Texas College Strategic Plan for 2019 – 2025 as presented.

Review and Action as Necessary on Authorization to Proceed with Solicitation of Architectural Services for the Pecan Plaza West Building C Kinesiology Renovation

Approval of authorization to proceed with the publication of a Request for Qualifications (RFQ) to solicit architectural services for the Pecan Plaza West Building C Kinesiology Renovation project is requested.

Purpose

The Board is asked to approve the solicitation of architectural services for the renovation of the Pecan Plaza West Building C Kinesiology area.

Justification

Solicitation of Request for Qualifications (RFQ) for architectural services is necessary to procure a design team to prepare all necessary design development drawings and specifications in preparation for construction. Once the statements of qualifications are received, an evaluation team would evaluate the responses using the currently approved procurement process and propose an architect to the Facilities Committee at a later date.

Background

The proposed Pecan Plaza West Building C Kinesiology Renovation project is part of the College's FY 2019-2020 Capital Improvement Projects. The project consists of renovating the existing restrooms and storage spaces. The restrooms are outdated and have had plumbing issues in the past. The spaces, including the restrooms and the storage area, are proposed to be renovated to meet the current ADA standards and College standards. The storage spaces will be updated for better use by the Kinesiology department to store equipment needed as part of their Kinesiology program.

The proposed scope of work is summarized as follows:

- Design to renovate the existing restrooms and storage space
- Demolition of existing space
- Construction of new restrooms and storage space
- 1,090 sq ft of space to be renovated

The total project budget is \$143,800 and itemized in the table below:

Pecan Plaza West Building C Kinesiology Renovation Total Project Budget	
Budget Item	Budget Amount
Construction	\$122,000
Design	12,200
Miscellaneous	3,600
FFE	6,000
Total Project Budget	\$143,800

A proposed layout of the renovation of the restrooms and storage spaces has been designed that incorporates a potential future renovation of offices and classrooms for Kinesiology program use.

Funding Source

Funds are budgeted in the FY 2019-2020 Unexpended Construction Plant Fund budget.

Reviewers

The proposed renovation has been reviewed by Kinesiology staff and the Coordinated Operations Council.

Enclosed Documents

Facilities Planning & Construction staff has prepared a presentation of the project and a preliminary layout of the space for the Board's review and information.

On September 10, 2019, the Facilities Committee reviewed the proposed renovation project, and asked about the currently proposed work as contrasted to plans that highlighted future expansion projects. Administration clarified that the current project was specifically for the renovation of storage and restroom areas, and the proposed layout for a future, more comprehensive project to renovate the kinesiology area would not be included in the current design.

Facilities Committee Chairman Mr. Gary Gurwitz asked administration how the projects budgeted for FY 2019 – 2020 were prioritized and selected for work to begin. This information is being prepared, and will be presented at a subsequent Facilities Committee meeting.

The Facilities Committee recommended Board approval to solicit architectural services for the Pecan Plaza West Building C Kinesiology Renovation as presented.

Recommendation:

It is recommended that the Board of Trustees of South Texas College approve and authorize the solicitation of architectural services for the Pecan Plaza West Building C Kinesiology Renovation as presented.

The Following Minute Order is proposed for consideration by the Board of Trustees:

The Board of Trustees approves and authorizes the solicitation of architectural services for the Pecan Plaza West Building C Kinesiology Renovation as presented.

Expedited Repairs

The brick columns at the arbor location on the south side of the Ann Richards Administration Building D were made a priority and their repair was expedited due to the extent of the cracks. The completed construction repairs in this location were performed by Limon Masonry, LLC, and expended from the FY 2018-2019 Renewals & Replacements budget in the amount of \$17,594.

The project expenditures to date are summarized in the table below:

Pecan Campus Arbor Brick Column Repairs and Replacement Total Project Budget – FY 2018-2019

Review and Discussion Regarding Phase I Feasibility and Phase II Architectural Design Fees for Proposed Architectural Contract for the Renovation and Expansion of the Existing Pecan Campus Library Building F

The Board is asked to review and discuss the Phase I Feasibility and Phase II Architectural Design fees for the Renovation and Expansion of the Existing Pecan Campus Library Building F.

Chairman Paul R. Rodriguez has asked that the Board refrain from action on this item at this time, but that further discussion be undertaken as necessary. This item can be presented to the Facilities Committee in October 2019 for any further updates that might be required.

Purpose

Authorization is requested to finalize the architectural services contract negotiations for the Phase I Feasibility and Phase II Architectural Design fees with ERO Architects for architectural design services for the Renovation and Expansion of the Existing Pecan Campus Library Building F project.

Justification

Approval of the negotiated fees with ERO Architects will allow execution of the Owner/Architect Agreement for the architect to proceed with design services.

Background

On June 25, 2019, the Board approved to contract architectural design services with ERO Architects for the feasibility study, design, and construction administration services for the Renovation and Expansion of the Existing Pecan Campus Library Building F project. The project will consist of two phases for the renovation and expansion of the existing Library and Center for Learning Excellence facilities. The first phase of the project would be to assess at least three expansion options, including expansion to the west, south, or east of the current Library, and to recommend Board approval of an expansion option. Upon Board approval of an expansion option, the second phase of the project would be to serve as the architect of record, including the development of construction documents, solicitation of construction services, and oversight of construction for the project.

Staff has been in contract and fee negotiations with ERO Architects in an effort to finalize design fees based on the College's previously approved architectural fee schedule. ERO Architects will be incorporating the services of consultants for library design, technology and acoustics, civil engineering, and landscape architecture.

Phase 1 – Pecan Campus Library Expansion Feasibility Study

ERO Architects will conduct a comprehensive feasibility study to analyze and recommend options for the expansion of the Pecan Campus Library Building F, including at least options to expand eastward, southward, or by creating a structural connection to Building C.

ERO Architects proposed engaging the following firms, whose fees would be included within the architectural contract and would not be an additional cost to the College:

- Library Consultant: 720 Design
- Structural Engineer: ERO Architects
- Mechanical, Electrical, & Plumbing Engineer: Halff Associates, Inc.
- Technology & Acoustics: The Sextant Group
- Civil Engineer: Perez Consulting Engineers, LLC.

ERO Architect's estimated fee for phase 1, including the subcontracted firms, would be \$186,360.

Phase 2 – Pecan Campus Library Expansion Design and Construction

ERO Architects will design and supervise construction of the selected expansion option, and will maintain a construction budget of \$11,500,000.

Mr. Ochoa further noted that while Phase 1 would analyze at least three expansion options and make a recommendation for the Board's consideration, the additional service fees for design consultants might change depending on the Board's ultimate decision of an expansion option. He explained that some options may incur higher civil engineering costs, for instance.

ERO Architects proposed engaging the following firms, whose fees would be included within the architectural contract and would not be an additional cost to the College:

- Library Consultant: 720 Design
- Technology & Acoustics: The Sextant Group
- Civil Engineer: Perez Consulting Engineers, LLC.
- Landscape Architect: Stephen P. Walker Landscape Architect
- Structural Engineer: ERO Architects
- Mechanical, Electrical, & Plumbing Engineer: Halff Associates, Inc.

ERO Architects' base fee would be \$833,750, calculated at 7.25% of the construction budget.

ERO Architects has added \$146,000 in additional service fees as required for contracted consultants.

ERO Architects has also added a management fee of \$14,600, calculated at 10% of the consultants' fees, for administration of those consultants for the duration of the project.

Evaluation of Design Fees Compared to Construction Budget

The following table summarizes the design fees for Phase I and Phase II, and provides a comparison to the total Construction Budget:

Phase I Feasibility Study		
	ERO Architects	
Architect Basic Service including consultants	\$186,360	
Total:	\$186,360	
Percent of \$11.5M Budget:	1.62%	
Phase II Design and Construction		
	ERO Architects	Consultant
Architect Basic Service including Library Consultant	\$833,750	
Technology & Acoustics		\$84,000
Civil Engineering		\$51,180
Landscape Architect		\$10,220
Additional Svcs. Management	\$14,600	
Total:	\$848,350	\$146,000
Percent of \$11.5M Budget:	7.38%	1.27%

When the design fees for Phase I and Phase II are added together, they total \$1,180,710, which represents 10.27% of the \$11.5M Construction Budget.

Responsibility of Architect to Meet Budget

On September 10, 2019, the Facilities Committee noted that ERO Architects would be responsible to provide a design within construction budget.

Mr. Eli Ochoa noted that the contract stipulated that if construction proposals were more than 3% beyond the budget, ERO Architects would undertake the redesign at no cost to the College.

Funding Source

Funds for these expenditures are budgeted and available in the unexpended construction budget for FY 2019-2020.

The Facilities Committee recommended Board approval of action as necessary regarding the Phase I Feasibility and Phase II Architectural Design fees for the Renovation and Expansion of the Existing Pecan Campus Library Building F as presented.

No action is requested at this time.

August 24 – September 20, 2019

33,054 STRONG!

The Students Activities and Wellness Division kicked off the semester by hosting events for new and returning students to encourage student organization participation and provide opportunities to connect to other students. *Welcome Week* activities were held August 28-29 at all campuses to welcome students to all campuses with fun and entertainment activities. The *Club Recruitment Fair* was held September 4-9. Students were encouraged to stop by and learn about the various clubs and activities offered and how they can get involved. Students have an opportunity to meet representatives from the many clubs, student government, learn how to create their own club, or join an intramural sports team. The event was held at Starr County, Pecan, Mid-Valley, and Technology Campus.

The Fall 2019 Semester officially initiated August 26, 2019, and the campuses were filled with anxious students and eager faculty and staff. Students were encouraged to use the First Week resource guide to assist with any questions. The official enrollment numbers based on the Census date is 33,054, an increase of 1.9% over last year.

South Texas College received over \$1.9 million in federal funds through the U.S. Department of Education's *High School Equivalency Program (HEP)* to support migrant and seasonal farmworkers from Hidalgo and Starr County to obtain their high school equivalency diploma and training in a career pathway. The program will serve 500 migrant and seasonal farmworkers, with funds allocated over the span of five years. The funds will be used for tuition, fees, supplies, fuel allowances for participants, coordination of the project, and external evaluation of the project. A check presentation and signing ceremony was held on August 30th at the Cooper Center with U.S. Congressman Henry Cuellar in attendance to present the check.

The annual *Superintendent's Leadership Meeting* was held on September 13. The collaborative meeting has become an annual event that provides school district and College administrators the opportunity to discuss priorities for the school year, data review, and key Dual program revisions and changes. This year's meeting focused on the upcoming accreditation process by the National Alliance of Concurrent Enrollment Partnerships (NACEP), the sole national accrediting body for dual enrollment partnerships. STC is one of two colleges in the state of Texas who submitted an application in its quest to become the first higher education institution to receive the accreditation and become a model for all dual credit programs across the nation. Other topics discussed included the Texas Pathways project, student advising, and a presentation of our Dual Program accomplishments.

The Dual Credit Programs and School District Partnerships Division hosted the *Starr County Leadership Meeting* on September 10. Superintendents, assistant superintendents, guidance counselors, and other leadership staff from Rio Grande City CISD, Roma ISD, and San Isidro ISD were invited to participate and learn about the different initiatives and processes the College offers. Topics covered included a review of the Dual Credit Programs at Starr County, Career and Technical Education Programs offered, enrollment process, course request and scheduling process, and financial aid. The event was well attended, fostered, and fortified partnerships with Starr County school district partners.

The Regional Center for Public Safety Excellence (RCPSE) hosted the FBI's Law Enforcement Executive Development Association (LEEDA) four-and-a-half-day training for local law enforcement supervisors and managers from various law enforcement agencies. The LEEDA courses provide trainings with vital leadership concepts and information geared toward developing skillsets and interpersonal relations required for such roles. The training gathered over 56 supervisors and managers from agencies all over the state. The trainings are part of the Regional Center for Public Service Excellence goals of offering educational opportunities and instructions that address key issues for local, state, and federal partners.

On campus visits and open forums were held on September 12 for the Dean for Continuing Education, Workforce Training and Economic Development position. After a national competitive search which attracted over 60 applicants, three finalists were selected. Finalists had an opportunity to tour the Pecan, Technology, and Mid-Valley campus, meet with the Continuing Education and Industrial Training and Economic Development staff, participated in faculty and staff forums, and met with the Search Committee.

The Office of Career and Employer Services hosted a guest speaker leadership series on September 12. Representatives also shared inspiring stories regarding their challenges with obstacles to entering the federal system and how to overcome them.

As part of Hispanic Heritage month, the STC Center for Mexican American Studies, History Department, and the Library Art Gallery presented the *Latinx Comix Book Exhibit* featuring the work of five artists. The exhibit will be on display at the Pecan Campus Library Rainbow Room beginning September 15, 2019. The exhibit will include sixteen posters by the five artists. The Art Gallery organizes exhibits to help engage students in the understanding of different forms of art and its role in culture.

To celebrate its 10th anniversary, the South Texas College Theatre will be providing a season of classics and comedy productions. Auditions for roles were held on September 3 and September 4. The public is encouraged to become a Season Pass subscriber. All productions will be held at the Cooper Center for Communication Arts. The season will open with William Shakespeare's *The Taming of the Shrew*. The productions cast is composed of a mixture of STC, UTRGV students, graduates, and community members.

Jose is a current student at STC pursuing a Bachelor of Fine Arts degree and a graduate from Juarez-Lincoln High School in La Joya. The exhibit opened September 10th and will run through December 2019.

A Remembrance and Flag Raising Ceremony was held on September 11 at all campuses to honor all lives lost in the September 11, 2001 attacks. The ceremonies serve as a way to honor those who lost their lives and appreciate the work of all public safety responders who sacrifice their safety for others.
