The Public Hearing on South Texas College Proposed 2025 Tax Rate

Purpose Ms. Mary Del Paz, Vice President for Finance and Administrative Services, presented on the proposed 2025 tax rate for South Texas College to the public and the Board of Trustees.

Justification South Texas College complies with sections of Chapter 26 of the Property Tax Code that require taxing units such as the College to comply with truth-in-taxation laws in adopting the tax rate. The laws have two purposes: to make taxpayers aware of tax rate proposals and to allow taxpayers, in certain cases, to rollback or limit a tax increase. The truth-in-taxation requires a taxing unit to calculate two (2) tax rates, the no-new-revenue tax rate and the voter-approval tax rate, after receiving the certified appraisal roll from the chief appraiser.

Comparing a proposed tax rate to these two (2) rates determines which truth-in-taxation steps apply. A taxing unit must publish special notices and hold a public hearing before adopting a tax rate that exceeds the no-new-revenue tax rate and/or the voter-approval tax rate. The College is proposing to adopt a tax rate that does exceed the no-new-revenue tax rate but does not exceed the voter-approval tax rate and, therefore, is required to hold one public hearing.

The Notice concerning the 2025 Property Tax Rates has been published on the South Texas College websites in accordance with the Truth-In-Taxation requirements. The Notice of Public Hearing on Tax Increase has been published on The Monitor, the Starr County Town Crier, and the South Texas College website. The Proposed 2025 Tax Presentation and the two notices follow in the packet for the Board's information and review.

Determination of Tax Rates (M&O Rate)

The proposed maintenance and operations (M&O) tax rate of \$0.1400 is the maximum rate that the College can adopt to not exceed the voter-approval tax rate and not be required to hold an election to vote on the proposed tax rate.

Public Hearings Prior to Adoption of the Proposed 2025 Tax Rate

South Texas College was required to hold a public hearing and publish special notices before adopting the proposed tax rate of \$0.1620 since this tax rate does exceed the no-new-revenue tax rate but does not exceed the voter-approval tax rate. At the August 26, 2025, Board of Trustees meeting, the Board of Trustees took a record vote and scheduled a public hearing for the proposed tax rate of \$0.1620.

Public Hearing

The Public Hearing on the proposed 2025 tax rate was scheduled for Tuesday, September 23, 2025, at 5:15 p.m., and special notices were published in accordance with state law.

The Board of Trustees of South Texas College was asked to take action on the proposed 2025 tax rate.

The Public Hearing on the Proposed 2025 Tax Rate opened at 5:21 p.m. and consisted of:

- Presentation on South Texas College Proposed 2025 Tax Rate. Ms. Mary Del Paz, Vice President of Finance and Administrative Services presented the proposed 2025 Tax Rate.
- Public Comments
No Public Comments were given at the required notice of the meeting.

Review and Recommend Action on Order 2026-002: Adopting the Tax Rate for 2025

Purpose Administration requests Board approval on the Order 2026-002 adopting the tax rate for 2025 by taking a record vote of the members of the Board.

Justification South Texas College complies with sections of Chapter 26 of the Property Tax Code that require taxing units such as the College to comply with truth-in-taxation laws in adopting the tax rate. The laws have two purposes: to make taxpayers aware of tax rate proposals and to allow taxpayers, in certain cases, to rollback or limit a tax increase. The truth-in-taxation requires a taxing unit to calculate two (2) tax rates, the no-new-revenue tax rate and the voter-approval tax rate, after receiving the certified appraisal roll from the chief appraiser.

Comparing a proposed tax rate to these two (2) rates determines which truth-in-taxation steps apply. A taxing unit must publish special notices and hold a public hearing before adopting a tax rate that exceeds the no-new-revenue tax rate and/or the voter-approval tax rate. The College is proposing to adopt a tax rate that does exceed the no-new-revenue tax rate but does not exceed the voter-approval tax rate and, therefore, is required to hold one public hearing.

The Notice concerning the 2025 Property Tax Rates has been published in accordance with the Truth-In-Taxation requirements on the South Texas College websites. The Notice of Public Hearing on Tax Increase has been published in accordance with the Truth-In-Taxation requirements on The Monitor, the Starr County Town Crier, and on the South Texas College website. The Proposed 2025 Tax Presentation and the two notices follow in the packet for the Board's information and review.

Determination of Tax Rates (M&O Rate)

The proposed maintenance and operations (M&O) tax rate of \$0.1400 is the maximum rate that the College can adopt to not exceed the voter-approval tax rate and not be required to hold an election to vote on the proposed tax rate.

Public Hearings Prior to Adoption of the Proposed 2025 Tax Rate

South Texas College was required to hold one public hearing and publish special notices. Notice concerning the 2025 Property Tax Rates and Notice of Public Hearing on Tax Increase, before adopting the proposed tax rate of \$0.1620, since this rate does exceed the no-new-revenue tax rate but does not exceed the voter-approval tax rate.

At the August 26, 2025, Board of Trustees meeting, the Board of Trustees took a record vote and scheduled one public hearing for the proposed tax of \$0.1620.

Public Hearing

The Public Hearing on the proposed 2025 tax rate was held on Tuesday, September 23, 2025, at 5:15 p.m., and special notices were published in accordance with the law.

The Board of Trustees of South Texas College was scheduled to take action on the proposed 2025 tax rate at a public meeting to be held on September 23, 2025, at South Texas College, Board Room, Annex Bldg., 2nd Floor, 3201 W. Pecan, McAllen, Texas, at 5:15 p.m.

Voting Requirements

State Tax Code, Sec. 26.05 requires that any action by the South Texas College Board of Trustees to set a tax rate that exceeds the no-new-revenue rate must be a record vote, and at least 60 percent of the members of the Board must vote in favor of an ordinance, resolution, or order establishing that rate.

For the South Texas College Board of Trustees, this means that successful establishment of the proposed 2025 Tax Rate requires the support of at least five of the seven Trustees. This rule is beyond the normal quorum and voting requirements for other actions.

Approval to adopt a debt service of \$0.0220 and a maintenance and operations rate of \$0.1400 will be required. Approval of the Order 2026-002 will require a roll call vote of the members of the Board. A copy of the Order 2026-002 follows in the packet for the Board's review.

This year's proposed tax rate exceeds the no-new-revenue tax rate, defined by the State. Because of this, the State tax code requires that the motion to adopt the proposed 2025 Tax Rate be made according to the following script:

"I move that the property tax rate be increased by the adoption of a tax rate of \$0.1620, which is effectively a 7.28 percent increase in the tax rate."

Review and Discussion of Presentation on Employee Grievances and Reporting Channels

Purpose To provide an overview of the employee grievance process and reporting channels.

Justification To illustrate the process for receiving, responding, and resolving complaints involving employees in accordance with Board Policy and internal associated procedures, and to review existing reporting channels. The presentation provides alignment and a better understanding of STC's handling of employee complaints.

A. Policy DGBA (Local): Personnel-Management Relations: Employee Grievances

The key elements describing the steps taken from start to finish by stakeholders will be illustrated. This illustration raises awareness of South Texas College policy DGBA.

B. Reporting Channels – Anonymous

Administration will present the existing reporting channels whereby all employees may submit their concerns anonymously at their discretion.

The reporting channels are as follows:

Fraud Survey – The primary purpose of the fraud survey is to serve as an anti-fraud control mechanism per Auditing Standard (AU) Section 316 issued by the American Institute of Certified Public Accountants (AICPA). AU Section 316 acknowledges hotlines as a useful tool in detecting and deterring fraud, especially misstatements in financial statements, such as falsification of accounting records and theft of assets or fraudulent expenditures.

The fraud survey is conducted by the Internal Auditor on an annual basis during the month of September. The fraud survey comments are compiled by the Internal Auditor and issued to the Vice President of Finance and Administrative Services, who disseminates the comments to the respective Vice Presidents or to the President, depending on the nature of the comment. The President or the Vice Presidents must review the comments and provide a response to each comment, including corrective action steps, if applicable.

The responses are updated on the initial fraud survey provided by the Internal Auditor and submitted to the Internal Auditor and External Auditor by November 1st of each year, prior to completion of the external audit and annual financial report. The External Auditor takes additional steps to assess the risk of a misstatement, such as asking

management questions about their awareness and understanding of fraud.

Fraud and Integrity Hotline – The primary purpose of the Fraud and Integrity Hotline is to provide employees with a mechanism whereby anonymous reports may be filed when an employee does not feel comfortable discussing the issues via the other existing channels. The anonymous reporting hotline services are via NAVEX, an independent company.

The Fraud and Integrity Hotline reports are received by the Executive Director of Human Resources and Talent Development and the Internal Auditor.

State Auditor's Office Fraud, Waste, and Abuse Hotline - The Texas State Auditor's Office operates a hotline to allow individuals, including employees, to confidentially report suspected misuse of state resources. Reports can be submitted online, by phone, or by mail, and may involve issues like false reporting, theft, or unethical conduct by state employees or contractors. The hotline is managed by the SAO's Investigations Team, which reviews submissions and may refer cases to appropriate agencies for further action. The system is designed to promote accountability and integrity across Texas state government operations.

The State Auditor's Office Hotline reports are received by the Office of the President.

Title IX – An employee may report an incident of sexual harassment, sexual violence, gender-based harassment, interpersonal violence (including domestic and dating violence), stalking, or other Title IX issues to the Title IX Coordinator.

Reports, Complaints, and Appeals On-line Reporting - This on-line reporting page contains links to the primary forms used by South Texas College for employees to file a report, or submit a complaint. The reports are submitted to the respective responsible department, such as Human Resources or Environmental Health, Safety, and Risk.

- The reporting options are as follows:
 - ⇒ Campus Security Authority Report
 - ⇒ Complaints Concerning Faculty/Staff
 - ⇒ Complaints Concerning Students
 - ⇒ Report Sexual Misconduct by Student or Employee
 - ⇒ Report a Safety Incident

Purpose

Pursuant to the Texas Education Code (TEC), Section 51.253(a), the College's Title IX Coordinator is required to submit a written report no fewer than every three months to the College's Chief Executive Officer regarding reports **received from employees** who are required to report under TEC, Section 51.252.

According to the TEC, the Chief Executive Officer of every higher education institution must also submit a data report at least once during each fall or spring semester to the governing body and then cause the report to be submitted to the Texas Higher Education Coordinating Board (THECB) and certify to the THECB that the report has been presented to the governing body and posted on the College's website.

Justification

TEC Section 51.252 requires **employees** of higher education institutions to report actual or suspected incidents of sexual harassment, sexual assault, dating violence, or stalking committed by or against a student or employee to the Title IX Coordinator or a Deputy Title IX Coordinator. If an employee fails to report or falsely reports such incidents, SB212 subjects these employees to criminal liability (misdemeanor) and termination of employment. During academic year 2024 - 2025 (commencing September 1, 2024), the College did receive reports concerning sexual harassment, sexual assault, dating violence, or stalking incidents from employees. The College did not find that any employee failed to make a required report.

For the purposes of complying with the reporting requirements under TEC Section 51.253(a), these reports have been modeled following guidance by the Texas Higher Education Coordinating Board.

Review of Presentations Prepared for the Facilities Committee

The following presentation was delivered to the Facilities Committee on Tuesday, September 9, 2025:

Review and Discussion on Contracting Architectural and Engineering On-Call Services

Purpose	To discuss contracting on-call architectural and engineering services for district-wide construction projects less than \$500,000 in total construction costs.
Justification	A pre-approved pool of architectural, civil engineering, and mechanical, electrical, and plumbing (MEP) engineering firms reduces the estimated project schedules by not soliciting qualifications on a project-by-project basis. It is recommended that the design on-call services apply to construction projects with budgets under \$500,000, and a minimum of three (3) to five (5) firms in each professional discipline be approved for a period of one year, with the option to renew for two additional one-year periods, with Board approvals.
	College staff would present solicitations of qualifications for architectural firms and engineering firms for Board approval, and then recommend contracting with each firm as construction projects under \$500,000 are initiated. The assignment of projects to each firm can be based on a rotational basis or on the most qualified, and then monitored on an annual basis to ensure an equitable amount of work and fees are awarded to each firm on the list.
	The selection of a firm per project can be based on considerations including, but not limited to, the following: <ul style="list-style-type: none">• Type of project• Location of project• Previous experience with the building• Previous experience with the site• Firms availability
	The Board of Trustees last approved a pool of on-call design firms on June 26, 2014, which expired in 2017 after renewals. This process has proven effective and allows architectural and engineering design services to be expedited.
Enclosed Documents	None.

This is not a tax on the state budget, but they also contribute in the form of financial student benefits that resource throughout Oregon.

Review of Presentations Delivered to Finance, Audit, and Human Resources Committee

The following presentation was delivered to the Finance, Audit, and Human Resources Committee on Tuesday, October 14, 2025:

Review and Discussion to Amend and Restate the Monte Alto Windpower, LLC and Monte Alto Windpower, LLC – Phase II (Terra-Gen Development Company, LLC) and South Texas College Tax Abatement Agreement

Purpose	Administration requests that the Committee review and discuss amending and restating the Monte Alto Windpower, LLC and Monte Alto Windpower, LLC – Phase II (Terra-Gen Development Company, LLC) and South Texas College tax abatement agreements. Before approving a tax abatement agreement, the Board shall hold a public hearing and provide notice at least 30 days before the scheduled time of the meeting. After adopting the Tax Abatement Guidelines and Criteria, a request to approve the Monte Alto Windpower, LLC and Monte Alto Windpower LLC – Phase II Agreements, will be presented for approval at a later time.
Justification	Terra-Gen Development Company, LLC requested an amendment and restatement to the Board-approved tax abatement agreements for two (2) projects (Monte Alto Windpower, LLC and Monte Alto Windpower, LLC – Phase II). The amendments and restatements of tax abatement agreements for two (2) projects are necessary because Terra-Gen Development Company, LLC, could not meet the commencement date of the projects approved on February 22, 2022 by the College's Board of Trustees.
	According to Robert Peña, on July 22, 2025, an agreement was reached with Hidalgo County on these projects at a 50% tax rebate percentage.
Enclosed Documents	Appendix A – PowerPoint Presentation
Funding	No funding.
Staff Resource	Mary Del Paz, Vice President for Finance and Administrative Service Myriam Lopez, Associate Vice President – Finance and Management Ben Castillo, South Texas College Legal Counsel Robert Peña, Texas Energy Consultants
Recommendation	No action is required from the Committee. This item is presented for information and feedback to staff.

c. Approval on Disposal of Surplus Property Valued at \$10,000 and Above

Purpose	Approval on the disposal of surplus property valued at \$10,000 and above through a live auction. These assets will be removed, as applicable, from the College's inventory system and general ledger.
Justification	The Fixed Assets Department is requesting approval to dispose of obsolete, damaged, and non-functioning property due to safety concerns and limited storage capacity for surplus items. Surplus property undergoes an evaluation process by the respective departments to determine whether the items are beyond repair and no longer usable within the College district. They are disposed of in accordance with Policy CIB – Equipment and Supplies Management: Disposal of Property and established departmental procedures. Once evaluated, departments submit a formal request to have the items removed and relocated to the Central Receiving Warehouse surplus area.
	The items designated for auction are currently stored at South Texas College's Central Receiving Warehouse, located at the Technology Campus. Due to space limitations at the warehouse, the auction is scheduled to take place in Fall 2025 at the auctioneer's designated site.
Enclosed Documents	Appendix A – Surplus Property Valued at \$10,000 and Above – List No. 213

e. Approval for Reaffirming Academic Freedom at South Texas College

Purpose Administration requests a reaffirmed commitment to the College's support of academic freedom at South Texas College.

Justification South Texas College has a longstanding commitment to academic freedom, supporting faculty as they teach, mentor, and challenge students in alignment with both the professional standards of their disciplines and the state and locally approved curriculum. This commitment is formally recognized in Policy DGC (Local) – *Employee Rights and Privileges: Employee Expression and Use of College Facilities*.

Academic freedom is essential to higher education. It enables faculty and students to engage in open inquiry, examine complex issues, and explore the most current knowledge and practices within their fields. At times, this process may raise questions that challenge deeply held beliefs. While the role of faculty is not to change student beliefs, they must retain the freedom to present and aid students to critically evaluate ideas in ways that foster intellectual growth and deeper understanding.

In light of recent concerns at other Texas institutions, administration has reviewed its course offerings. With over four-thousand course sections offered each semester, a quick review has indicated that a majority of courses include some content that could be deemed objectionable by a student or parent based on personally held beliefs and/or opinions.

In 2023, the 88th Texas Legislature enacted Senate Bill 17 (SB 17), which established new restrictions for public institutions of higher education. These restrictions primarily affect diversity, equity, and inclusion (DEI) offices and related functions, including preferential treatment in hiring or services and college-sponsored training activities.

SB 17 legislation also recognizes the importance of academic inquiry and comprehensive curriculum by including explicit exemptions. The law does not apply to academic course instruction (curriculum), scholarly research or creative work, or the dissemination of such research and work. These exceptions reaffirm the importance of academic freedom in preserving the integrity of teaching and scholarship, even in a shifting political and legal landscape.

While STC is working to ensure faculty and staff are well-informed and accountable in their professional and legal responsibilities, we are also creating a disclaimer to clarify and inform students that higher education courses may provoke conversations and challenge

ideas when relevant to the subject matter. This recommended syllabus disclaimer statement is listed below:

"This is a college-level course offered through South Texas College and aligns with the Texas Higher Education Coordinating Board's established learning outcomes. As part of fostering critical thinking and engaging in academic inquiry, the course may address current or complex topics that some people may find controversial. Such discussions are intended to support student learning, encourage open dialogue across a broad range of viewpoints, and promote the development of analytical and evaluative skills expected at the college level."

Staff Resource	Dr. Anahid Petrosian, Vice President and Provost for Academic Affairs and Economic Development Dr. Christopher Nelson, Dean for Liberal Arts Mr. Nicholas Hinojosa, Faculty Senate President
Recommendation	The Committee recommended Board reaffirmation of the institution's commitment to academic freedom and critical scholastic inquiry through the following statement: "South Texas College reaffirms its commitment to academic freedom as a cornerstone of teaching, scholarship, and student learning. In alignment with Board Policy DGC (Local) – Employee Rights and Privileges: Employee Expression and Use of College Facilities – the College empowers faculty to pursue open inquiry, rigorous instruction, and the exchange of ideas that reflect the highest standards and best practices of higher education", as presented.

f. Approval on Proposed Interlocal Agreement Supporting Educational Programming with Edcouch-Elsa ISD

Purpose Administration requests action as necessary on the proposed interlocal agreement supporting education programming with Edcouch-Elsa ISD.

Justification Committee Chair Gonzalez-Alcantar has requested an agenda item allowing the Finance, Audit, and Human Resources Committee an opportunity to discuss proposed educational programming with Edcouch-Elsa ISD, and to make a recommendation as necessary for Board action on this proposal.

In August 2025, STC administration from the Continuing Education and Workforce Development (CEWD) office and the Center for Advanced Training and Apprenticeships (CATA) met with County Commissioner David Fuentes, Precinct 1, to discuss programming that could be supported in a new community resource and wellness center being constructed to serve the Delta area starting in Spring 2026.

Based on the preliminary discussion, South Texas College will be able to offer non-credit programs at the new Hidalgo County Precinct 1 Community Resource /Wellness Center, provided that the facility will include instructional spaces and equipment required to accommodate the following programs listed below:

Dr. Margo identified the following programs that CATA could offer in the facility:

- Welding (in partnership with Region One and Edcouch Elsa ISD)
- Introduction to Robotics and Automation in Advanced Manufacturing
- Construction Technician
- Customs Broker
- Certified Production Technician
- OSHA 10 and 30
- AI Overview

Dean De La Rosa identified the following programs that CEWD could offer in the facility:

- Community/Personal Enrichment:
⇒ ESL, GED, Employability Skills, Cake Decorating, Floral Design
- Health Care:

- ⇒ Phlebotomy, EKG, CPR, Community Healthcare Worker, Medication Aide
- Business:
 - ⇒ Real Estate, soft skills
 - Technology: Microsoft Office, QuickBooks

The trustees will be asked to provide feedback on this proposal so that administration can determine any details that should be incorporated into a formal Interlocal Agreement with Hidalgo County, Edcouch-Elsa ISD, Region One ESC, and any other stakeholders as appropriate.

If District elects not to repair within a reasonable time, either Party may terminate upon written notice, with Base Rent abated proportionally during any period of unusability.

12.2 Condemnation. In the event of a taking, this Agreement terminates as to the portion taken effective on the taking date; Base Rent will be equitably adjusted. Each Party retains its own claims to any condemnation award.

The Board's Finance and Human Resources Committee shall be the Investment Committee. The Investment Committee shall review the investment portfolio's status and performance, determine and implement appropriate portfolio adjustments, review brokers/dealers and independent training sources, oversee the College District's investment adviser, monitor compliance with the Investment Policy and Investment Strategy Statement, and perform other duties as necessary to manage the College District's funds.

**Approved
Investment
Instruments**

From those investments authorized by law and described further in CAK(LEGAL) under Authorized Investments, the Board shall permit investment of College District funds, including bond proceeds and pledged revenue to the extent allowed by law, in only the following investment types, consistent with the strategies and maturities defined in this policy:

1. Obligations of, or guaranteed by, governmental entities as permitted by Government Code 2256.009.
2. Certificates of deposit and share certificates, and other financial institution deposits, as permitted by Government Code 2256.010.

**Prohibited
Investments**

In accordance with Texas state law, the following are not authorized investments:

1. Obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal;

2. Obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and bears no interest;
3. Collateralized mortgage obligations that have a stated final maturity date of greater than 10 years; and
4. Collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

Safety

The primary goal of the investment program is to ensure safety of principal, to maintain liquidity, and to maximize financial returns within current market conditions in accordance with this policy. Investments shall be made in a manner that ensures the preservation of capital in the overall portfolio.

The College District shall seek to control the risk of loss due to failure of an investment issuer by monitoring the ratings of portfolio positions to ensure compliance with the rating requirements imposed by the PFIA.

The purchase of individual securities shall be executed by "delivery versus payment" (DVP). By doing so, College District funds shall not be released until the College District has received the securities purchased.

**Investment
Management**

In accordance with Government Code 2256.005(b)(3), the quality and capability of investment management for College District funds shall be in accordance with the standard of care, investment training, and other requirements set forth in Government Code Chapter 2256.

Training

The investment officers shall accumulate not less than five hours of instruction within the first 12 months after taking office or assuming duties. The investment officer shall prepare a report on any changes in the Act and deliver the report to the Board of not later than the 180th day after the last day of each regular session of the legislature.

To ensure qualified and capable investment management, the investment officers shall receive investment training not less than once each state fiscal biennium and accumulate not less than five hours of instruction relating to investment responsibilities that addresses investment controls, security risks, strategy risks, market

risks, diversification of investment portfolio and compliance with the Act. The investment training shall be provided by the following approved training sources: the Coordinating Board, the Government Finance Officers Association of Texas, the Government Treasurers' Organization of Texas, the Texas Municipal League, Texas Association of Community College Business Officers, Councils of Government, or the University of North Texas Center for Public Management.

Liquidity and Maturity

The College District's investment portfolio shall have sufficient liquidity to meet anticipated cash flow requirements. Liquidity shall be achieved by investing in securities with active secondary markets and by maintaining minimum balances in financial institution deposits, eligible MMMFs, and LGIPs.

An investment may be liquidated to meet unanticipated cash requirements, to re-deploy cash into other investments expected to outperform current holdings, or to otherwise adjust the portfolio.

Diversity

The investment portfolio shall be diversified in terms of investment instruments, maturity scheduling, and financial institutions to reduce risk of loss resulting from overconcentration of assets in a specific class of investments, specific maturity, or specific issuer.

Monitoring Market Prices

The investment officers shall monitor the investment portfolio and shall keep the Board informed of significant changes in the market value of the College District's investment portfolio. Information sources may include financial/investment publications and electronic media, available software for tracking investments, depository banks, commercial or investment banks, financial advisers, and representatives/advisers of investment pools or money market funds. Monitoring shall be done at least quarterly, as required by law, and more often as economic conditions warrant by using appropriate reports, indices, or benchmarks for the type of investment.

Monitoring Rating Changes

In accordance with Government Code 2256.005(b), the investment officers shall develop a procedure to monitor changes in investment ratings and to liquidate investments that do not maintain satisfactory ratings.

Collateralization

Consistent with the requirements of state law, the College District requires all banks, savings banks, and credit union deposits to be federally insured or collateralized with eligible obligations. Financial institutions serving as College District depositories shall be required to sign an agreement with the College District in compliance with federal regulations. The agreement shall require compliance with the PFIA and this investment policy, establish an independent custodian for all pledged collateral, define the eligible collateral and

the College District's rights to the collateral in case of default, bankruptcy, or closing, and establish a perfected security interest in compliance with federal and state regulations. The agreement shall:

- Be in writing;
- Be executed by the depository and the College District contemporaneously with the acquisition of the asset;
- Be approved by resolution of the Board or the designated committee of the depository and a copy of the meeting minutes or resolution reference shall be delivered to the College District; and
- Be part of the depository's "official record" continuously since its execution.

Allowable Collateral	For financial institution deposits, the eligible types of collateralization of deposits are defined by the "Public Funds Collateral Act" (Chapter 2257, Texas Government Code). The eligibility of specific issues may at times be restricted or prohibited, at the sole discretion of the College District.
Collateral Levels	For financial institution deposits, the market value of securities pledged as collateral for deposits shall at all times be equal to or greater than 102 percent of the par value of the deposit plus accrued interest, less the amount insured by the FDIC or the National Credit Union Share Insurance Fund or their successors. The depository shall be liable for monitoring and maintaining the collateral and collateral margins at all times. Letters of credit shall at all times be equal to or greater than 100 percent of the total value of the deposits plus anticipated interest income, less the applicable level of FDIC insurance. A deposit-specific letter of credit shall expire not less than two business days after the anticipated deposit withdrawal.
Monitoring Collateral Adequacy	For financial institution deposits, the College District requires monthly reports with market values of pledged securities for all financial institutions with which the College District has collateralized deposits. The bank shall be responsible and liable for monitoring and maintaining the collateral and collateral margins on a daily basis and for reporting these activities monthly. The College District shall regularly monitor the adequacy of collateral.
Additional Collateral	If the market value of the securities pledged as collateral for a deposit fall below 102 percent, or 100 percent for letters of credit, of the par value of the deposit plus accrued interest, less FDIC or National Credit Union Share Insurance, the institution shall be notified by the College District and shall be required to pledge additional

	collateral no later than the end of the next succeeding business day.
Collateral Substitution	Collateralized deposits often require substitution of securities. Any financial institution requesting substitution must contact the investment officers for approval and settlement. The substituted security's value will be calculated, and substitution approved if the substitution maintains a pledged value equal to or greater than the required security level. An investment officer must provide written notification of the decision to the bank or the safekeeping agent holding the security prior to any security release. Substitution is allowable for all transactions, but should be limited, if possible, to minimize potential administrative problems and transfer expense. The investment officers may limit substitution and assess appropriate fees if substitution becomes excessive or abusive.
Funds / Strategies	Investments of the following fund categories shall be consistent with this policy and in accordance with the applicable strategy defined below. All strategies described below for the investment of a particular fund should be based on an understanding of the suitability of an investment to the financial requirements of the College District and consider preservation and safety of principal, liquidity, marketability of an investment if the need arises to liquidate before maturity, diversification of the investment portfolio, and yield.
Operating Funds	Investment strategies for operating funds (including any commingled pools containing operating funds) shall have as their primary objectives preservation and safety of principal, investment liquidity, and maturity sufficient to meet anticipated cash flow requirements. The dollar weighted average maturity shall be less than 365 days, and the maximum allowable maturity shall be two years for any investment type.
Debt Service Funds	Investment strategies for debt service funds shall have as their primary objective sufficient investment liquidity to timely meet debt service payment obligations in accordance with provisions in the bond documents. Investments purchased shall not have a stated final maturity date that exceeds the next unfunded debt service payment date.
Capital Project Funds	Investment strategies for capital project funds shall have as their primary objective sufficient investment liquidity to timely meet capital project obligations. The stated final maturity dates of investment held should not exceed the estimated project completion date.
Safekeeping and Custody	The College District shall retain clearly marked receipts providing proof of the College District's ownership or pledge. The College District may delegate, however, to an investment pool the authority

	to hold legal title as custodian of investments purchased with College District funds by the investment pool.
Safekeeping Agreement	The College District shall contract with a third-party financial institution for the safekeeping of securities owned by the College District as part of its investment portfolio.
Custody of Collateral	All collateral securing financial institution deposits shall be held by an independent, third-party financial institution approved by the College District, a Federal Home Loan Bank, or the Federal Reserve Bank.
Brokers / Dealers	Securities shall only be purchased from those institutions included on the College District's list of brokers/dealers reviewed and approved by the Board at least annually. Representatives of brokers/dealers shall be registered with the Texas State Securities Board and must have membership in the Securities Investor Protection Corporation (SIPC) and be in good standing with the Financial Industry Regulatory Authority (FINRA).
Competitive Bidding	The College District shall require competitive bidding for all individual certificate of deposit and security purchases except for those transactions with financial institution money market accounts, MMMFs, and LGIPs, which are deemed to be made at prevailing market rates, and for government securities purchased at issue through a dealer at auction price. Rather than relying solely on yield, investment in financial institution deposits, MMMFs, and LGIPs shall be based on criteria determined by the investment officers, including adherence to SEC guidelines for MMMFs when appropriate. Bids/offers may be solicited either orally, in writing, electronically, or in any combination of those methods. At least three bidders shall be contacted in all transactions involving individual securities. For those situations where it may be impractical or unreasonable to receive three bids for a transaction due to a rapidly changing market environment or to secondary market availability, documentation of a competitive market survey of comparable securities or an explanation of the specific circumstance must be included with the transaction quote/bid sheet. All bids received shall be documented and filed for auditing purposes.
Interest Rate Risk	To reduce exposure to changes in interest rates that could adversely affect the value of investments, the College District shall use final and weighted-average-maturity limits and diversification.
Internal Controls	A system of internal controls shall be established and documented in writing and must include specific procedures designating who has authority to withdraw funds. Also, they shall be designed to protect against losses of public funds arising from fraud, employee

error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the College District. Controls deemed most important shall include:

1. Separation of transaction authority from accounting and recordkeeping and electronic transfer of funds.
2. Avoidance of collusion.
3. Custodial safekeeping.
4. Clear delegation of authority.
5. Written confirmation of telephone transactions.
6. Documentation of quotations and bids, evaluations, transactions, and rationale.
7. Avoidance of bearer-form securities.

<i>Notification of the Outcome</i>	Absent extenuating circumstances, such as a request by a law enforcement or regulatory agency for the College District to delay its investigation, the investigation should be completed within 10 College District business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.
College District Action	The investigator shall prepare a written report of the investigation. The report shall be filed with the College District official overseeing the investigation.

Corrective Action	Examples of corrective action may include a training program for those involved in the complaint, a comprehensive education program for the College District community, counseling for the victim and the student who engaged in prohibited conduct, follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred, involving students in efforts to identify problems and improve the College District climate, increasing staff monitoring of areas where prohibited conduct has occurred, and reaffirming the College District's policy against discrimination and harassment.

Confidentiality	To the greatest extent possible, the College District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

After the law enforcement or regulatory agency has completed gathering its evidence, the College District shall promptly resume its investigation.

**Concluding the
Investigation**

Absent extenuating circumstances, such as a request by a law enforcement or regulatory agency for the College District to delay its investigation, the investigation should be completed within 10 College District business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.

The investigator shall prepare a written report of the investigation. The report shall be filed with the College District official overseeing the investigation.

General Provisions

Filing

Employees shall file grievances and appeals in writing with the Office of Human Resources (OHR). While the College District provides an appropriate form in electronic format, employees may also submit written documents or emails as attachments to support their filing via email or hand deliver the form to the OHR.

The employee complaint form must include the following information:

1. A clear explanation of the employee's specific concern;
2. A description of how the employee's employment has been affected; and
3. A description of the relief the employee is seeking.

An employee shall file a grievance within 10 business days of the date the employee first knew, or with reasonable diligence should have known, of the decision or action giving rise to the grievance.

Employees may file complaints and supporting documentation electronically via the College District's complaint submission webpage. Electronic filings shall be timely if the OHR receives the filing by the close of business on the deadline, as indicated by the date/time shown on the electronic communication.

The employee shall attach copies of any documents that support the grievance to the complaint form. If the employee does not have copies, the employee may present the original documents at the Level One conference. After the Level One conference, the employee may not submit new documents unless the employee did not know the documents existed before the Level One conference.

The College District may dismiss any grievance form that an employee submits as incomplete in any material aspect. The employee may refile the grievance with all the required information if the refiling is within five business days of the dismissal.

**Scheduling
Conferences**

The College District shall make reasonable attempts, including no fewer than three, to schedule conferences at a mutually agreeable time. If the employee fails to appear at a scheduled conference, the College District may hold the conference and issue a decision in the employee's absence.

Response

At Levels One and Two, "response" shall mean a written communication to the employee. Responses may be hand-delivered, sent by electronic communication to the employee's email address of record, or sent by U.S. Mail to the employee's mailing address of record. Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.

Days

"Days" shall mean College District business days, unless otherwise noted. In calculating timelines under this policy, the day a document is filed is "day zero." The following business day is "day one." A College District business day is defined as a day that the College District at large is open and conducting business.

Representative

"Representative" means any person or an organization that is designated by the employee to represent him or her in the complaint process.

The employee may designate a representative through written notice at any level of this process. If the employee provides less than two days' notice to the College District before a scheduled conference, the College District may reschedule the conference to a later date, if desired, to allow time to consult with its counsel.

The College District may be represented by counsel at any level of the process only in the event the grievant is represented or the grievant themselves is a licensed attorney. In such cases, the College District will provide at least two days' notice to the employee if it intends to have legal counsel present at a conference.

**Consolidating
Complaints**

Complaints arising out of an event or a series of related events shall be addressed in one complaint. Employees shall not file separate or serial complaints arising from any event or series of events that have been or could have been addressed in a previous complaint.

When two or more complaints are sufficiently similar in nature and remedy sought to permit their resolution through one proceeding, the College District may consolidate the complaints.

Time Limits and Cost All time limits shall be strictly complied with, unless extended by mutual written consent signed by both parties or by extenuating circumstances that are properly documented with the OHR and shared with both parties. Each party shall pay its own costs incurred during the course of the grievance, including attorney fees.

Grievance Process

Level One

*Immediate
Supervisor*

The Level One supervisor shall be the lowest level supervisor or designee in the employee's chain of command with the authority to remedy the alleged problem. If that supervisor is the vice president in the employee's chain of command or the College President, the grievance procedure shall begin at Level Two, as appropriate.

The Level One procedure is as follows:

1. Upon receipt of the grievance, the OHR shall review the submission and may request clarification from the employee, if necessary. Once the OHR has completed its review, the grievance shall be forwarded to the immediate supervisor, who shall investigate as needed and schedule a conference with the employee within 15 business days of receiving the grievance from the OHR.
2. The supervisor may set reasonable time limits for the conference. The supervisor may issue a decision on the basis of the written complaint in instances where an employee is unwilling to conference with the Level One supervisor.
3. Absent extenuating circumstances, the supervisor shall provide the employee a written response within 15 business days following the conference stating whether the grievance is being granted or not. If the grievance is being granted, the supervisor will inform the employee whether the relief requested is being granted either in whole or in part or whether an alternate form of relief is being offered. In reaching a decision, the supervisor may consider information provided at the grievance conference and any other relevant documents or information the supervisor believes will help resolve the grievance.
4. The supervisor shall forward to the OHR or designee:
 - a. All documents submitted by the employee at Level One, if applicable;
 - b. The written response issued at Level One, if any, and any attachments; and
 - c. All other documents relied upon by the Level One supervisor in reaching the Level One decision.

Level Two
Vice President

If the employee did not receive the relief requested at Level One or if the time for a response from the Level One supervisor has expired, the employee may request a conference with the vice president or designee to appeal the Level One decision.

The appeal notice must be filed in writing, on a form provided by the College District, within 10 business days of the date of the written Level One response or, if no response was received, within 15 business days of the Level One response deadline.

After receiving notice of the appeal, the Level One supervisor shall forward to the Level Two administrator:

1. The original complaint form and any attachments;
2. All other documents submitted by the employee at Level One;
3. The written response issued at Level One, if any, and any attachments; and
4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator may schedule a conference within 15 business days after the appeal notice is filed. The conference shall be limited to the issues and documents presented by the employee at Level One and identified in the Level Two appeal notice. At the conference, the employee may provide information concerning any documents or information made part of the Level One conference. The Level Two administrator may set reasonable time limits for the conference.

The Level Two administrator shall provide the employee a written response within 20 business days following the conference or 20 business days after the appeal notice is received. In reaching a decision, the Level Two administrator may consider information provided at the Level One conference, information provided at the Level Two conference, and any other relevant documents or information the Level Two administrator believes will help resolve the complaint. The employee complaint decision of the vice president is final and not appealable under this policy.

College President

In instances where the respective department does not have a vice president, the employee may present the written complaint to the College President. A complaint concerning the proposed termination of an at-will employee may be presented to the College President if the employee has alleged retaliation, harassment, or discrimination in the complaint.

If the complaint is not resolved to the employee's satisfaction at Level One, and if the employee's supervisor is a vice president or the employee's respective department does not have a vice president, the employee may present the complaint to the College President. The complaint shall be submitted to the College President not later than 10 business days from the date of the decision at Level One. The employee shall provide a clear and concise statement detailing the reason(s) why the Level One decision was not acceptable to the employee.

The College President may consult with the executive director of human resources or designee and shall, not later than 20 business days following receipt of the complaint, issue a written decision, which shall be mailed and/or emailed to the employee. The decision of the College President may grant or deny the remedy being requested by the employee, or offer an alternative resolution. The employee complaint decision of the College President is final and not appealable under this policy.

Public Comment to the Board

Nothing in this policy precludes an employee who has exhausted the procedures in this policy from addressing the Board of Trustees at the next regular public meeting in accordance with the provision for hearing citizens. The Board is not required to take any action concerning a grievance but will listen to the employee's concerns. [See BDB]

Proposed Termination of an At-Will Employee

An at-will employee who is proposed for termination may file a complaint concerning the proposed termination directly with the College President, bypassing Level One and Level Two (vice president), if the employee's complaint alleges that the proposed termination constitutes retaliation, harassment, or discrimination. A complaint concerning the proposed termination of an at-will employee may be presented to the College President within three working days from the date the employee was informed of the proposed termination. The decision of the College President is final and not appealable under this policy.

Retaliation

Neither the Board nor any College District employee shall retaliate against an employee for bringing a concern or complaint.

The College District prohibits retaliation against an employee who files a complaint or grievance under this policy, serves as a witness, or otherwise participates in an investigation. The provisions of the policy do not extend into a due process procedure.

The policy is an internal procedure designed to provide employees with the opportunity to address complaints.

**Other Grievance
Provisions**

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor is it intended to create constitutional due process rights or to require a full evidentiary hearing or “mini-trial” at any level.

Employees who have identical grievances and who seek the same remedy may jointly file a group grievance. A group grievance must be signed by all of the employees in a group and be presented by a representative of the group. The grievance must identify the person acting as the representative of the group. The group representative may be one of the employees in the group or some other person or entity chosen by the group. Any communications regarding the grievance between the College District and the employee group and any decision regarding disposition of the grievance shall be made through the group representative only.

Nothing in this policy shall be construed to prevent the College District from addressing employee conduct that violates College District policies, procedures, or standards of conduct.

Malicious, false, or frivolous complaints are a violation of the College District's standards of conduct and may be cause for corrective action.

Any supervisor or management official with responsibility for hearing a grievance at Level One or Level Two who knowingly fails to conduct a conference with the grievant within the time period prescribed by this policy may be subject to disciplinary action up to and including termination.

Employee Grievances	College District employees have the right to present grievances concerning their wages, hours of employment, or conditions of work, either individually or through a representative. Employees can seek to redress a grievance by filing a complaint in accordance with this policy.
Guiding Principles	
Informal Process	<p>The Board highly encourages employees to discuss their concerns with their supervisor, or employee's chain of command who has the authority to address the concerns. Chain of command is defined as an employee's immediate supervisor, and each successive level of leadership up the administrative hierarchy (e.g., Manager, Director, Chair, Dean, VP).</p> <p>Concerns should be expressed as soon as possible to allow for open dialogue and early resolution at the lowest possible supervisory level.</p> <p>Even after initiating the formal grievance process, the College District encourages employees to seek informal resolution of concerns. An employee whose concerns are resolved may withdraw a formal grievance at any time. Informal resolution should not extend any deadlines in this policy, except by mutual written consent.</p> <p>Informal resolution does not require the completion of the paper or electronic DGBA (Local) Employee Complaint Form, nor will it be submitted to HR.</p>
Definition	A complaint or grievance is defined as an unresolved issue concerning an employee's wages, hours of employment, unlawful dismissal/contract termination, or conditions of work.
	In this policy, the terms "complaint" and "grievance" shall have the same meaning.
Notification of Rights	<p>The College District shall inform employees of this policy through appropriate College District publications.</p> <p>The processes described in this policy shall not create new or additional rights beyond those granted by law or other Board policies.</p>
Whistleblower Complaints	Employees shall file whistleblower complaints within the time specified by law. Such complaints shall first be filed in accordance with initiating grievances at Level Two, below. Timelines for the employee and the College District set out in this policy may be shortened to allow the College President to make a final decision within 60 days of the initiation of the complaint. [See DG(LEGAL)]
Complaints Against College President or Board Member	Complaints alleging a violation of law or policy by the College President or a Board member may be made to the Board Chair, or to the Vice Chair if the complaint is against the Board Chair.

The Chair or Vice Chair will undertake a process to resolve the complaint and share the complaint with the rest of the board within 24 hours. The Chair or Vice Chair may use College Attorneys to share the complaint with the rest of the board and determine whether or not a special meeting needs to be called.

The Chair or Vice Chair may initiate an independent investigation of a written complaint after receiving approval from a majority of the Board. Upon approval, the Chair or Vice Chair shall consult with Board Counsel, and then name an independent third party approved by the Board to investigate the complaint within the parameters set by the Board. Further, the Chair or Vice Chair shall provide regular updates to the Board through the named investigator.

If the investigation finds that a Board member has violated a law or College District policy, the Board can reprimand or censure the Board member, or apply any other sanction available under Texas law. If the investigation finds that the College President has violated a law or College District policy, the Board can take appropriate disciplinary action, up to and including termination of employment.

Other Complaint Processes

Employees shall file complaints according to the procedures established by the College President, in accordance with Board policies, except as required by law. For complaints protected by law within this policy, employees shall file according to the policies listed below. Some of these policies require appeals to be submitted in accordance with DGBA(LOCAL) after the relevant complaint process:

1. Complaints alleging discrimination, including violations of Title IX (gender), Title VII (sex, race, color, religion, national origin), ADEA (age), or Section 504 (disability). [See DIAA and DIAB]
2. Complaints alleging certain forms of harassment, including harassment by a supervisor and violations of Title VII. [See DIAA and DIAB]
3. Complaints concerning retaliation relating to discrimination and harassment. [See DIAA and DIAB]
4. Complaints concerning a commissioned peace officer who is an employee of the College District. [See CHA]
5. Complaints concerning an employment preference for former foster children. [See DC]
6. Complaints arising from the dismissal of term contract faculty members. [See DMAA]

7. Complaints concerning the nonrenewal or termination of term contract faculty members. [See DMAB]

General Provisions

Filing

Employees shall file grievances and appeals in writing with the Office of Human Resources (OHR). While the College District provides an appropriate form in electronic format, employees may also submit written documents or emails as attachments to support their filing via email or hand deliver the form to the OHR.

The employee complaint form must include the following information:

1. A clear explanation of the employee's specific concern;
2. A description of how the employee's employment has been affected; and
3. A description of the relief the employee is seeking.

An employee shall file a grievance within 10 business days of the date the employee first knew, or with reasonable diligence should have known, of the decision or action giving rise to the grievance.

Employees may file complaints and supporting documentation electronically via the College District's complaint submission webpage. Electronic filings shall be timely if the OHR receives the filing by the close of business on the deadline, as indicated by the date/time shown on the electronic communication.

The employee shall attach copies of any documents that support the grievance to the complaint form. If the employee does not have copies, the employee may present the original documents at the Level One conference. After the Level One conference, the employee may not submit new documents unless the employee did not know the documents existed before the Level One conference.

The College District may dismiss any grievance form that an employee submits as incomplete in any material aspect. The employee may refile the grievance with all the required information if the refiling is within five business days of the dismissal.

**Scheduling
Conferences**

The College District shall make reasonable attempts, including no fewer than three, to schedule conferences at a mutually agreeable time. If the employee fails to appear at a scheduled conference, the College District may hold the conference and issue a decision in the employee's absence.

Response

At Levels One and Two, "response" shall mean a written communication to the employee. Responses may be hand-delivered, sent by electronic communication to the employee's email address of record, or sent by U.S. Mail to the employee's mailing address of

record. Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.

Days “Days” shall mean College District business days, unless otherwise noted. In calculating timelines under this policy, the day a document is filed is “day zero.” The following business day is “day one.” A College District business day is defined as a day that the College District at large is open and conducting business.

Representative “Representative” means any person or an organization that is designated by the employee to represent him or her in the complaint process.

The employee may designate a representative through written notice at any level of this process. If the employee provides less than two days’ notice to the College District before a scheduled conference, the College District may reschedule the conference to a later date, if desired, to allow time to consult with its counsel.

The College District may be represented by counsel at any level of the process only in the event the grievant is represented or the grievant themselves is a licensed attorney. In such cases, the College District will provide at least two days’ notice to the employee if it intends to have legal counsel present at a conference.

Consolidating Complaints Complaints arising out of an event or a series of related events shall be addressed in one complaint. Employees shall not file separate or serial complaints arising from any event or series of events that have been or could have been addressed in a previous complaint.

When two or more complaints are sufficiently similar in nature and remedy sought to permit their resolution through one proceeding, the College District may consolidate the complaints.

Time Limits and Cost All time limits shall be strictly complied with, unless extended by mutual written consent signed by both parties or by extenuating circumstances that are properly documented with the OHR and shared with both parties. Each party shall pay its own costs incurred during the course of the grievance, including attorney fees.

Grievance Process The Level One supervisor shall be the lowest level supervisor or designee in the employee’s chain of command with the authority to remedy the alleged problem. If that supervisor is the vice president in the employee’s chain of command or the College President, the grievance procedure shall begin at Level Two, as appropriate.

The Level One procedure is as follows:

1. Upon receipt of the grievance, the OHR shall review the submission and may request clarification from the employee, if necessary. Once the OHR has completed its review, the grievance shall be forwarded to the immediate supervisor, who shall investigate as needed and schedule a conference with the employee within 15 business days of receiving the grievance from the OHR.
2. The supervisor may set reasonable time limits for the conference. The supervisor may issue a decision on the basis of the written complaint in instances where an employee is unwilling to conference with the Level One supervisor.
3. Absent extenuating circumstances, the supervisor shall provide the employee a written response within 15 business days following the conference stating whether the grievance is being granted or not. If the grievance is being granted, the supervisor will inform the employee whether the relief requested is being granted either in whole or in part or whether an alternate form of relief is being offered. In reaching a decision, the supervisor may consider information provided at the grievance conference and any other relevant documents or information the supervisor believes will help resolve the grievance.
4. The supervisor shall forward to the OHR or designee:
 - a. All documents submitted by the employee at Level One, if applicable;
 - b. The written response issued at Level One, if any, and any attachments; and
 - c. All other documents relied upon by the Level One supervisor in reaching the Level One decision.

Level Two
Vice President

If the employee did not receive the relief requested at Level One or if the time for a response from the Level One supervisor has expired, the employee may request a conference with the vice president or designee to appeal the Level One decision.

The appeal notice must be filed in writing, on a form provided by the College District, within 10 business days of the date of the written Level One response or, if no response was received, within 15 business days of the Level One response deadline.

After receiving notice of the appeal, the Level One supervisor shall forward to the Level Two administrator:

1. The original complaint form and any attachments;
2. All other documents submitted by the employee at Level One;

3. The written response issued at Level One, if any, and any attachments; and
4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator may schedule a conference within 15 business days after the appeal notice is filed. The conference shall be limited to the issues and documents presented by the employee at Level One and identified in the Level Two appeal notice. At the conference, the employee may provide information concerning any documents or information made part of the Level One conference. The Level Two administrator may set reasonable time limits for the conference.

The Level Two administrator shall provide the employee a written response within 20 business days following the conference or 20 business days after the appeal notice is received. In reaching a decision, the Level Two administrator may consider information provided at the Level One conference, information provided at the Level Two conference, and any other relevant documents or information the Level Two administrator believes will help resolve the complaint. The employee complaint decision of the vice president is final and not appealable under this policy. However, if the complaint started at Level Two, the decision of the Vice President may be appealed in accordance with this policy.

College President A complaint concerning the proposed termination of an at-will employee may be presented to the College President if the employee has alleged retaliation, harassment, or discrimination in the complaint.

If the complaint is not resolved to the employee's satisfaction at Level Two, and if the employee's supervisor is a vice president or the employee's respective department does not have a vice president, the employee may present the complaint to the College President. The complaint shall be submitted to the College President not later than 10 business days from the date of the decision at Level One. The employee shall provide a clear and concise statement detailing the reason(s) why the Level One decision was not acceptable to the employee.

The College President may consult with the executive director of human resources or designee and shall, not later than 20 business days following receipt of the complaint, issue a written decision, which shall be mailed and/or emailed to the employee. The decision of the College President may grant or deny the remedy being requested by the employee, or offer an alternative resolution. The

employee complaint decision of the College President is final and not appealable under this policy.

Public Comment to the Board

Nothing in this policy precludes an employee who has exhausted the procedures in this policy from addressing the Board of Trustees at the next regular public meeting in accordance with the provision for hearing citizens. The Board is not required to take any action concerning a grievance but will listen to the employee's concerns. [See BDB]

Proposed Termination of an At-Will Employee

An at-will employee who is proposed for termination may file a complaint concerning the proposed termination directly with the College President, bypassing Level One and Level Two (vice president), if the employee's complaint alleges that the proposed termination constitutes retaliation, harassment, or discrimination. A complaint concerning the proposed termination of an at-will employee may be presented to the College President within three working days from the date the employee was informed of the proposed termination. The decision of the College President is final and not appealable under this policy.

Retaliation

Neither the Board nor any College District employee shall retaliate against an employee for bringing a concern or complaint.

The College District prohibits retaliation against an employee who files a complaint or grievance under this policy, serves as a witness, or otherwise participates in an investigation. The provisions of the policy do not extend into a due process procedure.

The policy is an internal procedure designed to provide employees with the opportunity to address complaints.

Other Grievance Provisions

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor is it intended to create constitutional due process rights or to require a full evidentiary hearing or "mini-trial" at any level.

Employees who have identical grievances and who seek the same remedy may jointly file a group grievance. A group grievance must be signed by all of the employees in a group and be presented by a representative of the group. The grievance must identify the person acting as the representative of the group. The group representative may be one of the employees in the group or some other person or entity chosen by the group. Any communications regarding the grievance between the College District and the employee group and any decision regarding disposition of the grievance shall be made through the group representative only.

Nothing in this policy shall be construed to prevent the College District from addressing employee conduct that violates College District policies, procedures, or standards of conduct.

Malicious, false, or frivolous complaints are a violation of the College District's standards of conduct and may be cause for corrective action.

Any supervisor or management official with responsibility for hearing a grievance at Level One or Level Two who knowingly fails to conduct a conference with the grievant within the time period prescribed by this policy may be subject to disciplinary action up to and including termination.

Level One

*Immediate
Supervisor*

The Level One supervisor shall be the lowest level supervisor or designee in the employee's chain of command with the authority to remedy the alleged problem. The Level One procedure is as follows:

1. Upon receipt of the grievance, the OHR shall review the submission and may request clarification from the employee, if necessary. Once the OHR has completed its review, the grievance shall be forwarded to the immediate supervisor, who shall investigate as needed and schedule a conference with the employee within 15 business days of receiving the grievance from the OHR.
2. The supervisor may set reasonable time limits for the conference. The supervisor may issue a decision on the basis of the written complaint in instances where an employee is unwilling to conference with the Level One supervisor.
3. Absent extenuating circumstances, the supervisor shall provide the employee a written response within 15 business days following the conference stating whether the grievance is being granted or not. If the grievance is being granted, the supervisor will inform the employee whether the relief requested is being granted either in whole or in part or whether an alternate form of relief is being offered. In reaching a decision, the supervisor may consider information provided at the grievance conference and any other relevant documents or information the supervisor believes will help resolve the grievance.
4. The supervisor shall forward to the OHR or designee:
 - a. All documents submitted by the employee at Level One, if applicable;
 - b. The written response issued at Level One, if any, and any attachments; and
 - c. All other documents relied upon by the Level One supervisor in reaching the Level One decision.

Level Two

Vice President

If the employee did not receive the relief requested at Level One or if the time for a response from the Level One supervisor has expired, the employee may request a conference with the vice president or designee to appeal the Level One decision.

The appeal notice must be filed in writing, on a form provided by the College District, within 10 business days of the date of the written Level One response or, if no response was received, within 15 business days of the Level One response deadline.

After receiving notice of the appeal, the Level One supervisor shall forward to the Level Two administrator:

1. The original complaint form and any attachments;
2. All other documents submitted by the employee at Level One;
3. The written response issued at Level One, if any, and any attachments; and
4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator may schedule a conference within 15 business days after the appeal notice is filed. The conference shall be limited to the issues and documents presented by the employee at Level One and identified in the Level Two appeal notice. At the conference, the employee may provide information concerning any documents or information made part of the Level One conference. The Level Two administrator may set reasonable time limits for the conference.

The Level Two administrator shall provide the employee a written response within 20 business days following the conference or 20 business days after the appeal notice is received. In reaching a decision, the Level Two administrator may consider information provided at the Level One conference, information provided at the Level Two conference, and any other relevant documents or information the Level Two administrator believes will help resolve the complaint. The employee complaint decision of the vice president is final and not appealable under this policy. **However, if the complaint started at Level Two, the decision of the Vice President may be appealed in accordance with this policy.**

College President

~~In instances where the respective department does not have a vice president, the employee may present the written complaint to the College President.~~ A complaint concerning the proposed termination of an at-will employee may be presented to the College President if the employee has alleged retaliation, harassment, or discrimination in the complaint.

If the complaint is not resolved to the employee's satisfaction at Level ~~One~~**Two**, and if the employee's supervisor is a vice president or the employee's respective department does not have a vice president, the employee may present the complaint to the College

President. The complaint shall be submitted to the College President not later than 10 business days from the date of the decision at Level One. The employee shall provide a clear and concise statement detailing the reason(s) why the Level One decision was not acceptable to the employee.

The College President may consult with the executive director of human resources or designee and shall, not later than 20 business days following receipt of the complaint, issue a written decision, which shall be mailed and/or emailed to the employee. The decision of the College President may grant or deny the remedy being requested by the employee, or offer an alternative resolution. The employee complaint decision of the College President is final and not appealable under this policy.

Public Comment to the Board

Nothing in this policy precludes an employee who has exhausted the procedures in this policy from addressing the Board of Trustees at the next regular public meeting in accordance with the provision for hearing citizens. The Board is not required to take any action concerning a grievance but will listen to the employee's concerns. [See BDB]

Proposed Termination of an At-Will Employee

An at-will employee who is proposed for termination may file a complaint concerning the proposed termination directly with the College President, bypassing Level One and Level Two (vice president), if the employee's complaint alleges that the proposed termination constitutes retaliation, harassment, or discrimination. A complaint concerning the proposed termination of an at-will employee may be presented to the College President within three working days from the date the employee was informed of the proposed termination. The decision of the College President is final and not appealable under this policy.

Retaliation

Neither the Board nor any College District employee shall retaliate against an employee for bringing a concern or complaint.

The College District prohibits retaliation against an employee who files a complaint or grievance under this policy, serves as a witness, or otherwise participates in an investigation. The provisions of the policy do not extend into a due process procedure.

The policy is an internal procedure designed to provide employees with the opportunity to address complaints.

Other Grievance Provisions

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor is it intended to create constitutional due process rights or to require a full evidentiary hearing or "mini-trial" at any level.

Employees who have identical grievances and who seek the same remedy may jointly file a group grievance. A group grievance must be signed by all of the employees in a group and be presented by a representative of the group. The grievance must identify the person acting as the representative of the group. The group representative may be one of the employees in the group or some other person or entity chosen by the group. Any communications regarding the grievance between the College District and the employee group and any decision regarding disposition of the grievance shall be made through the group representative only.

Nothing in this policy shall be construed to prevent the College District from addressing employee conduct that violates College District policies, procedures, or standards of conduct.

Malicious, false, or frivolous complaints are a violation of the College District's standards of conduct and may be cause for corrective action.

Any supervisor or management official with responsibility for hearing a grievance at Level One or Level Two who knowingly fails to conduct a conference with the grievant within the time period prescribed by this policy may be subject to disciplinary action up to and including termination.

Review and Recommend Action on Internal Audit Charter

Purpose	To approve the Internal Audit Charter for the period of September 1, 2025 through August 31, 2026.
Justification	<p>A change to the language the audit charter is included. The change to the document is highlighted with strikethrough under the 'Organization' section. The change is necessary to reflect that the Internal Auditor will report functionally to the Board of Trustees only. This reporting structure will more accurately reflect our existing practices and more closely align with the College's 'Admin Organizational Chart.'</p> <p>An Internal Audit Charter is required by the Institute of Internal Auditors (IIA) Standards. Specifically, IIA Attribute Standard 1000 states that "The purpose, authority, and responsibility of the internal audit activity must be formally defined in an Internal Audit Charter, consistent with the Definition of Internal Auditing, the Code of Ethics, and the Standards. The chief audit executive must periodically review the Internal Audit Charter and present it to senior management and the board for approval."</p> <p>The Internal Audit Charter is a formal document that defines the internal audit activity's purpose, authority, and responsibility. The charter establishes the internal audit activity's position within the organization, including the nature of the internal auditor's functional reporting relationship with the board; authorizes access to records, personnel, and physical properties relevant to the performance of engagements; and defines the scope of internal audit activities. Final approval of the Internal Audit Charter resides with the board.</p>
	<p>This item was presented at the August 12, 2025, Committee Meeting and was deferred by the Committee Chair to the August 26, 2025 Regular Board Meeting so that all Board members would be available to review and vote. At the August 26, 2025, Regular Board Meeting, the item was not considered, and no action was taken.</p>
	<p>This item was presented at the September 9, 2025, Committee Meeting and was deferred until protocols can be reviewed by the entire Board of Trustees. At the September 23, 2025 Board Meeting, the item was deferred, and no action was taken.</p>

The Board of Trustees of South Texas College approves and authorizes the Internal Audit Charter for the period of September 1, 2025 through August 31, 2026, as presented.

Approval Recommended:

**Dr. Ricardo J. Solis
President**

**SOUTH TEXAS COLLEGE
INTERNAL AUDIT CHARTER
EFFECTIVE SEPTEMBER 1, 2025**

INTRODUCTION

Internal Auditing is an independent and objective assurance and consulting activity that is guided by a philosophy of adding value to improve the operations of the College. It assists the College in accomplishing its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of the organization's risk management, governance, and internal controls.

ROLE

The internal audit function is established by the College Board of Trustees, Finance, Audit, and Human Resources Committee (hereafter referred to as the Board). The internal audit function's responsibilities are defined by the Board as part of their oversight role.

AUTHORITY

The internal audit function, with strict accountability for confidentiality and safeguarding records and information, is authorized full, free, and unrestricted access to any and all of the College's property, records (manual or electronic), and personnel pertinent to carrying out authorized engagements. All employees are requested to assist the internal audit function in fulfilling its roles and responsibilities. The internal audit function will also have free and unrestricted access to executive management and the Board.

INDEPENDENCE & OBJECTIVITY

The internal audit function will remain free from interference by any element in the organization, including matters of audit selection, scope, procedures, frequency, timing, or report content to permit maintenance of a necessary independent and objective mental attitude. Internal auditors will have no direct operational responsibility or authority over any of the activities audited. Accordingly, they will not implement internal controls, develop procedures, install systems, prepare records, or engage in any other activity that may impair the internal auditor's independence or objectivity. Internal auditors are not authorized to perform any operational duties, initiate or approve accounting transactions external to the internal audit function, or direct the activities of any employee not employed by the internal audit function, except to the extent such employees have been appropriately assigned to auditing teams or otherwise assist the internal audit function. Internal auditors must exhibit the highest level of professional objectivity in gathering, evaluating, and communicating information about the activity or process being examined. Internal auditors must make a balanced assessment of all the relevant circumstances and not be unduly influenced by their own interests or by others in forming judgments.

The Internal Auditor will confirm to the Board, at least annually, the organizational independence of the internal audit activity.

INTERNAL AUDIT PLAN

At least annually, the Internal Auditor will submit to senior management and the Board an internal audit plan for review and approval. The internal audit plan will consist of a work schedule as well as budget and resource requirements for the next fiscal year. The Internal Auditor will communicate the impact of resource limitations and significant interim changes to senior management and the Board. The internal audit plan will be developed based on a prioritization of the audit universe using a risk-based methodology, including input of senior management and the Board. The Internal Auditor will review and adjust the plan, as necessary, in response to changes in the College's risks, operations, programs, systems, and internal controls. Significant deviations from the approved internal audit plan will be communicated to the Board.

ORGANIZATION

The Internal Auditor will report functionally to **the President and** the Board and administratively (i.e., day to day operations) to the Vice President of Finance and Administrative Services.

The Board will

- Approve the internal audit charter;
- Approve the risk-based annual audit plan;
- Approve decisions regarding the appointment and removal of the Internal Auditor;
- Approve the remuneration of the Internal Auditor;
- Complete an annual performance appraisal of the Internal Auditor;
- Approve the internal audit budget and resource plan;
- Receive communications from the Internal Auditor on the internal audit activity's performance relative to its plan and other matters; and
- Make appropriate inquiries of management and the Internal Auditor to determine whether there are inappropriate scope or resource limitations.

The Internal Auditor will communicate and interact directly with the Board, including in executive sessions and between Board meetings as appropriate.

SCOPE OF ACTIVIES

Assurance Services are objective examinations of evidence for the purpose of providing an independent assessment. The scope of work for assurance services is to determine whether the College's risk management, governance, and control processes as designed and represented by management, is adequate and functioning in a manner to help ensure:

- Risks are appropriately identified and managed;
- Significant financial, managerial, and operating information is accurate, reliable, and timely;
- Employees' actions are in compliance with policies, standard, procedures, and applicable laws and regulations;
- Resources are acquired economically, used efficiently, and adequately protected;

- Established objectives and goals are met and whether operations or activities are being conducted as planned;
- Quality and continuous improvement are fostered in the institution's control process.

Consulting Services are advisory and include other service activities such as counsel, advice, facilitation, training, and participation on standing or temporary management committees or project teams. The objective of consulting services is to add value in the development or modification of organization processes, procedures, and controls to minimize risk and achieve department objectives. Accepted consulting engagements will be included in the audit plan.

STANDARDS OF AUDIT PRACTICE

The internal audit function will govern itself by adherence to The Institute of Internal Auditors' mandatory guidance including the Definition of Internal Auditing, the Code of Ethics, and the International Standards for the Professional Practice of Internal Auditing (Standards). This mandatory guidance constitutes principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of the internal audit activity's performance. The Institute of Internal Auditors' Practice Advisories, Practice Guides, and Position Papers will also be adhered to as applicable to guide operations. In addition, the internal audit activity will adhere to the College's relevant policies and procedures and the internal audit activity's audit manual.

RESPONSIBILITIES

The Internal Auditor has a responsibility to:

- Develop a flexible, audit plan using an appropriate risk-based methodology, including any risks or control concerns identified by management, and submit that plan to the President, and the Board of Trustees' Finance, Audit, and Human Resources Committee for review and approval as well as periodic updates;
- Implement the annual audit plan, as approved by the Finance, Audit, and Human Resources Committee;
- Issue periodic reports to the President and the Finance, Audit, and Human Resources Committee summarizing results of audit activities, annual audit plans, sufficiency of office resources, and emerging trends and successful practices in internal auditing;
- Review systems to verify compliance with established policy, procedures, and applicable regulations;
- Review compliance with guidelines for ethical professional conduct.
- Maintain a follow-up process to monitor management actions on reported engagement observations and whether recommendations have been effectively implemented;
- Identify indicators of fraud and facilitate the investigation of suspected fraudulent activities within the organization;
- Act as liaison between the College and external auditors, including the review of their findings and the follow-up on necessary corrective action;

RESPONSIBILITIES (Cont.)

- Identify necessary training to improve the knowledge, skills, and competencies necessary for the internal auditors to have sufficient proficiency for auditing with the organization and maintaining professional certifications;
- Obtain competent advice and assistance necessary for the engagement when needed or decline the engagement;
- Ensure that an external review of the internal audit function in accordance with the Standards is conducted at least once every five years.
- Evaluate specific operations at the request of the Finance, Audit, and Human Resources Committee or the President, as appropriate.

QUALITY ASSURANCE AND IMPROVEMENT PROGRAM

The internal audit function will maintain a quality assurance and improvement program that covers all aspects of the internal audit activity. The program will include an evaluation of the internal audit function's conformance with the Definition of Internal Auditing and the IIA Standards and an evaluation of whether internal auditors apply the Code of Ethics. The program also assesses the efficiency and effectiveness of the internal audit function and identifies opportunities for improvement. The Internal Auditor will communicate to senior management and the Board on the internal audit activity's quality assurance and improvement program, including results of ongoing internal assessments and external assessments conducted at least every five (5) years.

The results of internal audit reviews as well as a report on Internal Audit's activities shall be presented to the President, and the Board of Trustees. The report shall include:

- 1) Internal audit finding(s);
- 2) Internal audit recommendation(s);
- 3) Management response(s);
- 4) Date of implementation of audit recommendation(s).

The Internal Auditor verifies corrective action has been taken by management and reports on the corrective action to the Board of Trustees' Finance, Audit, and Human Resources Committee.

b. Approval on Amended Lease Agreement with P&N Shah Family, L.P. for the Cosmetology Program

Purpose To approve a facility lease addendum with P&N Shah Family, L.P. for additional space.

Justification On April 25, 2023, the Board of Trustees authorized a facility lease addendum with P&N Shah Family, L.P. for the College's Cosmetology program. This space provided for specific needs including general classrooms, student common area, cosmetology labs, office spaces, and a dispensary/storage area on site.

Since that time, the STC Cosmetology has thrived in that space, and could benefit from an expansion on site, while the College continues its plans to renovate space at the STC Pecan Plaza.

The program currently serves three active student cohorts, totaling 39 students and up to 45 (15 per cohort). The cosmetology program has been extremely successful, filling up cohorts within a matter of days of opening enrollment. Program growth has reached a point where the primary barrier to expansion is the limited space provided in the current lease. Additionally, due to limited space within the leased facility, the program has been utilizing an off-site storage unit at a cost of \$3,504 annually to store program supplies and equipment.

The program has identified three additional rooms at the existing facility that would directly support program operations, student learning, and faculty needs.

The additional spaces are available as follows:

Room Details and Proposed Use

Room	Square Footage	Intended Use
Room 1	227 sq. ft.	Relocate student open lab and include a student dining area; previous open lab repurposed as adjunct faculty office
Room 2	237 sq. ft.	Additional on-site storage adjacent to existing dispensary; consolidate current lab storage, which will be converted into a faculty office
Room 3	359 sq. ft.	Additional classroom

The lessor will renovate existing spaces to make them generally ready for the College, including new entrance doors, removing unnecessary furniture and cabinets, and repainting walls.

The total additional spaces would increase our footprint by 823 square feet. The proposed lease provides these additional spaces at \$1.75 per rentable square foot per month, which reflects an increase of \$17,283 per year.

If the Board approves this addendum, the total facilities lease agreement would cost \$125,643.00 per year.

The additional space will also allow the College to eliminate an off-site storage lease, saving \$3,504 per year.

Administration has confirmed this expansion will strengthen the cosmetology program by improving operational efficiency, increasing instructional and support capacity, and enhancing both the student and faculty experience. The additional lease costs remain within the program's budget capacity, making this a fiscally responsible proposal that directly benefits student success and program quality.

The addendum would extend the current lease and new cost through December 31, 2028, after which renewal terms may be considered.

The proposed lease amendment has been reviewed by Administration and legal counsel and is recommended for Board approval.

Review and Action as Necessary on the Process for the Selection of On-Call Services from Architects and Engineers

Purpose	To review and take action as necessary on the process for the selection of on-call architectural and engineering services for district-wide construction projects.
Justification	A pre-approved pool of architectural, civil engineering, and mechanical, electrical, and plumbing (MEP) engineering firms reduces the estimated project schedules by eliminating the need to solicit qualifications on a project-by-project basis.
	On September 9, 2025, the Facilities Committee requested information about procurement processes for on-call professional services. College staff have reviewed the processes used by other entities. They are listed in Appendix A.
	In each of the processes reviewed, staff evaluates the firms and ranks them to select the most qualified, as per the Texas Government Code, Chapter 2254: Professional and Consulting Services.
	<p>Sec. 2254.004. CONTRACT FOR PROFESSIONAL SERVICES OF ARCHITECT, ENGINEER, OR SURVEYOR.</p> <p>(a) <i>In procuring architectural, engineering, or land surveying services, a governmental entity shall:</i></p> <p class="list-item-l1">(1) <i>first select the most highly qualified provider of those services on the basis of demonstrated competence and qualifications; and</i></p> <p class="list-item-l1">(2) <i>then attempt to negotiate with that provider a contract at a fair and reasonable price.</i></p> <p class="list-item-l1">(b) <i>If a satisfactory contract cannot be negotiated with the most highly qualified provider of architectural, engineering, or land surveying services, the entity shall:</i></p> <p class="list-item-l2">(1) <i>formally end negotiations with that provider;</i></p> <p class="list-item-l2">(2) <i>select the next most highly qualified provider; and</i></p> <p class="list-item-l2">(3) <i>attempt to negotiate a contract with that provider at a fair and reasonable price.</i></p> <p class="list-item-l1">(c) <i>The entity shall continue the process described in Subsection (b) to select and negotiate with providers until a contract is entered into.</i></p>
